#	RESPONSES	DATE
1	My greatest concern is that the school will not open	6/11/2020 1:13 PM
2	Schools will not reopen until at least January, effecting the academic and extra-curricular programs.	6/11/2020 11:38 AM
3	I hope that we are able to be back in school and are able to play sports as safely as we can	6/11/2020 11:16 AM
4	staying healthy	6/11/2020 9:19 AM
5	Safety and sanitation	6/11/2020 8:20 AM
6	Social distancing	6/10/2020 7:34 PM
7	an outbreak within the school district	6/10/2020 1:45 PM
8	I coach wrestling and the physical closeness with each athlete.	6/10/2020 1:03 PM
9	Starting school year open and then closing.	6/10/2020 11:00 AM
10	Avoiding a second wave of COVID-19	6/10/2020 10:45 AM
11	Being a physical education teacher I'm worried that students won't be able to get a traditional physical education experience (ex. Wearing masks, not using equipment).	6/10/2020 9:47 AM
12	Safety of all students. However, I also fear the lack of structure and stability that a school provides for a child. I think opening is vital to the emotional health of our community.	6/10/2020 8:13 AM
13	2nd wave	6/10/2020 7:23 AM
14	Second wave of COvid - even if adequate measures are taken I. August. I coach a winter sport	6/10/2020 5:42 AM
15	The close proximity of the kids in class and during some specific sports comp	6/9/2020 10:37 PM
16	Kids safe	6/9/2020 9:51 PM
17	My greatest concern is that NYS might not open schools and cancel could athletics when I thinks possible to be smart about handling the virus and continue with education/sports. Its absolutely crucial for the students mental and physical health that they return	6/9/2020 7:59 PM
18	Vaccines and how they will apply	6/9/2020 5:38 PM
19	having the staffing and resources to return to school with all necessary precautions being taken	6/9/2020 3:09 PM
20	Kids not being careful and the inability to social distance themselves in any sport.	6/9/2020 1:55 PM
21	That we will see a resurgence of the virus and the potential for the athletes to get sick.	6/9/2020 1:34 PM
22	I am most concerned with overly restrictive state policies based on political narrative rather than on broad data analysis (statistical data as it pertains to effects upon localities, age groups, etc.).	6/9/2020 1:23 PM
23	My concern is that we will be asked to continue distance learning rather than being in the classroom. Distance learning has not been successful and it is more beneficial to work with students face-to-face.	6/9/2020 1:19 PM
24	A positive safe experience for our athletes to perform in.	6/9/2020 12:57 PM
25	None at all	6/9/2020 12:36 PM
26	Students getting sick	6/9/2020 11:33 AM
27	In between periods changing classes	6/9/2020 11:09 AM
28	I believe my greatest concern will be testing the coaches and athletes.	6/9/2020 11:02 AM
29	Safety for all athletes - I am the varsity girls soccer coach and. I want to provide a season with safety!	6/9/2020 9:56 AM
30	Safety of kids, scheduling of classes in a way that adheres to eliminating exposure	6/9/2020 9:24 AM
31	None, since the CDC and WHO have recently stated that transmission on hard surfaces is highly unlikely and not easily spread, also that the asymptomatic transmission is now false as well.	6/9/2020 9:02 AM

NYSPHSAA COVID-19 Task Force Survey

32	None	6/9/2020 8:39 AM
33	An outbreak of covid	6/9/2020 8:01 AM
34	Keeping students, teachers, coaches and their families safe and healthy.	6/9/2020 12:20 AM
35	The uncertainty of everything	6/9/2020 12:13 AM
36	The ability to keep students and staff safe with social distancing and no vaccine for COVID	6/8/2020 8:48 PM
37	My greatest concern is a second wave of the corona virus hitting, but overall I am not very concerned.	6/8/2020 7:12 PM
38	Keeping the athletes and coaches safe while also being able to have some sort of normalcy when it comes to preparing for our season, holding tryouts and beginning our season.	6/8/2020 5:06 PM
39	I myself don't have any concerns.	6/8/2020 2:50 PM
40	Over compensating	6/8/2020 2:50 PM
41	Students, staff, and parents feeling safe. Also, how do we play a sport with no contact???	6/8/2020 2:48 PM
42	Taking items like sports away from kids in an all or nothing approach.	6/8/2020 2:42 PM
43	Obeying social distancing and wearing masks	6/8/2020 2:40 PM
44	Mandates and guidelines being unrealistic in a school/sport environment. Keeping student athletes busy and active.	6/8/2020 2:19 PM
45	Safety	6/8/2020 1:45 PM
46	Will schools open in the Fall. What rules will be in place and how will they affect sports practice and competition.	6/8/2020 1:44 PM
47	A new wave of the virus in early 2021.	6/8/2020 1:24 PM
48	I have absolutely no concerns in regards to safety. I am concerned if my students don't have athletics, they may continue to deteriorate mentally.	6/8/2020 1:23 PM
49	none	6/8/2020 1:21 PM
50	Not giving school and athletics a chance to start.	6/8/2020 12:59 PM
51	that in NYS especially in our area this cannot be done safely for both students and teachers/coaches. If it is i wonder how much effort has to go into planning just to get in the door. What a mess if this goes south with a large increase in infections to older people in a household the child comes or goes to. what about increase of childrens syndrome? How/why do you compete with another school? There are 10 districts i would not want to have my kids go near at this point.	6/8/2020 12:32 PM
52	New spread.	6/8/2020 12:26 PM
53	Trying to maintain social distancing in a school setting and during athletics	6/8/2020 12:18 PM
54	Over reaction and not opening	6/8/2020 12:06 PM
55	My concerns are more related to time spent in the classroom, during the school day. I think we will need to make accommodations to have safety in mind. But I think it can be done. I do not have concerns with sports. I think we could easily host sports even the current health concerns.	6/8/2020 12:00 PM
56	Athletic participation and which activities will or will not go on	6/8/2020 11:02 AM
57	There is a will for everyone to return, but little change in dangers. Packing students into school and the classroom with no guidance, concrete plans and or protocols leaves nothing but questions marks. Decisions have to be made and open to constructive criticism to decrease the concern.	6/8/2020 11:01 AM
58	Us starting like normal (or as close to normal as possible), and then transitioning back to remote learning in the winter and having it affect indoor and outdoor track.	6/8/2020 10:57 AM
59	The spread of the virus to the whole team.	6/8/2020 10:46 AM
60	Sports - Getting out kids back on the fields competing! But within whatever safety measures	6/8/2020 10:39 AM

NYSPHSAA COVID-19 Task Force Survey

need to take place.

61	Transmission of the Coronavirus. Students not adequately washing hands and the difficulty in maintaining adequate social distance.	6/8/2020 10:16 AM
62	Students, staff, faculty all being on board with the plan to follow specific protocols to limit exposure to covid.	6/8/2020 10:08 AM
63	Just that the locker rooms and personal equipment are cleaned regularly.	6/8/2020 10:08 AM
64	none	6/8/2020 10:00 AM
65	I 100% support social distancing policies, but I'm afraid of the mental health of students going another season with out extracurricular activites.	6/8/2020 9:54 AM
66	Definitive guidelines and safety of everyone. I hope this whole situation was not an overreaction and more things are taken away from the kids.	6/8/2020 9:38 AM
67	My biggest concern is the return to play of all athletes in a safe manner for student athletes and fans.	6/8/2020 9:26 AM
68	Concerned that fall and winter sports will be cancelled altogether.	6/8/2020 9:22 AM
69	The more I read the more I believe this virus is in aerosol form. If someone is infected and they are in your class, unless you have great air circulations they are going to transmit the virus to others.	6/8/2020 9:18 AM
70	another outbreak	6/8/2020 8:59 AM
71	The following of realistic guidelines to keep everyone safe	6/8/2020 8:52 AM
72	Students missing out.	6/8/2020 8:39 AM
73	Having to work remote. Its not healthy for students to be so isolated.	6/8/2020 8:33 AM
74	My greatest concern is that we will have to continue remote instruction for a prolonged period of time. My second greatest fear is that sports won't be allowed to happen.	6/8/2020 8:25 AM
75	Full participation	6/8/2020 8:24 AM
76	Since there isn't a vaccine yet and some areas of the country continue to have climbing rates of new infections, it worries me the virus will come back to this area.	6/8/2020 8:22 AM
77	A spike in illnesses in the middle of the season.	6/8/2020 8:15 AM
78	If one student test positive we would have to basically quarantine the entire school for 14 days, not sure how that can happen and still have in class classes	6/8/2020 8:07 AM
79	Cuomo antics. Open it up.	6/8/2020 7:48 AM
80	Going to be difficult to get everyone (teachers, administrators, parents and students) on the same page with safety concerns and protocols	6/8/2020 7:40 AM
81	The changes that will be made. No longer what we are used to.	6/8/2020 7:23 AM
82	Social distancing— sports literally have kids in each other's faces	6/8/2020 7:20 AM
83	Scheduling and student motivation	6/7/2020 10:44 PM
84	That distance learning will continue and students will work from home. I also don't think students will return to sports	6/7/2020 9:41 PM
85	The close proximity of the kids in class and during some specific sports comp	6/7/2020 9:31 PM
86	Busing kids to school	6/7/2020 8:44 PM
87	For sports I just worry about travel out of the area...and the length of the season..	6/7/2020 8:40 PM
88	None	6/7/2020 8:39 PM
89	Not being able to go back in person with our new students/parents in the fall, and having to start a new year remotely	6/7/2020 8:34 PM
90	Second wave of COvid - even if adequate measures are taken I. August. I coach a winter sport	6/7/2020 8:11 PM

NYSPHSAA COVID-19 Task Force Survey

91	A respark in confirmed cases.	6/7/2020 8:04 PM
92	I am a high school coach but I also work in healthcare. COVID 19 is very serious and we need to make sure that we are protecting people that are at risk we need to be able to balance this out with returning to normal for the mental and physical well being of our population. I believe with appropriate measures in place such as good hand hygiene, being mindful where we cough or sneeze we can accomplish both tasks of reducing the spread and allowing people to return to normal.	6/7/2020 7:31 PM
93	Sports are outlet for student athletes, my concern is that these kids will have so many restrictions to athletics, that they may not be able to have a release from their home life which may not be good.	6/7/2020 6:02 PM
94	That the students won't be able to get back into the classroom and get back on track	6/7/2020 4:51 PM
95	If the y understand what the "rules: will be and follow through it can be okay.	6/7/2020 4:00 PM
96	That we won't be able to start on time	6/7/2020 3:53 PM
97	Flu season in the late fall/early winter	6/7/2020 3:40 PM
98	That our season will be cancelled because the people making the decisions are too cautious. Let us play. Let us return to normalcy. Any type of cancellation or shortening of the season would just be short sighted and ignorant on your part. The guidelines put out are ridiculous. People can pile into walmart, target, or protest by the thousand in the streets, but we can't play sports. Give me a break.	6/7/2020 3:36 PM
99	I'm concerned hearing that it is a possibility that students will attend school a couple days a week and attend online schools the other days. Due to this I am concerned that players may struggle to get to practice in the afternoon if they are attending online classes at home. I am also concerned about socialization of my athletes as my incoming freshman have yet to play/work with the upperclassmen. The goal was to have camps this summer but I have yet to be given the okay due to the guidelines of NYS. The safety of my players is my number one concern. Im concern that if players are required or ask to wear a mask while playing, my players with asthma their chances of having an attack could increase.	6/7/2020 3:35 PM
100	Being able to get athletes the opportunity to compete , especially as they are often motivated by sports and/or are looking for college opportunities	6/7/2020 3:29 PM
101	As someone with a compromised immune system I think I am most concerned about catching COVID-19.	6/7/2020 3:24 PM
102	That we will be overly cautious and not have extracurricular activities	6/7/2020 3:07 PM
103	keeping students social distning.	6/7/2020 2:11 PM
104	Not very concerned with my sport of xc. Can see contact sports as a possible problem	6/7/2020 1:51 PM
105	We are over reacting and we need to go back to normal. Safeguards can be done on the side lines but there should be no changes to the games	6/7/2020 12:57 PM
106	That if we return before we're ready, numbers will go up again and quarantine will be extended.	6/7/2020 12:13 PM
107	Safety of our students,faculty,coaches,staff.	6/7/2020 12:00 PM
108	Congestion in the classroom and in the locker rooms for our athletes.	6/7/2020 11:40 AM
109	Fear is that kids will be unable to resume classes as normal & that there will be a push to online learning.	6/7/2020 11:26 AM
110	Contracting the virus and how fast it can travel in a school setting.	6/7/2020 10:37 AM
111	I think that we do need to be cautious..we need to have only healthy students attend school and participate in sports. We also need to get kids back to school.	6/7/2020 9:31 AM
112	Parents sending their kids to school with symptoms of Covid-19	6/7/2020 8:47 AM
113	I think this covid-19 non sense is way overblown.	6/7/2020 7:49 AM
114	Kids need to be in school. Remote learning doesn't work well, as least from a PE standpoint. I fear if we are back in school, there will be parent pushback with what we will be doing in a gym	6/7/2020 7:46 AM

NYSPHSAA COVID-19 Task Force Survey

space and the equipment being used. From a coaching volleyball standpoint, players are not going to be able to play and wear masks. I don't know how I'd coach a 2 1/2 hour match with a mask on, especially after a full day of potentially wearing a mask at school. For practices, if we have to limit sharing of equipment, I don't know how we are going to make practices worthwhile and meaningful. There are so many things up in the air. I want the kids to be safe, but if there are numerous restrictions, it's going to be extremely difficult to execute a proper season.

115	I am concerned with a second wave and spike.	6/7/2020 6:24 AM
116	Being able to hold practices while maintaining a safe and healthy environment.	6/7/2020 12:46 AM
117	Having clear and sustainable guidelines that are given in a timely manner in order that we can thoroughly prepare.	6/6/2020 11:03 PM
118	The uncertainty of the entire situation and the thought that we might get up and running and then have to shut down again, repeating the events of this spring.	6/6/2020 10:41 PM
119	Safety of students	6/6/2020 9:41 PM
120	Gathering of individuals that could cause the virus to spread.	6/6/2020 9:16 PM
121	I am concerned about an outbreak of COVID through out my school and community.	6/6/2020 9:00 PM
122	None	6/6/2020 8:56 PM
123	The concern is that some parents will send a sick child to school despite schools requirements and then it will pass from student to student.	6/6/2020 8:19 PM
124	Is vaccine available if someone contracts COVID?	6/6/2020 8:16 PM
125	A resurgence of infections. An Asymptomatic student bringing it home.	6/6/2020 8:03 PM
126	Giving student athletes a sense of safety and normalcy that they are used to and often rely upon. Often outside of athletics.	6/6/2020 8:00 PM
127	A spike in the number of people contacting COVID-19 virus.	6/6/2020 7:05 PM
128	We will not have direct contact with students at the high school levels. There will be continued distance learning. Contact sports will be postponed until there is vaccine.	6/6/2020 6:04 PM
129	safety of the students and staff	6/6/2020 5:15 PM
130	What protocols should be implemented and will there be vaccines available in the fall?	6/6/2020 5:13 PM
131	Very difficult to keep kids socially distanced	6/6/2020 3:49 PM
132	My biggest concern is school won't open and they will continue with distance learning.	6/6/2020 3:47 PM
133	Being able to take the precautions necessary to keep our athletes safe so that they can have a complete season, start to finish. We need to make sure all possible steps are taken to ensure they can compete.	6/6/2020 3:20 PM
134	N/a	6/6/2020 3:11 PM
135	keeping the students and teachers/coaches safe.	6/6/2020 2:25 PM
136	Budget/staff cuts. If District follows CDC school opening guidelines, I dont see how any sports programs can opoerate.	6/6/2020 1:24 PM
137	A second round of infections starts and the risks to vulnerable students along with their families and others such as coaches and their families.	6/6/2020 1:20 PM
138	Resurgence of the virus.	6/6/2020 1:12 PM
139	Parents sending kids to school that may have symptoms but don't want to keep them home alone.	6/6/2020 12:54 PM
140	My biggest concern is that the COVID-19 virus returns in the fall or later and that we would need to return to a distance learning model.	6/6/2020 11:33 AM
141	transportation (buses), the use of lockerrooms	6/6/2020 11:22 AM
142	How will players be able to participate in a contact sport and still observe social distancing and	6/6/2020 11:09 AM

wearing masks as recommended by the CDC to limit the spread of COVID-19?

143	I dont want the disease to spread to the vulnerable population without a viable and studied treatment.	6/6/2020 10:51 AM
144	To ensure a safe environment for all concerned if there are interscholastic athletic contests.	6/6/2020 10:13 AM
145	That we won't open or have fall sports. I feel we could do so with education and more time for screening and cleaning and would not have a problem.	6/6/2020 9:50 AM
146	2nd wave	6/6/2020 9:31 AM
147	the cancellation of the 2020 fall sports season	6/6/2020 9:29 AM
148	Covid might peak again and we will be doing distance learning again.	6/6/2020 9:17 AM
149	Budgets passing	6/6/2020 8:57 AM
150	Safety	6/6/2020 8:51 AM
151	I don't really have a concern	6/6/2020 6:50 AM
152	The schools and school activity will facilitate the further circulation of the virus in communities	6/6/2020 6:02 AM
153	That there be complacency and a second wave	6/6/2020 5:43 AM
154	People acting differently.	6/6/2020 4:09 AM
155	The inability for anyone to truely predict what is going to happen and for governing bodies to make rash decisions that take away opportunities for kids well in advance.	6/6/2020 12:37 AM
156	Regulations of face masks with all the other equipment athletes have to wear.. worried about mask falling down while running and not focused on sport..old habits are hard to change.	6/6/2020 12:14 AM
157	I'm concerned that there will be a spike and it could happen again.	6/5/2020 11:24 PM
158	Social isolation if we don't open	6/5/2020 10:45 PM
159	Safety for students and staff	6/5/2020 10:40 PM
160	Starting out one way, having to revert to distance learning. Inconsistency.	6/5/2020 10:37 PM
161	Abiding to the CDC guidelines	6/5/2020 10:34 PM
162	One student or staff member catching the virus. What would happen at that point? Worries me	6/5/2020 10:25 PM
163	Safety of students and staff in terms of social distancing. How are schools going to be able to keep everyone far enough apart? If someone gets sick, will the entire school shut down for two weeks? What would the protocols be?	6/5/2020 9:53 PM
164	accessibiltiy to testing, maintaing socail distancing, and players and coaches potetntially bringing virus home to family	6/5/2020 9:43 PM
165	Children losing more instruction, athletics, socialization, experiences and activities.	6/5/2020 9:02 PM
166	Closing Again	6/5/2020 8:41 PM
167	Being able to practice and compete	6/5/2020 8:29 PM
168	having a positive test results	6/5/2020 7:51 PM
169	Safety...Will we return to normal? What will the normal be?	6/5/2020 7:32 PM
170	reluctance of parents to allow their children to participate	6/5/2020 7:13 PM
171	Safety of students	6/5/2020 6:44 PM
172	Students will not have the ability to compete. Sports is one avenue that actually keeps some kids in school.	6/5/2020 6:35 PM
173	My biggest concern is that the students will continue to miss out on both the opportunity to live normal lives, and the opportunity to become better people through their interscholastic experiences.	6/5/2020 6:28 PM

NYSPHSAA COVID-19 Task Force Survey

174	If we have to social distance	6/5/2020 5:39 PM
175	Safety of athletes and their families.	6/5/2020 5:38 PM
176	Public concern and the vocal minority pressuring decisions they aren't educated about	6/5/2020 5:30 PM
177	Not having athletics or school on time in the fall	6/5/2020 5:15 PM
178	Locker rooms.	6/5/2020 5:08 PM
179	The regulations that will still be in place that may make in person school and sports extremely difficult or not possible	6/5/2020 5:06 PM
180	How to keep everyone at a distance when we have so many people.	6/5/2020 5:06 PM
181	Student and staff safety	6/5/2020 5:02 PM
182	I have very few concerns, I think with the right protocol and safety actions... the school year can continue	6/5/2020 4:46 PM
183	Cancellation of football season	6/5/2020 4:39 PM
184	The sociopsychological effects serve a great concern in all facets. If we don't return, how will the effects play out long term? Post 9-11 we see a trend of adolescents growing up 'slower' or more protected and older teachers or coaches might say "kids these days are soft" What are the effects going to be? Conversely, if schools open and a second round of COVID-19 comes around September/October when regular cold/flu season comes, there could be a huge effect long term. Friends who are sick and might be losing lives and the effect that might create 10-20 years down the road.	6/5/2020 4:05 PM
185	health & mental safety for student athletes	6/5/2020 4:05 PM
186	The virus returning and school is closed again	6/5/2020 3:56 PM
187	Fear	6/5/2020 3:52 PM
188	I have NO concern. It was WAAAAYYYY over blown	6/5/2020 3:52 PM
189	I am afraid the kids may be exposed to something that they don't have to be. Especially tournaments.	6/5/2020 3:50 PM
190	I'm most worried that if we start school/sports as normal and things turn bad (clusters of infection or a 2nd wave) that we'll have to completely shut things down again.	6/5/2020 3:32 PM
191	Keeping the disease in check	6/5/2020 3:30 PM
192	I am a teacher, too, and while I don't think we can adequately educate our students in an online environment, I don't see how we can bring them back into the classroom in Sept. without a vaccine. I'm conflicted.	6/5/2020 3:30 PM
193	That there will be an overreaction to a possible spike	6/5/2020 3:27 PM
194	Returning back to an everyday school setting.	6/5/2020 3:19 PM
195	Learning new protocol and making sure everyone follows it to keep all involved safe	6/5/2020 2:55 PM

Equipment being used is normally used by a variety of students and the CDC has stated that there is to be NO sharing of objects. Also, kids wearing masks. If a mask is only effective if it's not played with or touched, how will elementary aged kids not play with their mask as they can be a distraction to students in the classroom. There's a lot to consider when reopening schools and these are just few of my concerns	6/5/2020 9:38 AM
276	Concerns that kids will not wear masks and will not be able to social distance. Concerns that schools will not be able to keep up with disinfecting. 395	Kids not having an opportunity to participate in athletics or other extracurricular activities.	6/4/2020 2:06 PM
396	My greatest concern is how we will practice social distancing in schools and within athletics. Along with that how will we monitor students, will students get tested prior to return to school/play? Will they be testing on a monthly basis or other cycle to help identify possible cases with no symptoms so we know we are protecting everyone else. How will we limit our exposure to other areas but still compete at the sectional and state level?	6/4/2020 2:03 PM
397	My biggest concern is that people will not follow whatever protocol is put in place to ensure the safety of all.	6/4/2020 2:02 PM
398	No real concern.	6/4/2020 1:59 PM
399	My biggest concern is the mass gatherings of people. For example, in the hallways, cafeteria, busses, etc.	6/4/2020 1:58 PM
400	The inability to return to "normal" and have concerns about COVID control every aspect of education and sports for the coming year. I have no fears related to COVID itself.	6/4/2020 1:55 PM

411	Social distancing in a school setting.	6/4/2020 1:27 PM
412	More spread	6/4/2020 1:25 PM
413	I am concerned that there will be a spike in COVID -19 cases in the fall and our schools will be forced to close again which in turn will put a hold on our sports seasons as in the Spring. The task of keeping my athletes safe and healthy weighs heavily on me. The uncertainty of each day is a struggle for us as adults, and even more so on our athletes and students. I hope that we can have some semblance of competition and our sports back in our life, and we can do so keeping everyone healthy.	6/4/2020 1:25 PM
414	Having to wear masks	6/4/2020 1:25 PM

494	My greatest concern is getting our students back to school and sports. I fear that the continuation of distance learning is an injustice to our students. We need to try our best to find away to give our students a safe environment to learn and grow in. There is no substitute for the in person learning experience. As educator, I believe it is extremely important to be able to interact with our student athletes on a personal level and I believe this can only be done, with in person interaction.	6/4/2020 10:23 AM

591	Since we now know that all of the models of the severity and transfer on surfaces of covid19 were greatly overblown, we need to get our kids back to school. This has been an injustice to them and is far from normal. There is a great difference in the 2 words fear and dangerous. We live with many things more dangerous than a virus, but we accept the risks that come with those dangers and continue to live normally. Fear on the other hand has guided this whole pandemic as if it were the worst thing to happen to mankind. Fear is an emotion often very hard to overcome. 45% of all covid deaths in the U.S. have come from the nursing home and assisted living population and most with co-morbidity issues. The number of school aged kids this has affected is no where to be found. More of our kids suffer from the flu than have been targeted by this virus. Sweden should be the model, they never shutdown and it was projected by the experts 90,000 people would die there. The total number of deaths in the country was 4000, mostly in the virus targeted category. I will not hold my breath though we live in a blue state, with a very liberal governor who with the mayor of NYC mishandled this whole thing. I could go on, but I will finish by saying let's get our kid's back to school in September and on the playing fields and courts like they should be.	6/4/2020 8:15 AM

593	a relapse of the virus and state shutting down again	6/4/2020 8:03 AM
594	I am concerned that students will not experience high school sports and the benefit it has for them. Without sports some kids get into trouble.	6/4/2020 8:01 AM
595	My concern is we will start school late, and many kids that really need sports will miss out.	6/4/2020 8:00 AM
596	Overkill. As we can see by the recent mass gatherings, social distancing measures being pushed aside have been accepted. The 2020-21 school year should proceed with minimal changes at best.	6/4/2020 7:45 AM

619	It's hard to imagine getting through the entire season without any athletes in our league testing positive. Seems that this would lead to an automatic shutdown.	6/3/2020 11:35 PM
620	If we don't have sports to encourage these kids to keep grades up and attend school we will lose them.	6/3/2020 11:17 PM
621	Biggest concern is not going back to school. The kids need the interaction, and the teaching onsite.	6/3/2020 11:10 PM

629	I do not believe school sports should resume if athletes need to wear masks during play. As a coach, I believe it is a danger for athletes to wear a mask while playing sports because they need to breathe properly, not have potential blocked vision or distractions from their game.	6/3/2020 10:47 PM

646	Athletes get close, they have contact, they are engaging their cardio and therefore increasing the likelihood of contacting COVID-19. Spectators are within close proof each other also increasing the risk. Student athlete safety is my largest concern and the safety of their families. Sometimes I am with these athletes more than their parents in a given day. I need to know I can keep my them safe.	6/3/2020 9:41 PM
647	Have not seen the spike up here in the Northcountry. Fear is that we will see rise in cases over the summer as more and more relaxed social mingling happens. What this will mean to our systems up here is unclear but concerning nonetheless.	6/3/2020 9:41 PM

857	I'm very concerned that decisions will be reactionary. They must be based on science and what is best for community health. There are teachers, coaches and students with vulnerable loved ones— or who are vulnerable themselves— and I'm afraid that decisions will be made that put those people in unnecessary risk.	6/3/2020 3:13 PM
858	My biggest concern is that after we return to athletics and education this fall and start to find our groove again in daily interscholastic life that 1 single case will shut down a sports team, a club or a school if even for only 2 weeks and we will struggle to regain our footing within the district.	6/3/2020 3:13 PM

NYSPHSAA COVID-19 Task Force Survey

884	My greatest concern is not allowing our student athletes to participate in athletics. I believe the student athletes need athletics and we need to have a detailed plan in place in case someone tests positive on the team. I strongly believe that competition should continue even if someone tests positive. That student athlete who tests positive need to be quarantined for 14 days and then should be allowed to rejoin team and play.	6/3/2020 2:48 PM
885	The safety of students and staff is my primary concern. It is very difficult to social distance and masks would be very uncomfortable for an entire school day.	6/3/2020 2:47 PM
886	Having enough time to work with athletes prior to the start of the season.	6/3/2020 2:46 PM

905	Use of a generic approach Statewide	6/3/2020 2:21 PM
906	My greatest concern with all the students in school is it is very tight quarters and you cannot control the spread unless you have a cure. I fear it would not be possible to safely have interscholastic high school and modified sports unless all student-athletes are attending classes from another location separate from the rest of the school	6/3/2020 2:21 PM
907	Personally, I will have a newborn in August so keeping him/her as safe as possible is my biggest concern. However, if the science says the risk is minimal and students/coaches want to risk it, we should have the freedom to play!	6/3/2020 2:20 PM
908	Athletes are going to lose another year of eligibility for high school athletics, and decision-makers are not taking into account the importance of athletics for the mental stability of a lot of our athletes.	6/3/2020 2:20 PM

916	That social distancing will ruin our chances of any season and for any sport.	6/3/2020 2:15 PM
917	I am not concerned. I think we need to have more hand sanitized and players need to wash there hands more. If players or parents feel that they are concerned than an athlete and parents can decide to not play that sport.	6/3/2020 2:15 PM
918	Making up for the last 4 months that have been lost	6/3/2020 2:14 PM
919	We will start the school year as normal and then we are back to virtual learning till January. If that happens what will happen to sports for the 2020-2021 school year.	6/3/2020 2:13 PM
920	It will be impossible for athletes to socially distance during practices and competitions, therefore, I feel it would be extremely irresponsible to hold sports seasons. 927	My concern is that students won't be able to take advantage of athletics like this past spring. It's heartbreaking because a lot of the times, it's something they can do to be around friends, and learn and develop a sport that they love. With not knowing a lot of how Covid-19 is going to affect us again, it's concerning for the athletes.	6/3/2020 2:08 PM

1059	I coach soccer and am concerned about the ability of my players (and me) to safely socially distance. 1109	My greatest concern would be the that schools/athletics would be shut down again	6/3/2020 12:27 PM
1110	I don't see how we can keep social distancing and have students return to school. Therefore, how can we expect to have sports. Also, with our low numbers for football I'm afraid some parents will not allow their kids to participate in a sport. If that is the case we will not have enough players to field a team.	6/3/2020 12:27 PM
1111	That people will stop living normal lives.	6/3/2020 12:27 PM
1112	My greatest concern is that students and coaches will be tested adequately prior to the start of the season.	6/3/2020 12:26 PM
1113	It would be for the Grand parents of the players. The players are young, strong, and health they just want to play. Plus I coach soccer and that is all outside and wide open. Just let them play.	6/3/2020 12:26 PM
1114	Not seeing kids face to face to develop important relationships.	6/3/2020 12:26 PM

1124	What happens when a student(s) tests positive for Covid-19, and how that will impact a team, a school, and a district.	6/3/2020 12:22 PM
1125	My only concern is how we get back onto the field and afford these athletes the opportunity to play sports. For our students/athletes physical activity supports the notion of not only physical health, but mental health. All of our athletes have been relegated to their homes for the last three months. While it is understandable because of the circumstances, we are on the decline of a mountain which seemed insurmountable. While I know I do not just speak for myself, coaches are just as excited as athletes to get back onto the field, court, and diamond. Our students need sports. It is imperative that we go back to not only school but back to activities because these students and athletes need it. I really do feel there are many ways to make any competition, practice, or athlete interactions safe. Now more then ever sports are needed. Between the global pandemic, racial injustice, and other headline issues our students need sports now more then ever. I have no qualms with returning to play, I think it is actually the best thing for not only our athletes, but our coaches. I ask this committee to fight for our students right to not only take the field, but go back to school. School, activities, and sports are so very important for our developing youth. Please do not take this opportunity away from them.	6/3/2020 12:21 PM
1126	Repeated exposure to individuals who may be carries of COVID-19 without their knowledge. Close proximity of student/athletes over prolonged period of time i.e. practices, games, transportation to games etc.	6/3/2020 12:20 PM
1127	My greatest concern is the mental health of the students in giving them a sense of normalcy while maintaining a safe enviroment.	6/3/2020 12:19 PM
1128	* will it be safe for the players to play with mask (heat index plus heat of mask). * Will there be an adequate amount of the cleaning supplies necessary (I can't afford to supply that for my team on top of what I already spend on them) *the added responsibilities as a coach. Will parents/athletes be cooperative with the changes? Will there be some liability protection if a team ends up with covid-19 (may be nothing to do with the team/coaching, but will a coach receive backlash)? *Will it be equitable? Higher economic areas can afford their own personal equipment and do not rely on borrowed equipment- can we insure that all public athletes will have the same access to sports in the fall?	6/3/2020 12:19 PM

1130	Nothing	6/3/2020 12:18 PM
1131	Numbers spiking again	6/3/2020 12:18 PM
1132	I have no COVID concerns. I only have concerns of student mental, physical, academic and emotional health. Not being at school has affected these students more than COVID prevention. In other words, healthy students are becoming unhealthy while we are trying to keep COVID away from an already unhealthy population. Quarantine the sick, not the healthy. I feel so bad for students who have become depressed, less active, gained weight, turned to drugs, been exposed to difficult home stress when they should be in school being active and involved in healthy activities.	6/3/2020 12:18 PM
1133	no concerns, I'd like them to open.	6/3/2020 12:17 PM

1178	The over reaction to the situation.	6/3/2020 11:57 AM
1179	The curve is flattening and treatments are getting better. Really no concern	6/3/2020 11:56 AM
1180	None	6/3/2020 11:56 AM
1181	Practice regulations for contact sports	6/3/2020 11:55 AM
1182	Keeping the athletes and myself safe. I am a retired teacher/coach with an underlying condition.	6/3/2020 11:55 AM
1183	No athletics along with not having a normal school day	6/3/2020 11:55 AM
1184	My biggest concern is a continued school closure. I believe the closure is having extreme negative impacts on the emotional, social, and physical well-being of our students.	6/3/2020 11:55 AM
1185	No Concerns!!!	6/3/2020 11:55 AM
1186	The mental health of my athletes, students, and their families.	6/3/2020 11:54 AM
1187	Greatest concern is that the outbreak gets worse and we have to continue with online education and athletics don't happen.	6/3/2020 11:53 AM
1188	None	6/3/2020 11:52 AM
1189	My concern is students who only work hard in school for sports eligibility. If there are no sports we will lose some students.	6/3/2020 11:52 AM
1190	Continuing to put athletes health first	6/3/2020 11:52 AM
1191	Not being at shool	6/3/2020 11:52 AM
1192	Playing the fall season. I want to play.	6/3/2020 11:52 AM
1193	That I will contract the virus and die (I have asthma). I have no faith in my district to develop a plan, to train everyone and to have the infrastructure in place to operate safely by August or September	6/3/2020 11:51 AM
1194	My greatest concern is having limited to no athletics throughout the year.	6/3/2020 11:50 AM
1195	Having unneccessary temp checks, masks, and testing. Go back to the way things were please.	6/3/2020 11:50 AM
1196	I don't know what social distancing and constantly wearing masks is supposed to look like in a school setting and on sports fields.	6/3/2020 11:50 AM
1197	Another outbreak and spread	6/3/2020 11:49 AM
1198	Overreacting, and shutting things down prematurely.	6/3/2020 11:49 AM
1199	None as of now.	6/3/2020 11:47 AM

1203	Another wave of high cases of Covid-19 coming through in the fall. And a lack of a vaccine.	6/3/2020 11:45 AM
1204	Want normalcy	6/3/2020 11:45 AM
1205	The governor treating the entire state like it is NYC	6/3/2020 11:45 AM
1206	Scheduling. If there will be sports. If so, all, or select few.	6/3/2020 11:45 AM
1207	Meeting the needs of the students/staff in a safe environment	6/3/2020 11:44 AM
1208	Social distancing among fans and the 2nd round of the virus before we have a vaccine.	6/3/2020 11:44 AM
1209	None	6/3/2020 11:43 AM
1210	Making sure that all of my students and athletes are safe and healthy.	6/3/2020 11:43 AM
1211	Cuomo	6/3/2020 11:43 AM
1212	Nothing	6/3/2020 11:42 AM
1213	Schools will not be able to open up with students.	6/3/2020 11:41 AM
1214	Being able to sanitize the school properly throughout the day.	6/3/2020 11:41 AM
1215	I Don't have one.	6/3/2020 11:41 AM
1216	I am not concerned about physical health as much as mental health. These kids need socialization and many athletes will be seniors...they will never get their senior seasons back. We need to what what we can to normalize as much as possible to help these kids and their mental stability.	6/3/2020 11:40 AM
1217	Naturally it is the possibility of the spreading of the virus when in close quarters. When at practice, games, locker rooms, classrooms, cafeteria, etc.	6/3/2020 11:40 AM
1218	Having to start and stop whenever somebody is diagnosed with COVID	6/3/2020 11:39 AM
1219	Students and faculty becoming ill with Covid-19 spreading among larger groups of people.	6/3/2020 11:39 AM
1220	Safety of kids, coaches, spectators * Open up is a HUGE wish/desire for athletes and myself. I want to play the game as intended. Modify environment.	6/3/2020 11:38 AM
1221	My greatest concerns are that if we have to continue with distance learning, I'm not sure the buy in from students will be as high as it was, as we won't have relationships and connections formed with students already. I think the amount of participation will drastically decrease if kids don't know their teachers already	6/3/2020 11:37 AM
1222	My safety	6/3/2020 11:37 AM
1223	Students not being able to go back school, tremendous burden on working parents	6/3/2020 11:37 AM
1224	Actual face time with students vs online learning... which in hand effects athletics	6/3/2020 11:36 AM
1225	My biggest concern is/will be that we can resume safely. Will there be guidelines across the board or will this be a case by case basis. Will there be travel restrictions? How will schedules be altered? I think all coaches want to get started, we just want to know what we will be able to do and what we can't.	6/3/2020 11:36 AM
1226	I am concerned that my athletes will not get a chance to compete in some form. As we move into phase 2 of restarting the state, I am convinced there must be a safe way to hold contests.	6/3/2020 11:36 AM
1227	Sanitation. Outbreak prevention.	6/3/2020 11:36 AM
1228	Fear about the future and letting fear drive decisions versus facts	6/3/2020 11:36 AM
1229	My concern is that we open to early and all of the sacrifices made will be for naught	6/3/2020 11:35 AM
1230	Social distancing	6/3/2020 11:35 AM
1231	That, due to overreaction, student athletes will unfairly lose their season.	6/3/2020 11:35 AM

NYSPHSAA COVID-19 Task Force Survey

1232	I am mostly afraid of the economic downfall from being shut down for so long.	6/3/2020 11:35 AM
1233	Safety of our athletes, coaches, and parents. How to ensure their safety during practices, when there are 40 athletes in a small confined area. How to ensure the safety of two teams during a duel meet, let alone during the big meets at the end of the season.	6/3/2020 11:34 AM
1234	Safety and health of the students, staff and community	6/3/2020 11:34 AM
1235	Contact sports that bring kids close together, i.e. wrestling or something of that nature.	6/3/2020 11:34 AM
1236	I want to go back, I don't really have a concern but I think we will be virtual.	6/3/2020 11:34 AM
1237	what if an changes	6/3/2020 11:33 AM
1238	Following proper protocols with the large number of students we have in one school. If there is some combination of classical learning combined with distance learning, delivering a consistent education to our students is a concern.	6/3/2020 11:33 AM
1239	Being able to teaching effectively and with fidelity while abiding by COVID-19 health and safety guidelines.	6/3/2020 11:32 AM
1240	Mental health of everyone	6/3/2020 11:32 AM

1243	Safety of elderly staff and unwarranted lawsuits.	6/3/2020 11:30 AM
1244	To me, there is no concern, should there be any for returning to school in September.	6/3/2020 11:30 AM
1245	Creating a larger 2nd wave than the initial wave.	6/3/2020 11:29 AM

1251	health and safety	6/3/2020 11:26 AM
1252	A new outbreak around 10/1/20 since we are all together.	6/3/2020 11:26 AM
1253	Not returning to school is my greatest concern. However, if they do, then spacing kids when in classrooms and handling regular illness but treating it like it's COVID are of equal concern to me	6/3/2020 11:26 AM
1254	A second wave of COVID-19.	6/3/2020 11:25 AM
1255	social distancing	6/3/2020 11:24 AM

1258	Contracting Covid-19 and bringing it home to my family, especially those with pre-existing conditions.	6/3/2020 11:24 AM
1259	Educators and staff not being able to definitively and effectively interact with the student body due to distance, and PPE restrictions.	6/3/2020 11:23 AM
1260	That it's going to cancel fall sports.	6/3/2020 11:23 AM
1261	One of my greatest concerns is actually getting back to school and resuming all of our normal activities, school, sports, etc.	6/3/2020 11:23 AM
1262	getting the students back, them coming to school sick and starting this whole thing all over again	6/3/2020 11:22 AM

NYSPHSAA COVID-19 Task Force Survey

1263	Having another total shutdown and cancellation of sports.	6/3/2020 11:21 AM
1264	not opening because of being over cautious	6/3/2020 11:20 AM
1265	If we go back to school as normal, that there would be a huge second wave.	6/3/2020 11:20 AM
1266	Greatest Covid-19 concern as it relates to H.S. Basketball would be about keeping the Student-Athlete safe and healthy until a viable vaccination is developed. The first critical step prior to vaccination (and possibly after) would be the development of guidelines for requirements of sanitation of facilities (locker-rooms, playing surfaces, etc) and equipment (balls, uniforms) on a daily basis (or more). Would there be a screening process for student Athletes prior to each athletic activity (practices & games) which would include the taking of temperatures for all student-athletes, coaches and assistants prior to each activity and Covid Testing possibly once a week during the season. As for spectators at Athletic Events - could look to stream as many of these as possible on-line and limit access to the games to relatives etc.	6/3/2020 11:20 AM
1267	I feel like we have taken necessary precautions. I don't really have a concern	6/3/2020 11:20 AM
1268	A return to quarantine	6/3/2020 11:19 AM
1269	Being able to meet and teach students on the first day	6/3/2020 11:19 AM
1270	Managing competition, especially spectator viewing and access	6/3/2020 11:19 AM
1271	Being responsible for the health and safety of so many young lives	6/3/2020 11:18 AM
1272	My only concern is the state will not allow us to play. I coach volleyball and feel we will easily be able to disinfect, hydrate, cleanse, and remain safely distant (both players and spectators).	6/3/2020 11:18 AM
1273	The isolation kids will be feeling	6/3/2020 11:18 AM
1274	The spring 2019-2020 sports were slighted and I fear that changes that will be made will negatively impact or take away from the spring sports again.	6/3/2020 11:18 AM
1275	Potential health risk for teachers, students and any body involved in education	6/3/2020 11:17 AM
1276	Unsure of details. Will we have half the students everyday? busing, lunches, etc	6/3/2020 11:17 AM
1277	Relapse. More people sick which would lead to more time out of school again.	6/3/2020 11:17 AM
1278	The inability for students to participate in organized sports.	6/3/2020 11:16 AM
1279	My greatest concern is that the virus will continue to spread over the summer, and numbers will have risen by the Fall. Our school does not have the space to accommodate keeping students 6 feet a part, and not all students will have access to masks.	6/3/2020 11:16 AM
1280	Fans and parents not able to attend	6/3/2020 11:16 AM
1281	I think the greatest concern would be am I going to have the proper tools or resources to keep students, players, parents, and other staff safe and healthy.	6/3/2020 11:14 AM
1282	As a special educator, I worry that my students will regress in not only the academic areas, but also the areas of behavioral intervention, social, and emotional skills. My students need to be in a classroom. As a competitive cheerleading coach who hopes to qualify for the state championship, I worry for the progress of my athletic winter season if we do not have the opportunity to train in the fall.	6/3/2020 11:14 AM
1283	Increase in cases	6/3/2020 11:13 AM
1284	How to keep the students at a safe distance apart throughout the day.	6/3/2020 11:13 AM
1285	Social distancing and making sure everyone is kept safe.	6/3/2020 11:13 AM
1286	that there will be no sports	6/3/2020 11:13 AM
1287	Another widespread spike in the virus	6/3/2020 11:12 AM
1288	I'm concerned that if no vaccine is available that there will be another spike in infections which will cause schools to shut down again and/or games/seasons to be canceled.	6/3/2020 11:12 AM
1289	My concern is once the virus gets in a lockeroom everyone will get it. Some have vulnerable adults at home and will bring it to them.	6/3/2020 11:12 AM

NYSPPHSAA COVID-19 Task Force Survey

1290	I am not concerned with anything related to COVID-19. I think that students need to get back to school, athletics, and a normal routine.	6/3/2020 11:11 AM
1291	Keeping everyone safe and healthy by following the guidelines that are given.	6/3/2020 11:11 AM
1292	Regression, mental health, spike in confirmed cases	6/3/2020 11:11 AM
1293	None. We need to open.	6/3/2020 11:11 AM
1294	Just that we get to play games, the kids need this for their mental health. While I understand why we did not play the spring it was devastating mentally and they need a sense of belonging to school and sports. For some it is their purpose.	6/3/2020 11:11 AM
1295	Regulations that would interrupt normal play	6/3/2020 11:11 AM
1296	That we will not move forward. It is time to get back to some normalcy.	6/3/2020 11:10 AM
1297	Not having a fall sport season , or any extracurricular activities for students	6/3/2020 11:10 AM
1298	I do not have any concerns	6/3/2020 11:10 AM
1299	Sanitization of our school effectively and making teaching/coaching meaningful and effective in a way that best suites our students needs	6/3/2020 11:09 AM
1300	A second wave of the virus, due to increase in socializing. Also, if the second wave is to come in contact with more students than research has previously shown in children.	6/3/2020 11:09 AM
1301	Finding some semblance of normalcy until a vaccine is available.	6/3/2020 11:08 AM
1302	Sharing of space , supplies and equipment	6/3/2020 11:08 AM
1303	That our rural district will have to follow similar guidelines as bigger districts. Also, that NYS schools will fall behind from the other states opening for sports and schools sooner than NYS.	6/3/2020 11:07 AM
1304	The health and safety of not only our athletes, but our school and community at large.	6/3/2020 11:06 AM
1305	Over reaction	6/3/2020 11:06 AM
1306	How can we socially distance during practice and games. Masks restrict breathing and it isn't practical to think you can stay 6 feet apart while working on skills and/or competing in games. Not to mention how we can keep them socially distant while transporting them.	6/3/2020 11:04 AM
1307	How we are going to practice social distancing while maintaining an effective learning environment.	6/3/2020 11:04 AM
1308	Not having sports. Sports plays a crucial role in the development of our student athletes in building community.	6/3/2020 11:03 AM
1309	Having safety procedures put in place well before the season begins.	6/3/2020 11:03 AM
1310	None	6/3/2020 11:03 AM
1311	Following CDC guidelines safely and with the least disruptions to education	6/3/2020 11:02 AM
1312	If all students are not attending school regularly, then I will have a difficult time with player attendance at practices.	6/3/2020 11:02 AM
1313	2nd wave of infections and death. The disease starts affecting children adversely.	6/3/2020 11:01 AM
1314	No concerns	6/3/2020 11:01 AM
1315	How to keep students seperated in a classroom. In previous years I've had 28 students in a classroom. To somehow keep them 6 feet apart is what I'm concerned about.	6/3/2020 10:58 AM
1316	Health and safety	6/3/2020 10:58 AM
1317	Number of kids in classrooms	6/3/2020 10:57 AM
1318	Not being back to school, and continuing the distant learning. We need to be back in regular session	6/3/2020 10:57 AM
1319	Keeping the children and spectators safe.	6/3/2020 10:57 AM
1320	That cases of Covid increase dramatically as we head into fall as a result of some States	6/3/2020 10:56 AM

NYSPHSAA COVID-19 Task Force Survey

	opening back up too soon	
1321	That students, teachers and staff will be extremely limited in their interactions. While life will be different, extreme changes and another prolonged stage of online learning would be less than ideal.	6/3/2020 10:56 AM
1322	The students physical and mental well being	6/3/2020 10:56 AM
1323	student to student contact, locker room space, hygiene of students	6/3/2020 10:56 AM
1324	Not being able to coach the student athletes and have them miss a season or more.	6/3/2020 10:55 AM
1325	Outbreak of Covid in the school	6/3/2020 10:54 AM
1326	I have no concerns. I believe closing schools was a huge mistake. The data proves that. This was never worse than the flu! We need to open and be ready to serve our communities and families!	6/3/2020 10:54 AM
1327	Not being in school and not having sports.	6/3/2020 10:53 AM
1328	Spread of the virus	6/3/2020 10:52 AM
1329	Not going back.	6/3/2020 10:50 AM
1330	Infection rate	6/3/2020 10:49 AM
1331	Keeping student/athletes safe and parents at ease with the structure that is put in place.	6/3/2020 10:49 AM
1332	That we won't have in class teaching which will lead to the absence of sports.	6/3/2020 10:48 AM
1333	My greatest concern is the need to provide a safe environment that meets the social, emotional, and academic needs of students while protecting the health and well being of all children and adults involved in a regular school day.	6/3/2020 10:47 AM
1334	School Closures	6/3/2020 10:47 AM
1335	I have none	6/3/2020 10:47 AM

1341	who is going to regulate the phases of the NFHSAA guidelines	6/3/2020 10:44 AM
1342	I really don't have any major concerns. I believe people in our area are doing the preventive measures to keep COVID-19 numbers down.	6/3/2020 10:44 AM
1343	Resurgence of the virus	6/3/2020 10:43 AM
1344	Everyone feeling comfortable being together again	6/3/2020 10:43 AM
1345	I have no concerns.	6/3/2020 10:43 AM
1346	The teachers and staff need to try and get back to life as normal ASAP, so we don't instill fear or doubt into the students.	6/3/2020 10:42 AM
1347	As a cross country coach, I fear that my kids won't have a fall season, after losing out on their outdoor track season.	6/3/2020 10:42 AM
1348	My greatest concern is the students who could possibly lose out on their education in a multitude of ways.	6/3/2020 10:41 AM
1349	The safety of athletes and coaches	6/3/2020 10:41 AM
1350	Having to go back to online learning	6/3/2020 10:41 AM

1352	Second outbreak of the virus, then what?	6/3/2020 10:40 AM
1353	There will be restrictions during school which will affect the sports being played at all	6/3/2020 10:40 AM
1354	My concern is that kids will not be back in session and that they will miss out on a quality education and the chance to continue to play sports.	6/3/2020 10:39 AM
1355	That the students' seasons will be cancelled.	6/3/2020 10:38 AM
1356	Lack of social opportunity for kids	6/3/2020 10:38 AM
1357	I personally believe my concern is just the kids who have underlying issues with sickness.	6/3/2020 10:38 AM
1358	Getting sick and getting my family sick	6/3/2020 10:37 AM
1359	lack of communication and technology to reach students, particularly for out of district coaches	6/3/2020 10:36 AM
1360	That students will not get the education they deserve because of restrictions. For athletes, that they miss out on another season, you only get high school once.	6/3/2020 10:34 AM
1361	When will school re-open and how will it operate with social distancing.	6/3/2020 10:33 AM
1362	That academics will be all online and that sports will not be taking place.	6/3/2020 10:33 AM
1363	Carelessness of germs	6/3/2020 10:33 AM
1364	Will there be a second round of Covid 19? If kids have to be 6 feet a part in the classroom there is now way contact sports will work.	6/3/2020 10:32 AM
1365	Keeping players safe and how to successfully have a season with the many restrictions that may be put in place.	6/3/2020 10:30 AM
1366	People relying on false information and not receiving the correct information	6/3/2020 10:28 AM
1367	Staying 6 feet apart when our classrooms are so small they can barely fit everyone in them	6/3/2020 10:28 AM
1368	Contact People who are sick not reporting it	6/3/2020 10:28 AM
1369	It will be cancelled	6/3/2020 10:28 AM
1370	A spike in infections.	6/3/2020 10:28 AM
1371	As a volleyball coach, all equipment is contacted by all players. Cleaning after contact would be very difficult. I fear having the responsibility for the safety of my players and their extended families.	6/3/2020 10:27 AM
1372	I'm worried that guidance will be too general and not specific to regions or specific school districts needs and capabilities.	6/3/2020 10:27 AM

1393	not having a season out of fear	6/3/2020 10:20 AM
1394	Not having fall sports	6/3/2020 10:19 AM
1395	A second outbreak resulting in not returning to school!	6/3/2020 10:19 AM
1396	My greatest concern is an over reaction. The over whelming majority of people in our building every day are under the age of 18- an age group that statistically has shown to have few issues and reactions to the virus. Our area has had few cases and deaths. We are not New York City and we are not an urban area. It should not be one size fits all.	6/3/2020 10:19 AM
1397	That school's will reopen too soon	6/3/2020 10:18 AM
1398	Students not being able to attend school (in person), and having a rewarding high school experience.	6/3/2020 10:18 AM
1399	That our school is going to suffer. We have a extremely low infection rate and have through the whole pandemic. We should be treated as such.	6/3/2020 10:18 AM
1400	Rate of spread and the inability to treat the disease	6/3/2020 10:17 AM
1401	I am not very concerned. The numbers continue to drop everyday and at some point we need to get back to work and give these kids their very much needed social interactions	6/3/2020 10:17 AM
1402	Safety of students	6/3/2020 10:17 AM
1403	My greatest concern is having adequate time to prepare my athletes for the upcoming season. I am anxious to get ready with them and feel, especially with day camps being allowed, we should be allowed to do summer trainings with our athletes.	6/3/2020 10:16 AM
1404	I coach Field hockey and I feel it is safe, because we are outdoors and the field is so large, spectators can easily socially distance. The players definitely need to learn to be careful, when taking out mouthguards, so spit isn't flying everywhere. I'm not quite sure how to handle that. They are necessary for safety, but spit so much when they speak with them.	6/3/2020 10:16 AM
1405	From an athletics standpoint, that students are losing out on an opportunity. For some, athletics can mean the difference between college or no college, getting in trouble after school or staying focused, etc.	6/3/2020 10:15 AM

1434	Fear in participants (players, fans, refs, coaches)	6/3/2020 9:58 AM
1435	I coach contact sports and coming back to those will be the most difficult due to the nature of them. No one has a real firm handle on the virus, I personally am conflicted by the reports and what the "truth" is. Who is at risk, how is it most consistently transmitted? Will there be a resurgence in the fall? Once phase one rolled out - it is pandemonium and a free-for-all around here. If kids are not socially distancing and obiding by the rules, are we just spinning our wheels?	6/3/2020 9:58 AM
1436	How to manage crowd, kids getting sick, and the passing of germs onto a basketball. I am also wondering how basketball got the designation of level 2, as everyone touches the same object and plays within close contact of one another	6/3/2020 9:58 AM

1438	The return of the virus in the fall	6/3/2020 9:57 AM
1439	Being able to implement the recommendations to open schools and having fall sports. I think safety is extremely important for all. 1445	Allowing a second spike to occur.	6/3/2020 9:54 AM
1446	Finding the balance between safety and returning to normal	6/3/2020 9:54 AM
1447	My greatest concern is that there will not be a fall season. By the end of August I feel that we should be trying to get back to some degree of normalcy and school should be open and sports should run.	6/3/2020 9:53 AM
1448	Seeing a spike in numbers and reverting back to total closure	6/3/2020 9:53 AM
1449	My greatest concern is the continuation of distance learning and not being in the school building. The participation rates has been below average during this time.	6/3/2020 9:53 AM
1450	Not taking proper time to recondition our deconditioned athletes and someone getting hurt because we feel obligated to pick up where we left off. Also, repercussions against coaches if athlete becomes infected	6/3/2020 9:52 AM
1451	Having in place the measures needed to protect students and staff.	6/3/2020 9:52 AM
1452	Safety is my biggest concern. Fear of not going back to school Fear of not having sports	6/3/2020 9:51 AM
1453	That the student athletes will not be allowed to get back to a sense of normalcy and structure.	6/3/2020 9:50 AM

1462	No Vaccine for students and staff. What happens during season when a coach or a player is told they have to quarantine for 14 days.?	6/3/2020 9:47 AM
1463	Not really sure... we are in a relatively healthy area so we have not been as impacted as much as other areas	6/3/2020 9:47 AM
1464	School is located in a area with a high amount of. Covid cases	6/3/2020 9:47 AM
1465	Students coming to school asymptotically infected, classrooms being disinfected completely and properly	6/3/2020 9:46 AM
1466	My concern is that the kids won't be able to play sports. This is a major concern bc the kids need this to try and return to a normal routine. Sports help kids stay active and build relationships.	6/3/2020 9:45 AM
1467	Having the appropriate equipment and cleaning and sanitizing supplies.	6/3/2020 9:45 AM

1484	I am concerned that safety mandates will take away from the sport we love. I am concerned that we will jump into a season without safety measures in place with fidelity. I'm concerned about traveling to schools that we can not be sure health and safety mandates are being met. I'm concerned that lack of focus on a global pandemic will cause complacency and ultimately put people at risk. I would love to play this season. However, I am concerned that the message we send kids by doing so is subliminally saying that our personal desires are more important than public health and protecting others.	6/3/2020 9:38 AM
1485	Having to wear a mask the majority of the time.	6/3/2020 9:38 AM

1633	I am concerned about another outbreak. Covid is everywhere, however here in the north country, the first wave was limited. After we have summer visitors, people (student-athletes) not social distancing and as they take part in warm weather activities and summer employment, I am fearful that we will see a second wave potentially much larger than the first. This could begin before fall season sports begin, during preseason, or after we all get together and we get started. I am fearful that just during practices and games there will be contact with athletes from team to team as this will increase chances of spread. I am fearful that if schools are not back to a "normal" school day, but then we approve sports in a way that contradicts the ideology and does not parallel that of the schools, we are looking for potential issues putting coaches, athletes, their family, and anyone else they have contact with in harms way. Practices, bussing, crowds and spectators, game play, then sitting in classroom seats next to other students and teachers potentially infecting their loved ones could easily be a spread that can't be contained. It's not just about the sports and keeping the athlete and coach safe, it ripples out into the population that is innocent, until they are infected. Here in the north country, we don't have the medical capacities that can sustain an outbreak by 1/4 of our population, and I think that being safe and keeping people safe is most important. We, as coaches have a duty to first and foremost keep our athletes safe as we are constantly reminded by our AD's and districts. Moving forward if we don't as a district or section follow this state-wide athletic model for keeping kids safe, than do people in charge really feel that way and is it okay for them to "overlook" that very point when it suits them. I also know that most districts don't have enough cleaners and custodial staff, so how is proper cleaning of equipment and facilities going to be handled with certainty that things will be cleaned appropriately?	6/3/2020 6:59 AM

1817	With kids from different areas having contact, will this be a negative affect regarding health and safety.	6/2/2020 7:35 PM
1818	Having students, especially elementary aged students retunring full-time and every day in the fall. In order for parents who need to get back to work, schools are the best place for younger students. Going every otehr day or half days wouldnt make sense. Is it safe to send a child to school on MOneday then either to a grand parent or day care the next day.	6/2/2020 7:34 PM
1819	Not coming back to school. These kids need to get out of their houses	6/2/2020 7:30 PM
1820	That kids will not be able to get back to school in the fall. High school is a critical social and learning experience for kids. There are plenty of ways to safely allow them to return on time.	6/2/2020 7:29 PM
1821	one of our student athletes getting sick.	6/2/2020 7:27 PM
1822	The rules, not the virus, are too difficult to logistically follow. They will see individuals not adhering to the guidelines and end up shutting us down. That's my biggest fear.	6/2/2020 7:26 PM

1841	Second wave of COVID-19/Unprepared students and faculty	6/2/2020 6:55 PM
1842	My greatest concern is that school opening, along with extra curriculums is not done in a sense-making fashion. For example, outdoor athletics is less dangerous than crowded classrooms. Therefore, if we're going back to school in any fashion, be it as it was before, alternating days, etc., outdoor athletics, marching band, and any other extracurricular that is held outside should be allowed for our students mental health. Kids need to feel normalcy, and extra curriculums provides that necessity.	6/2/2020 6:54 PM
1843	If we go back to school at the beginning of September.	6/2/2020 6:54 PM

1856	How do we keep kids socially distant in class, the hallways, cafeterias and locker rooms.	6/2/2020 6:40 PM
1857	My greatest concern would be how to assure fans comply with social distancing rules	6/2/2020 6:32 PM
1858	That I would get sick and have to miss significant teaching time as I teach chemistry.	6/2/2020 6:31 PM

1873	What new provisions and practices that will be in place and how that will affect having any sports whatsoever	6/2/2020 6:16 PM
1874	My greatest concern for the 2020-21 school year is eligibility that was affected by spring seasons being cancelled, as well as fitness and motivation levels being affected by the extended time off.	6/2/2020 6:14 PM
1875	keeping kids safe and separated. keeping equipment sanitized.	6/2/2020 6:10 PM
1876	I am concerned how student's will handle social distancing. Are they going to be willing to follow all protocols.	6/2/2020 6:08 PM
1877	The overall safety of staff, students, and community members. Schools are the epicenter of a community. An outbreak in a school means an outbreak in our communities. Allowing students to come together to soon will cause great harm towards our most vulnerable community members.	6/2/2020 6:07 PM

1889	Losing wrestling season	6/2/2020 5:51 PM
1890	My greatest concern is that the students will have too many regulations in place for the students to have a normal school experience.	6/2/2020 5:49 PM
1891	If kids cannot return to school then how can we play sports?	6/2/2020 5:48 PM
1892	Major outbreak	6/2/2020 5:47 PM
1893	My biggest concern is that students will not have an opportunity to play interscholastic athletics. They should have the opportunity to play.	6/2/2020 5:47 PM

1947	No sports	6/2/2020 4:39 PM
1948	Social Distancing, maintaining a non spread environment.	6/2/2020 4:38 PM
1949	In person attendance in school and athletics	6/2/2020 4:36 PM
1950	I'm not extremely concern. I think once we get to September we can resume the normal year.	6/2/2020 4:36 PM
1951	Not having regular school.	6/2/2020 4:34 PM
1952	My concern is for the emotional health of students, possible disruptions to education and sports due to outbreaks, and a struggle to regain some normalcy.	6/2/2020 4:34 PM
1953	Being forced to wear a suffocating face mask.	6/2/2020 4:33 PM
1954	The biggest concern I have based on the data is a second outbreak. Hopefully, the gradual process we're taking back to normal prevents a 2nd outbreak to take place.	6/2/2020 4:32 PM
1955	Ability to maintain social distancing for students and athletes do they do got pass or get infected with Covid -19.	6/2/2020 4:32 PM

If we are unable to have a "normal" Pre-Season, In-Season & Post-Season start by having EVERYONE in NYS utilize Week "Zero." My understanding is that would mean we would only have 1 week of Pre-Season. A second contingency would be to reduce the games, or all games in the NYSHSPAA Football State Championship. I do NOT want to eliminate this tournament long-term, however if we need to limit contests they should be taken from Pre-Season then state level Post-Season. 1994	I am terrified of the negative impact that taking away in-person education and athletics will have on our children. I am especially concerned for two groups. 1) Children who rely heavily on athletics to keep up their grades in school, and would otherwise not be passing if it was not for the commitment to their team. 2) Children whose families cannot afford for them to play their sport in a for-profit club setting, and instead rely on school sports to maintain their physical (and mental) well being.	6/2/2020 3:53 PM

2016	None. Covid-19 mainly effects the older generation leaving majority of younger people asymptomatic or with very mild symptoms. Keeping kids caged up while their immune systems are developing would be more damaging to K-12 than Covid-19 ever would. To keep kids not only out of sports, but out of school is ridiculous. 2071	I am concerned that the guidelines will change the dynamic of school immensely. I am also nervous about sports for kids and what that would look like. My hope is that guidelines and communication would happen sooner than later. Holding out hope was fantastic for student athletes. However, when we were told, "two more weeks, two more weeks" . Our season was in the middle when it was cancelled and our district did not pay spring coaches. I was forced to find a second job to cover some of the money I counted on. I am worried that the same may happen in the Fall. I am glad I did find a second job, as summer camps was cancelled as well.	6/2/2020 3:04 PM

2073	Don't have any. I would like the kids to play	6/2/2020 3:04 PM
2074	In our area (Mohawk Valley), my only concern is that schools do not open. As a region I believe we will be able to open come September, since we are already in Phase 2 of reopening as of May 29th. There are too many students that rely on school for needed services to live healthy lives.	6/2/2020 3:04 PM

2079	Social distancing and group activities and games in PE.	6/2/2020 3:02 PM
2080	The need to keep athletes safe is primary. Secondly each sport should be considered independently as to whether they can return to play. For example, tennis and XC could probably return before football or soccer. This should not be an all or nothing situation.	6/2/2020 3:02 PM
2081	I'm worried another outbreak will happen due to not being able to keep socially distant and stressing the importance of good handwashing and touching faces in young kids. I also worry about a high risk family member that I could possibly bring home something to, also to my 3 and 1 year old boys.	6/2/2020 3:02 PM
2082	Young students have extremely hard time not touching each other and everything in the classroom. Washing hands cannot be done on a consistent bases.	6/2/2020 3:01 PM
2083	The health and well-being of everyone and the possible "2nd wave"	6/2/2020 3:01 PM

Not to mention hallways and cafeteria considerations. Without a guarantee that kids can come to school and not be exposed to COVID-19, I am concerned that we will not have a traditional opening/activities.	6/2/2020 3:00 PM
2085	I think there will be outbreaks/spread of COVID, at least prior to a vaccine, that will cause periodic "pauses" or in the least, setbacks in "phase," which will create a blended approach to school and a lot of cancellations for athletics.	6/2/2020 2:59 PM

2092	With no vaccine sports come into veryclose contact and gather many people. The fear is it only takes 1 person. School, athletic departments, coaches can start to be held liable for these athletes saftey of sometjimg were to go wrong. It is not uncommon for athletes to push through sickness and this can be concerning.	6/2/2020 2:56 PM

2115	How do I protect my students, players and myself from contracting COVID 19 when we return to contests with players from outside our town.	6/2/2020 2:44 PM
2116	I am more concerned that we will cancel sports out of an abundance of caution. The student/athletes have missed so much already, that I would hate for them to miss more (as a coach and a parent of a high school age athlete).	6/2/2020 2:44 PM
2117	As a tennis coach I feel the only concern would be the players touching the same tennis balls. I'm not sure that transmission is considered a concern?	6/2/2020 2:44 PM

2138	Safety. Teaching and coaching in a socially distanced manner.	6/2/2020 2:34 PM
2139	I think it will be extremely challenging for school buildings to maintain social distancing in the hallways, classrooms, bathrooms, gyms, locker rooms, cafeterias, auditoriums, etc. The discussion of hybrid courses was also a possibility on the table. Is that only for students or teachers as well though? I don't believe it is fair or safe for students to enter classrooms on a rotating day basis but teachers and staff members attend daily. Social distancing on a school bus would require at least double the cost of current transportation, which would mean that taxpayers property taxes increase in order to cover the budget. If students and staff are allowed to return to the building does that mean all have to wear gloves and a mask? I am praying for a normal start in September and for a normal Fall Sports season; however, I am not 100% sure it is feasible at this moment. I am not sure there is enough manpower to allow staff and students into the school while maintaining social distancing guidelines and disinfecting all surfaces touched. Again, I hope we return to a normal school opening, but only if it is a safe environment for all.	6/2/2020 2:34 PM

2155	I'm not sure if it will be safe to open yet or not. If we do open but with a bunch of regulations (masks, 6 feet part) etc, I'm unsure how that will actually work especially in elementary settings where they are going to be touching their masks constantly, etc. On top of that, my team is bused to the elementary school and practices at the elementary school. There is no time between the end of the Elementary school day and my practice time. I'm not sure how sanitized the gym would actually be. My sport is very high contact so I'm not sure how much of my sport we could actually do or if it be a limited version of the sport. Of course, we are starting to level off with cases, so my thoughts could of course be premature.	6/2/2020 2:24 PM

2225	During the school closure there has been very little communication from administration in regards to expectations and a plan with virtual learning/grading/assisting students and parents at home. I am concerned with the communication that we will have this summer in regards to planning/preparing for reopening, what the expectations will be for the fall, academically, drastic cuts that have been made already and are projected to be made impacting students/athletics, coaches, programs. If students return to school virtually or in a hybrid model, what will that look like for athletics. At this point, some regions have allowed different activities to take place and therefore regions that haven't been able to reopen are penalized. How will this affect fall athletics? As a program that struggles getting athletes I depend heavily on the end of school year activities to promote my sport (field hockey). Not being able to recruit the younger players now and this summer, what will my program look like in the fall and if I don't have enough kids, will my district look to save money and cut my modified/jv program? With the extra cleaning protocols needed at this point, what will my practice look like in the fall? Time is already something that I struggle with.	6/2/2020 1:50 PM

2252	My greatest concern is that kids won't be allowed to play sports because districts are afraid they will get sued if anyone gets sick. I know many parents that are prepared to file lawsuits vs the state and districts if kids aren't allowed to have face to face school and play. In March we did the correct thing and cancelled school and sports so we could gather data, flatten the curve and make sure our hospitals were not overwhelmed. We have accomplished that objective. The data tells us kids without underlying conditions have almost no risk from the virus. The harm done by cancelling sports and school for kids would be much greater than the threat the virus poses threat. we need our leaders to lead and do what is best for kids. We cannot love life scared when the numbers showed the risk to kids is extremely low, probably a lower risk than if them dying in a car accident.	6/2/2020 1:42 PM

2271	I am curious how things will be sanitized. Examples- leather volleyball, basketball, etc. I am afraid that we will try and complete our full game schedule and then we will be forced to shut down early which will be devastating to the players. If we have a modified game schedule with limited fans, and possibly no championships, we have a better chance of completing the season. The teams will then have those expectations knowing it is a modified year. That to me is better than just crossing our fingers hoping we get through the season. I am also fearful of getting Covid myself, along with players on my team.	6/2/2020 1:37 PM

2398	I have no concerns. Let's get the kids back to school and sports to live a normal life and enjoy what they like to do!	6/2/2020 12:54 PM
2399	Letting fear and hype override rational decision making. We have an obligation to society to provide an education to our youth which includes an accountability of their whereabouts.	6/2/2020 12:54 PM
2400	My greatest concern is the students, especially seniors, not being able to participate in the fall season. It is a large part of their lives and is a great way for students to stay safely involved with activities after school. If schools open, there can be measures taken to limit close contact with opponents for some sports if needed. I would just love a solution that allows the kids to play their sport still if that is possible	6/2/2020 12:54 PM
2401	No sports	6/2/2020 12:54 PM
2402	Activity class sizes, equipment usage, and sport events/practice.	6/2/2020 12:54 PM
2403	having our regional decision being based off of the numbers from a much denser area. we are very rural.	6/2/2020 12:52 PM
2404	I feel it is extremely important for our schools to return to as normal as possible for our student-athletes. I really hope schools and athletics will be able to happen as our students are really missing them and the important values sport teaches. Our students are missing their friends and the camaraderie. As long as precautions are covered for students safety I believe athletics is very important at this time for our students.	6/2/2020 12:52 PM
2405	Safety of students and staff and concerned for athletics being taken away because of everything that is currently going on with this virus.	6/2/2020 12:51 PM
2406	That we will not have direct contact with students. Distance learning is not effective. Also, that athletes will miss another season(s).	6/2/2020 12:51 PM
2407	Without a proven vaccination going into the season and continued unknown factors such as social distancing, least contamination measures, and lack of COVID-TESTING reliability and validity of various testing measures we are left to our own vices regarding individual accountability.	6/2/2020 12:51 PM
2408	Missed season	6/2/2020 12:51 PM

2412	The ability to maintain the recommendations while preserving the environment.	6/2/2020 12:49 PM
2413	Having the kids keeping their masks on all day and social distance	6/2/2020 12:49 PM
2414	it will prevent players from returning to school, hence no sports. Concerned with how student athletes will fill their time without sports.	6/2/2020 12:47 PM
2415	I am concerned about an abrupt startup where we start up for fall sports or school late in august without much of a buildup. I believe we need mulitple weeks to prep are athletes both mentall and physically. I am also concerned with the problem of someone getting sick (rather corona or not) and how we handle that as a district. Do we immediately quarantine and shutdown? Are there tests available for those in contact with the person? How often will we need to test and/or will we have access to them?	6/2/2020 12:46 PM
2416	I am concerned that we will prolong the social, academic, and athletic progress of students if we hold back on reopening in the 2020-2021 school year.	6/2/2020 12:46 PM
2417	Intermingling of communities both in student athletes and fans	6/2/2020 12:46 PM
2418	Having to teach six feet apart and with masks on. The is NOT realistic. Kids need the social-emotional connection just as much as they need to learn and that can't happen while wearing masks or being separated. Also, changes and regulations that might affect sports. As coaches, we already have enough to worry about with liabilities, I don't want to have to worry about possibly losing my job because I didn't properly follow a COVID procedure on top of all that.	6/2/2020 12:45 PM

2432	Getting back to normal or as close to it as possible	6/2/2020 12:42 PM
2433	My greatest concern is students will miss out on key educational opportunities provided through competitive sports	6/2/2020 12:41 PM
2434	Being able to play the fall season safely, even if it means a truncated season (say 5 or 6 football games), we want a chance to play	6/2/2020 12:41 PM

NYSPHSAA COVID-19 Task Force Survey

2438	I have no concerns for the upcoming season in regards to COVID-19. As an educator for the past 20 years and also as someone whose husband tested positive for the COVID I have seen so many viruses come and go. Given the current state of the CDC and WHO and their constant back tracking of what is and what isn't appropriate I feel it's time to get things back to normal. In my humble opinion keeping our student athletes away from the one thing, sometimes the only positive thing in their lives is a far worse issue than the flu.	6/2/2020 12:40 PM
2439	just that it will hit again	6/2/2020 12:40 PM
2440	That we will continue to over react and more student athletes will loose needed parts to their lives.	6/2/2020 12:40 PM
2441	Sports being cancelled. The students need the opportunity to be part of something again, They need to be part of something that gives them goals and socialization with there friends and teammates	6/2/2020 12:39 PM
2442	Not returning back to school in the fall and that my athletes and students' mental health isn't where it should be.	6/2/2020 12:38 PM
2443	Sick student	6/2/2020 12:38 PM

2455	Lack of a vaccine.	6/2/2020 12:34 PM
2456	Students afraid to go back to school to be in close spaces	6/2/2020 12:33 PM
2457	Spreading virus within a team	6/2/2020 12:32 PM
2458	If there is a positive case on my team we all go into quarantine	6/2/2020 12:32 PM
2459	It would be terrible for scholar athletes to have their seasons taken away from them. To not go back to school in general would be such a bummer for these kids and really detract from the educational and social experience.	6/2/2020 12:31 PM
2460	Spreading COVID to at-risk people (staff over 65, staff with pre-existing conditions). According to governors website, children aged 0-19 years comprise 0.0% of fatalities in NYS, so its spreading it to the elderly I am most concerned for.	6/2/2020 12:31 PM
2461	Social distancing	6/2/2020 12:31 PM

2470	With mixed information coming from the top, I don't know if going back will contribute in the virus spreading more rapidly and endangering my students/ athletes.	6/2/2020 12:27 PM
2471	None. I feels schools are doing a wonderful job keeping things clean and organized	6/2/2020 12:27 PM
2472	That the students will not have the entire high school experience. I do not feel that wearing masks is a way to teach or coach. I don't even know if they are going to go back to school which would be a big problem.	6/2/2020 12:27 PM
2473	That we stop sports instead of looking at how we can do it with safety changes.	6/2/2020 12:26 PM

2501	AFTER LOOKING AT THE DATA I HAVE NO CONCERN RELATED TO COVID.!!!	6/2/2020 12:16 PM
2502	I am not concerned on going back to school. If their was to be a sudden spike in the virus I would feel it appropriate to temporarily suspend activities.	6/2/2020 12:16 PM
2503	My biggest concern is a continued loss of learning for students if there is another closure or if students come back with limited schedules	6/2/2020 12:16 PM
2504	Governor Cuomo screwing shit up for the kids.	6/2/2020 12:15 PM
2505	A second wave.	6/2/2020 12:15 PM
2506	The health of student athletes, coaches, families, officials, and staff. How can our students safely participate in sports while minimizing the risk for community spread?	6/2/2020 12:15 PM
2507	Too many students crowded together, spreading/perpetuating COVID-19	6/2/2020 12:15 PM
2508	Being able to social distance in my Physical Education class and the procedures to keep equipment sanitized.	6/2/2020 12:14 PM
2509	I am worried that our children will not be able to attend in a social appropriate and safe way. I worry that student will have to limit their interactions which will promote increased negative behaviors. I am also worried that our students have been away from one another so long that immunity is not being built for regular viruses. It is very difficult to reach herd immunity status when we are not able to function as "normal". Sport are super important to our area schools, with out them our student will suffer social, emotionally, physically and academically.	6/2/2020 12:14 PM

2519	That it will prevent our student-athletes from getting back to the structure and guidance they desperately need.	6/2/2020 12:10 PM
2520	My biggest concern is that I'm a head coach and I have asthma which puts me at a high risk. But, if safety precautions are met then I would feel comfortable returning.	6/2/2020 12:10 PM
2521	Several concerns like most of my colleagues - Large group gatherings ie: class sizes, sports teams, events (athletics, concerts, etc), sanitizing/cleaning, student transportation to and from, testing/scanning for Covid-19	6/2/2020 12:10 PM
2522	No concern at all.	6/2/2020 12:09 PM
2523	The unpredictability of the virus. Also, the recommendations from NHFS make it seem as if we might as well not have any sports at all.	6/2/2020 12:09 PM

2644	I am concerned that contact sports are high risk due to social distancing guidelines	6/2/2020 11:34 AM
2645	Not having athletics	6/2/2020 11:34 AM
2646	I have no concern. I believe we need to get back to our school buildings and have our students participate in sports. This COVID-19 was a scam. If we can protest in the streets and riot, we can do something positive like opening our school buildings and school sports. My mistake...I have one concern. My biggest concern is our students not going back to school in the fall which will hurt our communities and society more. We need to have our sports back and our schools reopened!	6/2/2020 11:32 AM

2683	How the opportunity of our student athletes are being negatively impacted due to this pandemic and the valuable lessons and experiences they are missing out on!	6/2/2020 11:25 AM
2684	Above all, I am concerned for the health and safety of my athletes and coaching staff. Another concern is the emotional strain that the beginning of the school year will have on the athletes. After being in quarantine for months it will be difficult for students to focus on both their schoolwork and their sport participation in the fall. In addition to that, I struggle with envisioning what a practice will look like. I coach an indoor sport in the fall (girls volleyball) and I know that the regulations for indoor activity will be different from outdoor activities like soccer or tennis. Creating a meaningful drill that works on competitive teamwork skills like serve reception or running your offensive system rely on more than one person contacting the volleyball in a very small area. 2724	A lot of students participate in athletics. Without athletics in their lives, (as a teacher also) I see many students who ignore their academics. With the distance learning we have also been doing, students are ignoring their academics. For the next school year, without being physically present in the buildings, and without sports, many students unfortunately are going to be making the wrong decisions that are going to negatively impact their lives.	6/2/2020 11:16 AM

2908	That we will not stay open the entire time and may have some kind of schedule that utilizes on line and in person	6/2/2020 10:34 AM
2909	my greatest concern is getting the virus and infecting a family member.	6/2/2020 10:33 AM
2910	The spread of the virus causing the loss of athletics for college bound athletes to not have the platform to showcase their skills to create an educational opportunity for themselves.	6/2/2020 10:33 AM
2911	How to figure out how to have a full class of students in person. I do not see how you can have 25-30 students in 1 classroom and stay socially distanced.	6/2/2020 10:33 AM
2912	Kids not playing, thusly losing interest in school sports and turning to other activities maybe not so positive.	6/2/2020 10:33 AM
2913	Conditioning and practice time.	6/2/2020 10:32 AM
2914	None	6/2/2020 10:31 AM
2915	The health and safety of our staff and students.	6/2/2020 10:31 AM
2916	Going back and then having to close again- dealing with disappointment from student athletes. The current mental health of the students is also a great concern. What about the liability issues if one member of the team passes on the virus to others?	6/2/2020 10:31 AM
2917	Just a safe clean environment for learning. Testing for students and staff.	6/2/2020 10:31 AM
2918	Testing in highly populated city	6/2/2020 10:31 AM
2919	How to socially distance elementary students. How to get athletics back!	6/2/2020 10:30 AM
2920	Losing the football season... which will lead to the program most likely folding	6/2/2020 10:29 AM
2921	Students falling behind if we don't open	6/2/2020 10:29 AM
2922	An outbreak when we all come back together	6/2/2020 10:29 AM
2923	Uncertainty of how we will return	6/2/2020 10:29 AM
2924	keeping swimmers and divers at safe distances. I researched noted training guidelines by the athletic organization of USA Swimming.	6/2/2020 10:28 AM
2925	Student and Faculty safety.	6/2/2020 10:28 AM
2926	A return of normalcy for students	6/2/2020 10:28 AM
2927	Lockrooms, bus rides, contact in practice and games	6/2/2020 10:28 AM
2928	My greatest concern is that we will continue distance learning instead of returning back to school.	6/2/2020 10:27 AM
2929	Maintaining social distance, kids wearing masks properly, being fully engaged in their school work if remote learning is used	6/2/2020 10:27 AM
2930	Inequity of virtual learning if students do not return to in-person learning in school buildings	6/2/2020 10:27 AM
2931	I feel as adults we are all capable of assessing the situation to best protect our athletes.	6/2/2020 10:26 AM
2932	Our teenagers mental health if sports/activities are cancelled.	6/2/2020 10:26 AM
2933	Disruption of the educational process due to school closures and inequitable resources within my district.	6/2/2020 10:26 AM
2934	Screening of athletes temperature Spread of the virus No vaccine available yet	6/2/2020 10:26 AM
2935	There is a lot unknown about COVID-19 and with all the unknown its hard to be certain what will happen when our season begins in August and if school will even be ready by September.. How will schools really manage to continue a safe environment with distancing when school sizes can be so large.	6/2/2020 10:25 AM
2936	The government not allowing it to happen.	6/2/2020 10:25 AM

NYSPPHSAA COVID-19 Task Force Survey

2937	A hasty decision will be made regarding school and athletics.	6/2/2020 10:25 AM
2938	How can we social distance with so many students in a small setting?	6/2/2020 10:25 AM
2939	A lack in precautions	6/2/2020 10:25 AM
2940	Overall Safety and remaining healthy.	6/2/2020 10:24 AM
2941	I fear that a new wave of cases will cause another school closure during the school year.	6/2/2020 10:24 AM
2942	Not having a season.	6/2/2020 10:24 AM
2943	Socializing and normalcy	6/2/2020 10:23 AM
2944	Handling of when students and staff test positive. Making sure not to over react. While at the same time making sure all others are protected.	6/2/2020 10:23 AM
2945	Virus hitting a second wave, students getting sick	6/2/2020 10:22 AM
2946	Limiting the amount of athletes at practices. There's no time to run more than one practice especially sharing one pool (swim team).	6/2/2020 10:22 AM
2947	School and seasons being cancelled, college-bound athletes or scholarship potential athletes missing out on opportunities.	6/2/2020 10:22 AM
2948	My greatest concern is of course safety for all. Aside from that concern, I also believe the mental and emotional health and wellness of our students is critical.	6/2/2020 10:22 AM
2949	If there will even be a fall season	6/2/2020 10:22 AM
2950	Students missing out on school and sports in person which give them not only valuable lessons that are irreplaceable, but also a safe haven from home life and someone to confide personal issues to. Kids are struggling mentally, socially, and physically	6/2/2020 10:22 AM
2951	Working closely with others that may have the virus.	6/2/2020 10:21 AM
2952	The potential of spreading between schools at contests.	6/2/2020 10:21 AM
2953	After reading the guidelines for re-opening schools (suggested by the CDC), it is hard to imagine that this is what schools could look like.	6/2/2020 10:21 AM
2954	Not being in the classroom and having the students miss out on another sport season.	6/2/2020 10:21 AM
2955	Missing seasons	6/2/2020 10:21 AM
2956	COVID getting worse over the summer and disrupting planning for the Fall.	6/2/2020 10:21 AM
2957	With the shut down of spring sports, due to C19 and no students in school, that the same will happen with the fall. That a 2nd wave will hit and we will be closed again, sending kids who start the fall season away and it will affect them as it did this spring.	6/2/2020 10:20 AM
2958	Loss of sports seasons, our school has been great in following safety concerns, cleanliness is not a huge concern, but dealing with the student-athletes emotional loss of their final year or missing their friends and teammates.	6/2/2020 10:20 AM
2959	Staying Healthy	6/2/2020 10:20 AM
2960	Another wave happening.... Hard to social distance in sports activities!	6/2/2020 10:19 AM
2961	Regulations that will be put into place regarding social distancing/continued distance learning.	6/2/2020 10:19 AM
2962	I am worried that schools will not fully re-open, that teachers and coaches will loose their jobs, and that the sports/competitions we love so much will not happen	6/2/2020 10:19 AM
2963	If schools are open there will be many sick students, teachers, staff and it will get out of hand.	6/2/2020 10:19 AM
2964	Not having a season	6/2/2020 10:19 AM
2965	A second wave of Covid-19 coming back in the fall, thus effecting the school year.	6/2/2020 10:19 AM
2966	That we will continue distance learning and the struggles all students might have depending on their home environment such as : mental health issues, lower socioeconomic families, child abuse and domestic violence.	6/2/2020 10:18 AM

NYSPPHSAA COVID-19 Task Force Survey

2967	Getting the students into the classrooms on a consistent basis, which in turn makes them eligible for practices/games	6/2/2020 10:18 AM
2968	Not reaching all students.	6/2/2020 10:18 AM
2969	If schools decide to go with a longer day, double block type of scheduling and or a AM/PM schedule how can kids/coaches attend practices and games? We are teachers 1st...We need to be in the classroom as much as possible.	6/2/2020 10:17 AM
2970	Keeping social distancing during the school day and during athletic practices and contests for everyone involved.	6/2/2020 10:17 AM
2971	The safety of the athletes	6/2/2020 10:17 AM
2972	Protection for athletes/coaches/spectators during athletic events	6/2/2020 10:17 AM
2973	I don't really have one	6/2/2020 10:17 AM
2974	Meeting the CDC guidelines for returning to school and how to actually practice social distancing guidelines. How will contact sports operate?	6/2/2020 10:17 AM
2975	Not having an alpine ski season due to school closure.	6/2/2020 10:16 AM
2976	My largest concern would be student Athletes getting together in competition with other schools possibly spreading the virus. Academics should be the priority right now. Academics will provide more opportunities then athletics. Closing school Due to the spread of the virus is not helping the students and the community as a whole.	6/2/2020 10:16 AM
2977	Spacing	6/2/2020 10:16 AM
2978	Being stuck home and doing more distance learning.	6/2/2020 10:16 AM
2979	That we will not go back and the students will be missing so much of their learning.	6/2/2020 10:15 AM
2980	All of the uncertainties and unknowns as we return to school and sports.	6/2/2020 10:15 AM
2981	Social distancing capabilities, bussing, cleaning PE equipment	6/2/2020 10:15 AM
2982	That a breakout of the virus occurs in the school or on a team.	6/2/2020 10:15 AM
2983	Social Distance	6/2/2020 10:14 AM
2984	How it is going to affect the scholar academically and emotional.	6/2/2020 10:14 AM
2985	I have no concerns...I believe that this is being blown way out of proportion. I believe that this past spring sports should have been played and that school and sports should be reopened in September as usual.	6/2/2020 10:14 AM
2986	The continuation of social distancing and the impact it will have on classrooms, as well as athletic practices and contests.	6/2/2020 10:14 AM
2987	My biggest concern is the students lack of ability to go to school daily.	6/2/2020 10:13 AM
2988	Having a second wave	6/2/2020 10:13 AM
2989	That there will be an uptick in cases and return to school will be delayed	6/2/2020 10:13 AM
2990	Large classes in PE	6/2/2020 10:13 AM
2991	How to keep everyone safe. How to properly educate our students.	6/2/2020 10:13 AM
2992	Large crowds during surge in fall	6/2/2020 10:12 AM
2993	At the high school level, how to keep social distancing, class size, operational things in the classroom. How to keep equity if staggering start times, combo of in person and online learning. All the "what ifs", someone tests positive, a team gets sick etc	6/2/2020 10:12 AM
2994	Keeping everyone (students and staff) safe.	6/2/2020 10:12 AM
2995	Potentially balancing in-class and virtual instruction	6/2/2020 10:12 AM
2996	Kids need to play team sports- very important part of their education	6/2/2020 10:11 AM
2997	That we won't be allowed to open based on a policy of fear and political "facts."	6/2/2020 10:11 AM

NYSPPHSAA COVID-19 Task Force Survey

2998	That all the fear mongering going around is going to delay or shorten or eliminate sports this year. I have 0 concerns about the virus itself	6/2/2020 10:11 AM
2999	Unrealistic policies and restrictions	6/2/2020 10:11 AM
3000	Students/athletes mental health	6/2/2020 10:11 AM
3001	1. Spreading the virus, 2. having students fall behind even more than they have. It is a very difficult balance to keep everyone safe, and yet still provide a strong education. Also, it would be a shame to lose sports, but it must be a secondary priority.	6/2/2020 10:11 AM
3002	over reacting with regards to children being infected and making modifications to the educational and athletic opportunities unnecessarily	6/2/2020 10:11 AM
3003	Transportation	6/2/2020 10:10 AM
3004	If they say we are supposed to maintain 6' between each person. How is that going to happen.	6/2/2020 10:10 AM
3005	Teacher layoffs extra curricular cuts and not being able to have sports	6/2/2020 10:10 AM
3006	Opening up to full capacity (i.e., full classes, cafeteria, locker room, sporting events, etc...)	6/2/2020 10:10 AM
3007	Unknown transmission of COVID-19.	6/2/2020 10:10 AM
3008	Greatest concern is there being another spike in virus cases.	6/2/2020 10:10 AM
3009	My concern is that the kids are going to fall behind in many ways because of the covid 19 I talk to many parents that say they just can't home school there kids. And with out sports I just worry that a lot of kids will be forgotten therefore will turn to the streets School sports and school are much more than a game won or a homework assignment done. So I do believe it's important to get them started on time	6/2/2020 10:09 AM
3010	Health of students	6/2/2020 10:09 AM
3011	KEEP STUDENTS 6' APART AND WEARING FACE MASK. TRAVEL TO SCHOOL OR CONTEST VIA SCHOOL BUS.	6/2/2020 10:09 AM
3012	The mental strain on our student athletes regarding possible covid-19 infection and the possibility of infecting loved ones at home.	6/2/2020 10:09 AM
3013	The spread of COVID even with my efforts to avoid the spread.	6/2/2020 10:08 AM
3014	Not being able to follow cdc social distance guidelines and in return students not being able to stay safe and causing an uprise in the virus	6/2/2020 10:08 AM
3015	Being back to normal and having sports. The kids need sports in thier life and won't take well to being at school, but not okaying sports	6/2/2020 10:08 AM
3016	That COVID-19 prevents students from accessing the full range of education, including sports.	6/2/2020 10:08 AM
3017	Not meeting CDC distancing requirements.	6/2/2020 10:08 AM
3018	Resuming congregations could lead to second wave and for us to start from scratch again	6/2/2020 10:07 AM
3019	We are in a largely populated area and it will be hard to maintain safe practices with our small facilities. People	6/2/2020 10:07 AM
3020	How to space kids out in already overcrowded school buildings	6/2/2020 10:07 AM
3021	Not going back to school.....we need to get back to normal life.	6/2/2020 10:07 AM
3022	Decisions need to based on science. Also the timing needs to be set so we see the effects and progress on the phased re-opening. If Re-opening goes well, then sports and schools can follow.	6/2/2020 10:06 AM
3023	Having to cancel an entire season	6/2/2020 10:06 AM
3024	Establishing a feeling of safety. I feel that everyone's core has been shaken by the spread of this disease. I am in a district with low participation. If students don't feel comfortable going to school, this could kill my program.	6/2/2020 10:06 AM
3025	That some of my players or myself will get Covid-19.	6/2/2020 10:05 AM

NYSPHSAA COVID-19 Task Force Survey

3026	Not having athletics due to COVID - 19. This will take a significant mental toll on student-athletes. Many of these students will have missed two consecutive seasons. This is equivalent to almost 9 months of inactivity.	6/2/2020 10:05 AM
3027	Students being allowed to play. This is an outlet and a reward for so many of our students.	6/2/2020 10:05 AM
3028	Testing	6/2/2020 10:05 AM
3029	A kid on my team getting sick.	6/2/2020 10:05 AM
3030	A second wave based on the massive size of the student body in the school and limited space. Many offices and classrooms do not have windows limiting the fresh air entering the building.	6/2/2020 10:04 AM
3031	Re-opening in September and then going back to Virtual Learning due to a second wave of covid-19. Plus, cancelling of entire athletics season.	6/2/2020 10:04 AM
3032	I am concerned that we will continue on-line learning rather than return to the building. This will be a great disservice to our student athletes	6/2/2020 10:04 AM
3033	Everyone's safety.	6/2/2020 10:03 AM
3034	Losing a group of students that never return to school because they don't fully come for academics and with online learning and extra curricullars they won't show	6/2/2020 10:03 AM
3035	Being able to return to school and sports with social distancing in place	6/2/2020 10:03 AM
3036	The second wave and how vulnerable athletes, coaches will be.	6/2/2020 10:03 AM
3037	health and safety for everyone	6/2/2020 10:03 AM
3038	It's affect sports and educations.	6/2/2020 10:02 AM
3039	The powers to be, being overly cautious. Covid-19 deaths are extremely rare for children under the age of 25 and that they will not take in all the data and make a informed decision	6/2/2020 10:02 AM
3040	safety of players	6/2/2020 10:02 AM
3041	As with any other infectious pathogen, we need to be careful to maintain cleanliness and proper hygiene during the school year. The death rate among ages 5-18, no matter what public perception is, is not a serious threat. Our youth and staff members alike must build herd immunity - as a group we will defeat this and in doing so return to normalcy, but not under a continued lockdown quarantine --> the emotional/psychological effects of doing so has made a damaging toll on our state in many ways... --> such politicalization and fear mongering tactics by the media does not promote hope or sense of ever moving on from this.... Study the majority of Europes reopening of public education and also in other states here at home -- such a stark divide in policies between contrasting blue/red states. Very concerning about what is really going on behind the scenes.... - our livelihood will soon return and in using common sense, we will once again flourish. Thank you sir for your leadership and support of our student-athletes.	6/2/2020 10:02 AM
3042	keeping students and staff safe	6/2/2020 10:02 AM
3043	Ability to insure school staff and students are virus free.	6/2/2020 10:02 AM
3044	Student athletes missing out on opportunities	6/2/2020 10:01 AM
3045	It will be difficult with setting the expectations with the each course if we are not face-to-face.	6/2/2020 10:01 AM
3046	No real concern	6/2/2020 10:01 AM
3047	My greatest concern is that we will not be back in the school building for the 2020-2021 school year.	6/2/2020 10:01 AM
3048	None	6/2/2020 10:01 AM
3049	Not having a season at all	6/2/2020 10:00 AM
3050	Closeness of students and athletes.	6/2/2020 10:00 AM
3051	The school district making the decision to allow fall sports.	6/2/2020 10:00 AM
3052	Being able to play sports even during a "hybrid" school opening, remote learning, or other social distancing measures	6/2/2020 10:00 AM

NYSPHSAA COVID-19 Task Force Survey

3053	Safety of students and staff. Can we protect everyone correctly?	6/2/2020 10:00 AM
3054	Children being able to acclimate to whatever changes are put into place	6/2/2020 10:00 AM
3055	Maintaining proper distance and the whole mask thing. I'm not exactly sure how we can participate in sports and maintain distancing	6/2/2020 10:00 AM
3056	I think children often not showing symptoms and working with them closely. I am not sure face masks will work, but distance learning is not really working as well.	6/2/2020 10:00 AM
3057	Distancing our athletes at training and the risk of being quarantined if one of my players is infected.	6/2/2020 9:59 AM
3058	My biggest concern is someone on the team contracting the disease and spreading it throughout the team during the season. This would put a cobash on the competition.	6/2/2020 9:59 AM
3059	Not going back to normal.	6/2/2020 9:59 AM
3060	A spike in cases will occur before a vaccine is created.	6/2/2020 9:59 AM
3061	Student learning ability through continued distance learning	6/2/2020 9:58 AM
3062	Health concerns and a closure.	6/2/2020 9:58 AM
3063	Scheduling of classes and budgetary implications of the COVID-19 crisis.	6/2/2020 9:58 AM
3064	Outbreaks in my school	6/2/2020 9:58 AM
3065	Balancing safety with the fun of scholastic athletics. I don't think it can be done...	6/2/2020 9:57 AM
3066	Making sure we get back to normal with school and sports. The students need social interaction and camaraderie.	6/2/2020 9:57 AM
3067	No sports	6/2/2020 9:57 AM
3068	School closure	6/2/2020 9:57 AM
3069	How to social distance and wear masks.	6/2/2020 9:56 AM
3070	Social distancing and the rapid spread of COVID	6/2/2020 9:56 AM
3071	over reaction to this virus by administrators and government officials	6/2/2020 9:56 AM
3072	public health	6/2/2020 9:56 AM
3073	That we cancel athletics. So many student / athletes need sports to succeed. Athletics is the "pull" for thousands of young people and without that I fear their academics will suffer greatly.	6/2/2020 9:56 AM
3074	What the school day will look like - how it will affect the kids.	6/2/2020 9:55 AM
3075	The unknown	6/2/2020 9:55 AM
3076	Due to the pandemic and state and federal funding extra curricular activities do not get funded	6/2/2020 9:54 AM
3077	The lack of activities and sports that help students become well rounded human beings.	6/2/2020 9:54 AM
3078	Following specific health guidelines that may be set in place (6 feet apart) with so many students in a building / on busses.	6/2/2020 9:54 AM
3079	My greatest concern is the lack of information and communication surrounding Covid-19 that would lead to coaches, athletes, and fans being put in harms way.	6/2/2020 9:54 AM
3080	student safety and parental support	6/2/2020 9:54 AM
3081	Not having sports for the students to participate in next year.	6/2/2020 9:54 AM
3082	How it affects the mental health of my students and athletes.	6/2/2020 9:53 AM
3083	My biggest concern is how the students will feel. Will they be anxious, upset, sad, etc. I am also concerned with how school and sports will work. I coach swimming so distancing can easily be done, but other sports may cause difficulties. I believe it is important for all students to have as close to normal as possible school/athletic experience.	6/2/2020 9:53 AM
3084	Secondary outbreak	6/2/2020 9:53 AM

NYSPHSAA COVID-19 Task Force Survey

3085	I am concerned about meeting the CDC guidelines in the athletic setting.	6/2/2020 9:53 AM
3086	students following new guidelines	6/2/2020 9:53 AM
3087	Maintaining safe social distance measures with larger numbers	6/2/2020 9:52 AM
3088	Not having a one to one device to do live instruction	6/2/2020 9:52 AM
3089	Not having a sports season and the issue of not being able to properly equip the students with the knowledge from their classes	6/2/2020 9:52 AM
3090	Second wave of Covid-19 cases spreading throughout the student and faculty population.	6/2/2020 9:52 AM
3091	Concerned that there will be a spike in covid cases and we won't have soccer.	6/2/2020 9:51 AM
3092	I have none.	6/2/2020 9:51 AM
3093	Will students be allowed back to school? Will there be enough testing?	6/2/2020 9:51 AM
3094	That COVID will spread through my locker room, to my coaches room, and home to my family.	6/2/2020 9:51 AM
3095	Getting back to normal. I am not concerned with the virus so much anymore	6/2/2020 9:51 AM
3096	Keeping students socially distanced	6/2/2020 9:50 AM

3102	Schools will not take a chance an allow student athletes to compete.	6/2/2020 9:48 AM
3103	Doing digital learning and the students go without the social interaction that is necessary for their growth as a person. Physical health is important to protect, but so is the mental health of human beings. If we are forced to stay home, or get rid of athletics, these kids are going to suffer. I feel like we will lose a lot of students if we are not in a physical school setting.	6/2/2020 9:48 AM
3104	Mental Heath implications on our children if we continue to keep schools closed.	6/2/2020 9:48 AM
3105	The 1 main concern I have is competition season. I coach cheerleading and when we are at another school it's very difficult to try any type of social distancing. We cheer in the winter season and that is cold and flu season already. I know my athletes try to push through the season even when sick and I know other teams do the same.	6/2/2020 9:47 AM

3133	Being able to provide student athletes with a semblance of normalcy through sport.	6/2/2020 9:42 AM
3134	My greatest concern is that we will alter our lives and games in a manner that will damage children's psyches. Our kids need school and sports for reasons beyond reading, writing and putting the ball in the basket. They need to be together to play their games and work towards a common goal. They have to learn how to be teammates, friends and leaders. They need in-person interaction to learn how to be kind, caring adults who can thrive, no matter the circumstance. I am confident that we will get through this, but we cannot COMPLETELY alter ourselves and our lives to do so. We must take precaution and stay home when we are feeling sick, get tested and treated if we are ill and protect vulnerable populations. We can't give up everything our kids have worked for, but we can work to make a situation in which they can continue their work together.	6/2/2020 9:41 AM
3135	Rules being changed in the volleyball game, whereas we need to teach new rules with players becoming frustrated, as as new net area calls.	6/2/2020 9:41 AM

the whole child. Yes it is necessary to have things in place for physical well-being to prevent the spread of disease. BUT- so many students were robbed of the very things that are important to their mental/emotional health and their social health. If we don't do this whole process carefully, and push to be back but make things so filled with "rules and guidelines" to prevent the spread of disease- that I feel students will suffer tremendous damage to their mental/emotional and social well-being.

3293	I have NO CONCERNS! Open all schools and bring all kids back! I am a teacher too!	6/2/2020 9:09 AM
3294	What the school environment and sports will look like based on whatever the guidelines are at the time.	6/2/2020 9:09 AM
3295	My concern is if we do not return to school and sports, we will lose a large portion of student athletes to club teams if they are allowed to open first.	6/2/2020 9:08 AM
3296	A player tests positive in the middle of the season.	6/2/2020 9:08 AM
3297	Relapse and spike in cases as well as unknown long term affects on children.	6/2/2020 9:08 AM
3298	I don't want to see any more sports seasons cancelled. We need a return to normality. I don't want any of my student-athletes, many of whom have dedicated themselves for years to their sports, lose another season -- particularly the upcoming senior class.	6/2/2020 9:08 AM
3299	Following CDC guidelines for social distancing while still offering a full academic and social experience for our children	6/2/2020 9:08 AM
3300	No Sports for the kids especially the seniors like we had during Lacrosse season when our seniors had to miss out on their last year to play for their high school.	6/2/2020 9:08 AM

3302	Busing and class size/spacing	6/2/2020 9:07 AM
3303	My greatest concern is how we will continue to practice social distancing in our school and on the fields without a vaccine currently available.	6/2/2020 9:07 AM
3304	Possibly bringing home COVID-19 to my children (newborn and 2 year old) and my wife, or my parents who care for my child when at work.	6/2/2020 9:07 AM
3305	Being able to maintain social distancing rules, and enforcing the students to wear masks and use proper hand hygiene.	6/2/2020 9:07 AM
3306	Maintaining health & safety of students, faculty, and staff without adequate and proper testing available. Classroom size, locker room size, cleanliness of facilities both academic & athletic.	6/2/2020 9:07 AM
3307	Procedures in place when a student or athlete tests positive for COVID-19 for the classmates or teammates to be safe.	6/2/2020 9:07 AM
3308	Not offering activities our students can participate in for fun and stress relief.	6/2/2020 9:07 AM
3309	As a basketball and lacrosse coach, I am concerned about how to keep my players safe. Social distancing is not an option in these sports and to wear a mask while playing would be next to impossible.	6/2/2020 9:07 AM

3320	I'm concerned there will not be sports hoping this isn't true	6/2/2020 9:05 AM
3321	None. The people in charge or over thinking this. Research shows kids are not impacted by this (yes there are statistical outliers as with everything).	6/2/2020 9:05 AM
3322	Fear of the unknown. Living week by week wondering if the season will be canceled again, wondering if summer training will be voided. How to keep athletes motivated if we open - close - open - close.	6/2/2020 9:05 AM

3329	Kids need the school atmosphere. To learn, to explore, to grow up. Adults need school to get back to work. Everyone needs school to get life back on track...	6/2/2020 9:04 AM
3330	The kids will not have an outlet such as sports to go to	6/2/2020 9:04 AM
3331	Having a case reappear and round two of everything shutting down.	6/2/2020 9:04 AM
3332	I'm worried the kids will have so many restrictions that sports will fold for the fall.	6/2/2020 9:03 AM

3346	That there will not be one.	6/2/2020 9:01 AM
3347	That a decision on sports will be made too early. We are headed in a positive direction with the Covid process and I hope schools and administrators wait to make decisions on school and sports until they have all the facts this SUMMER	6/2/2020 9:01 AM
3348	We have consistent systems and processes in place to address positive cases or exposure.	6/2/2020 9:01 AM
3349	I do not have concerns. I look forward to the anxiety of society to be eased by other states letting athletes play before us and demonstrating the low transmission rate between youth.	6/2/2020 9:01 AM
3350	Children's safety	6/2/2020 9:01 AM
3351	That delivery of curriculum and access to resources is inadequate if we continue with virtual learning. We need to be back in school. Therefore, my greatest concern is students/teachers having to continue with virtual learning.	6/2/2020 9:01 AM

3364	cancellation of sports	6/2/2020 8:59 AM
3365	Over-reaction and the loss of another sports season or semester of school.	6/2/2020 8:59 AM
3366	I fear that all extra-curricular activities will be removed from our students' lives. No sports, music, art, after school clubs, field trips, etc.	6/2/2020 8:58 AM
3367	dying of COVID-19, isn't that the only obvious answer for this one.	6/2/2020 8:58 AM
3368	none	6/2/2020 8:58 AM
3369	My concern is for my older colleagues to get infected. Secondary from that, my concern is for anyone to get infected and get sick themselves or bring the virus home to a family member. Our school hallways are very crowded.	6/2/2020 8:57 AM
3370	That sports and extracurriculars will be cancelled. Please let's find a way!	6/2/2020 8:57 AM
3371	Ensuring we do not lose a year of competition.	6/2/2020 8:57 AM
3372	That it could prevent the year/season from occurring.	6/2/2020 8:57 AM
3373	Greatest concern is these young athletes missing another season. Athletics are so important in our youths lives	6/2/2020 8:57 AM
3374	Being able to conduct meaningful practice sessions and competitions for the benefit of the student athletes while remaining safe.	6/2/2020 8:56 AM
3375	My concern would be for older teachers and coaches who might be at greater risk.	6/2/2020 8:56 AM
3376	I'm not really scared about dealing with the virus. Just really hoping we get back in the buildings.	6/2/2020 8:56 AM
3377	850 students in 1 building without the ability to distance and no vaccine. Students and teachers especially with underlying medical conditions are more susceptible to catching it and get very sick.	6/2/2020 8:56 AM
3378	Returning 100% to virtual learning	6/2/2020 8:56 AM
3379	None	6/2/2020 8:56 AM
3380	The unknown, I would like to know how the virus is transmitted.	6/2/2020 8:55 AM
3381	Students not being allowed to play sports has more of an impact than just the athletics itself. My players need to be part of a team for the social-emotional aspect, to have some normalcy in their lives. Some of them are just on a team for fear of having to go home at night	6/2/2020 8:55 AM

NYSPHSAA COVID-19 Task Force Survey

3382	Being able to have adequate time to prepare for the season ahead. Time to get into the building, time to meet up (especially with essentially the whole preseason cancelled). I am also concerned with transportation to and from matches and how that will work.	6/2/2020 8:55 AM
3383	My biggest concern is school not opening. As a teacher and coach our youth are suffering and need social interaction.	6/2/2020 8:55 AM
3384	Inconsistency for the students/athletes as far as possibly being in school sometime and at home sometime. The overall unknown of the situation. Seniors missing out on their final year of sports.	6/2/2020 8:55 AM
3385	Spread of the covid 19	6/2/2020 8:54 AM
3386	A second wave and having to go to virtual learning again.	6/2/2020 8:54 AM
3387	Social Distancing	6/2/2020 8:54 AM
3388	I'm not to concerned I feel by this fall we will have a much better handle on things and know how to proceed but with caution	6/2/2020 8:54 AM
3389	Schools remain closed, sports Being canceled,etc	6/2/2020 8:53 AM
3390	what sports are going to look like.	6/2/2020 8:53 AM
3391	In terms of athletics, my fear is that rules/regulations will be put into place that greatly change each sport. Athletes and competitors want to play the game they've worked so hard to develop skills for. They do NOT want to play some modified version of the game just to satisfy health and safety regulations. The sport itself cannot change.	6/2/2020 8:53 AM
3392	Not allowing it to continue to spread	6/2/2020 8:53 AM
3393	Distance learning thru the first semester and no sports	6/2/2020 8:53 AM
3394	Safety getting back in shape on a short time line	6/2/2020 8:53 AM
3395	How to transport students to school while following CDC recommendations, as well as how to have all students in the classroom together.	6/2/2020 8:53 AM
3396	Everyone follows things set forth to stay safe.	6/2/2020 8:53 AM
3397	Maintaining social distancing with transportation to & from school, and in the classroom.	6/2/2020 8:53 AM
3398	Spacing , how to keep kids 6 feet apart . They are team and will want to cheer and be near each other	6/2/2020 8:53 AM
3399	Being able to run cross country races without making any drastic changes to the sport to deal with social distancing.	6/2/2020 8:53 AM
3400	The State not allowing schools to re-open and function normally. The loss of needed socialization, emotional learning and human contact for our children.	6/2/2020 8:53 AM
3401	Returning to school only to be forced to once again have distance learning.	6/2/2020 8:53 AM
3402	Exposure/Diagnoses of the virus at our school, causing mid-season temporary shutdowns and potentially dangerous situations for coaches/athletes.	6/2/2020 8:52 AM
3403	Schools not opening.	6/2/2020 8:52 AM
3404	My major concern is if we are allowed to play what kind of restrictions and guidelines we would have to follow everyday and the implementation of those guidelines on high school age athletes. I am not sure how much coaching we can do policing the guidelines.	6/2/2020 8:52 AM
3405	My biggest concern is that we continue online learning, it is not working.	6/2/2020 8:52 AM
3406	How will school be structured in the fall due to Covid	6/2/2020 8:52 AM
3407	People overreacting	6/2/2020 8:52 AM
3408	Pandemic returning	6/2/2020 8:52 AM

3412	lack of screening	6/2/2020 8:50 AM
3413	My greatest concern is the mental health of the student athlete. Need need sports to help with the stress and depression that I'm seeing in young people. I'm afraid that covid 18 is not as dangerous as the depression and stress that it is casuing	6/2/2020 8:50 AM
3414	Keeping the students in school safely all year long.	6/2/2020 8:50 AM
3415	I am concerned that in order to make the school safe for students and avoid spreading COVID-19, the students will lose many opportunities that make school more engaging, including athletics and other clubs.	6/2/2020 8:50 AM
3416	Kids spreading COVID-19 at school and kids taking it back to their families at night.	6/2/2020 8:50 AM
3417	Budget cuts	6/2/2020 8:50 AM
3418	Cleanliness of equipment and locker room, maintaining proper distance, testing kits	6/2/2020 8:49 AM
3419	The only concern I have is parents not keeping their kids home when they are sick or have signs of illness....and then not taking the proper steps to have them tested.	6/2/2020 8:49 AM
3420	Student athletes coming into contact with other student athletes from different schools and risking exposure. Our teams travel all over the state.	6/2/2020 8:49 AM
3421	Second wave of virus	6/2/2020 8:49 AM
3422	Second wave forcing another quarantine during fall or winter	6/2/2020 8:48 AM
3423	Absenteeism,	6/2/2020 8:48 AM
3424	Students falling behind, becoming disconnected with school and giving up	6/2/2020 8:48 AM
3425	Maintaining safety and if one player test positive/gets sick what happens	6/2/2020 8:47 AM
3426	I am worried about any child or adult that has health concerns. I also worry about children that attend school or athletic events spreading germs and bringing them home to their families.	6/2/2020 8:47 AM
3427	Administration not thinking of the students first and feeling like teaching and learning virtually is a good way for students to learn. Also, if school were to be completely flipped upside down because of this virus.	6/2/2020 8:47 AM
3428	Social distancing	6/2/2020 8:47 AM
3429	As a wrestling coach, we already have different diseases run through the room. If this is covid, people could die.	6/2/2020 8:46 AM
3430	I think we can all be safe in section 10 if we follow basic health and safety persuasions. It takes consistency and everyone to do their part!	6/2/2020 8:46 AM
3431	How to keep social distancing	6/2/2020 8:46 AM
3432	Students being able to receive meaningful instruction and guidance	6/2/2020 8:46 AM
3433	That there will be very little consistency and a possible return to quarantine that will further disrupt the learning environment.	6/2/2020 8:46 AM
3434	Not knowing what course the virus will take. Unable to create a physical outlet for our student-athletes.	6/2/2020 8:45 AM
3435	My greatest concern is that we are not allowed to come back to school in the fall and that students are not able to participate in the sports that they truly need right now. There are students that are struggling mentally, and I feel that school/athletics can help with confidence and building up those relationships that so many students need right now.	6/2/2020 8:45 AM
3436	being able to maintain a safe and recommended distance	6/2/2020 8:45 AM

3446	Amount of students and athletes we will continually have in confined spaces.	6/2/2020 8:42 AM
3447	Safety.	6/2/2020 8:42 AM
3448	The biggest concern I have is COVID-19 spreading again.	6/2/2020 8:42 AM
3449	We start school and then they pull the plug and go back to what we did this spring. Fearful that we will loose kids and interest in school.	6/2/2020 8:41 AM
3450	Based on the CDC guidelines as of June 1st, it is almost impossible to open schools. Hoping it changes over the next couple of months. My concern is with the overall health of our students and to find a way to get them back to school safely.	6/2/2020 8:41 AM
3451	My biggest concern is not having sports in the fall. I understand that we couldn't do the spring, but I think we need to go forward and plan a sports season for the fall. Especially since it takes place outside and spectators can be spread out around the fields. Also at that point we should be able to be in smaller size crowds. Also, even if school instruction is structured differently (on site learning/ distance learning), I think sports can take place with practices and competitions.	6/2/2020 8:41 AM
3452	back up plan if it comes back	6/2/2020 8:41 AM
3453	I have no concerns	6/2/2020 8:41 AM
3454	I am concerned about students coming to school ill with ibuprofen pumping through their systems. This has always happened, but it has never been so potentially deadly.	6/2/2020 8:40 AM
3455	What the school day will look like. Can we operate school in the traditional manner and still keep everyone safe?	6/2/2020 8:39 AM

3459	Keeping everyone away from each other in close confines...	6/2/2020 8:38 AM
3460	I am concerned about an overreaction to Covid-19. I really don't think that Covid-19 is as dangerous as the politicians say it is.	6/2/2020 8:37 AM
3461	Not being able to play sports and allowing a lot of kids an outlet	6/2/2020 8:37 AM
3462	Public health, but after that, I am concerned about the quality of education for my own children and students.	6/2/2020 8:37 AM
3463	My greatest concern would be a resurgence of COVID 19.	6/2/2020 8:36 AM
3464	Everyone's health and safety	6/2/2020 8:36 AM
3465	keeping students engaged in academics. Sports/arts are a huge part of this engagement	6/2/2020 8:36 AM
3466	Not having face to face classes. How the structure of school will look.	6/2/2020 8:36 AM

3492	As a football coach and PE teacher my biggest fear is returning to school and still having to practice crazy social distancing guidelines. Our entire PE curriculum will have to be changed (which we have already planned for) but would limit the students greatly. As a football coach, if students still have to social distance, how can they play contact sports? How are we going to ride a bus to away games while social distancing? Our school district is struggling as it is financially, we won't be able to take our football team to away games in 3 buses.	6/2/2020 8:27 AM

3537	That too much caution causes more students to miss out on the extremely important part of their education, athletic competition. Follow the science! COVID is not dangerous for people of High School age. They should not be prevented from having the full High School experience.	6/2/2020 8:08 AM
3538	Closings schools, canceling sports, and other limitations preventing us to going back to normal.	6/2/2020 8:07 AM
3539	My greatest concern for the 2020-2021 school year is that the students aren't going to be able to change classes and hang out with their friends. They are going to be stuck in the same classroom and aren't going to be able to enjoy their time at school. Also for the atheltes they are't going to end up having fall / winter sports. This is huge to me. Athletes look forward to playing their sports and being role models to our school. If things are cleaned the way they need to be and if your sick stay home.	6/2/2020 8:07 AM
3540	That we will not have sports either due to social distancing or lack of funding	6/2/2020 8:07 AM
3541	My greatest concern is that athletic events will be cancelled. For the mental health of the athletes I think it is important to do all that we bring back as much normalcy as we can to their lives. Sports play a large role in their success both on and off the court/fields. I feel strongly that we can put measures in place to make it possible for events to occur.	6/2/2020 8:06 AM

3688	Creating a safe event limiting any exposure to COVID-19. I am hopeful that the numbers continue to decrease and that we can figure out ways to make sure things are as clean and disinfected as we can keep them. Creating new routines that ensure that at every practice. I want to do as much prevention as I can while still being able to let kids play.	6/1/2020 11:59 PM
3689	Transmission of the virus from student to student. In addition, from student to at- risk adults.	6/1/2020 11:59 PM
3690	My greatest concern is what phase we are in and if schools will be open. If there needs to be social distancing it isn't possible in close contact sports and we would be playing teams from many areas which could lead to spread. If we need to wear masks, and keep space is it even possible it safe. How do players wear a mouth guard and mask and have it be safe? Not over heat? What will be the sport regulations. Social distancing, masks, number of schools we are in contact with etc.	6/1/2020 11:55 PM

3696	That higher ups will take away the opportunity to play with provisions in place before we get a chance to see how things go.	6/1/2020 11:46 PM
3697	My greatest concern for the 2020-2021 school year related to Covid-19 would be the lack of consistency in curricular and extracurricular programming for students who rely on these services to support and maintain their mental, physical, and social-emotional well being.	6/1/2020 11:42 PM

3704	I don't want to have followed safety precautions for this entire time, only to end up having covid from a student or an athlete.	6/1/2020 11:30 PM
3705	My greatest concern is that students will be forced to adjust to a "new Normal" that is anything but normal. My fear is that my children who are athletes will have more taken from them because of the fear that has been installed in people by the media and our poor leadership in NYS. (Gov.)	6/1/2020 11:27 PM
3706	How do we socially distance in a contact sport? How will classrooms and school buses look?	6/1/2020 11:20 PM
3707	Disruption in education again	6/1/2020 11:19 PM
3708	Personally and with a medical background I'm not too concerned. I have watched the DOH& hospital for the past few months allow nurses& employees to continue to work when they have been in contact with covid Pt's as long as they didn't have a fever. I have also seen people who have "tested positive" have no symptoms at all. This will go through our community, we just need to be able to fight it off.	6/1/2020 11:19 PM
3709	I am not too concerned other than it being blown out of proportion. I feel like the more we learn about this virus the less worried I am. I was very worried at first, but no longer am. Maybe a second wave would concern me some.	6/1/2020 11:19 PM

3710	If we are being asked to social distance at that time, there are many questions. How to bus students and social distance? How to operate a "regular school day"? So many if's at the moment.	6/1/2020 11:19 PM

3722	Travel	6/1/2020 11:01 PM
3723	My biggest concern is that school will not open as scheduled. I think kids need to be back to school and the community needs to get back to normal. Being in an area where COVID didn't hit nearly as hard as predicted or as hard as other places, there should be no reason not to be back in school.	6/1/2020 10:58 PM
3724	As a parent: effectiveness of instructional delivery if we cannot have students in class daily. As a coach: loss of athletics. 3752	I have 2 younger kids at home that are my safety priority.	6/1/2020 10:24 PM
3753	I am very concerned about how to keep the student athletes and coaching staff healthy. We have students who have preexisting conditions or live with those who do. A member of our coaching staff is highly susceptible. We need to make sure everyone is healthy and safe and that participating in our sport does not put them at risk. This is especially hard when our sport involves direct contact between the athletes and close proximity.	6/1/2020 10:23 PM
3754	The greatest concern is the safety of both coaches and players as we return to full athletic schedules.	6/1/2020 10:21 PM

3757	Administering new guidelines	6/1/2020 10:18 PM
3758	I don't understand Q4. Am I answering on how confident that school will open? Open with modifications? What are those modifications? How confident am I with how things will look when we go back in the fall, based on the policies, modifications, etc in place? Far too vague of a question. To answer more specifically, as far as I know, our district has not had any conversations with us teachers as to the plan for a 2020-2021 school year. We have an "optional" town hall with our Superintendent tomorrow, and perhaps, some questions will be answered there. Perhaps those answers will provide some guidance to better answer Q4. In regards to my greatest concern...I cannot visualize a way to keep students of any grade level away from their friends. How do you "police" that (again, assuming there are policies put in place that limit interactions, spacing, and everything else related to social distancing).	6/1/2020 10:17 PM

3767	I just hope that we do not have a resurgence over the summer. If we don't then I am confident schools will open. If we do numbers climb over the summer I fear a delayed start. I think students will have to wear masks as much as possible.	6/1/2020 10:14 PM

3786	Schools not opening to in class learning, athletes losing out on athletic seasons	6/1/2020 9:59 PM
3787	Not exposing (HEALTHY) people actually harms our immune system. Make it more important to inform people the importance hygiene and staying at home if systematic. Do NOT put ALL on hold. Our area is NOT a major concern. Be Smart, Be Safe, Get to School! Motivation and effort is already decreasing among students. Distant learning is not helping.	6/1/2020 9:59 PM
3788	School functionality	6/1/2020 9:59 PM
3789	The building has a history of being filthy and there is a bare bones custodial staff that is already pushed to the brink in normal times, but with new regulations and guidelines for cleanliness there is no way that they could keep up. 3892	canceling of the wrestling program	6/1/2020 8:43 PM
3893	Fall sports being cancelled.	6/1/2020 8:42 PM
3894	Health for our student athletes goes without saying. That is the greatest concern and it impact on their families. After that, I hate to say it but the liability on the coaches to keep them safe.	6/1/2020 8:42 PM
3895	Uncertainty if fall sports will happen. Difficulty with social distancing with large contests.	6/1/2020 8:41 PM
3896	Outbreak amongst the team, spreading to their family and loved ones	6/1/2020 8:41 PM
3897	To quick of interactions, virus spreading, closing again.	6/1/2020 8:40 PM
3898	My administration implementing a reasonable plan to return.	6/1/2020 8:40 PM
3899	The possibility of it starting all over again	6/1/2020 8:39 PM
3900	If we are expected to continue social diStance.....it will be near impossible in a K-5 building with 600+ students	6/1/2020 8:39 PM
3901	My greatest concern is that schools don't open. Schools are the lynchpin to our society getting back to normal. There is no full opening of the economy without schools. Just as important, students need to be in school for their mental health. I think we have an opportunity as educators to help our students if we get them back to the buildings.	6/1/2020 8:38 PM
3902	Not being able to give the students a normal education and athletic experience	6/1/2020 8:38 PM
3903	Safety	6/1/2020 8:38 PM
3904	Our kids all get sick during the first part of the school year being around everyone. I'm nervous that the usual cold they all get during volleyball season could result in the COVID being spread.	6/1/2020 8:37 PM
3905	Tennis is a minimal contact sport. The professional industry has found a way to make competition possible, as of May, 2020. High School sports should follow that model to minimize potential health risks of COVID 19.	6/1/2020 8:37 PM
3906	Close contact	6/1/2020 8:36 PM
3907	Premature relaxing of restrictions leading to a second wave of infection.	6/1/2020 8:36 PM
3908	Students mental health and well-being.	6/1/2020 8:35 PM
3909	That the school year won't begin as normal	6/1/2020 8:35 PM
3910	Not being able to provide what the students need educationally, emotionally and as far as extracurriculars. We have a lot of students who come to school for sports.	6/1/2020 8:34 PM
3911	That we will not be back in Sept. and have to continue teaching remotely.	6/1/2020 8:33 PM
3912	I think the biggest concern is the need to social distance in the classroom however rooms have set confines which will make it tough with the size of classes. Districts need new cleaning protocols as well.	6/1/2020 8:32 PM
3913	I am concerned with the social distancing within the hallways between students and teachers. When the bell rings to change classes and everyone in the school has to be in the hallway, it's hard to social distance. Also to social distance the necessary 6 feet the CDC is recommending with a class roster of 32 student makes it difficult to accomplish. Finally, if a teacher/coach gets COVID 19 what is the protocol? How is that person dealt with regard to reconciling their job and getting better? If they do not have an assistant, what happens to the team? Who will coach them? If a player gets COVID 19, does the whole have to stop playing?	6/1/2020 8:32 PM
3914	Keeping students separated from each other during the day will be a challenge. Worried that this will cause another rise in cases in the state.	6/1/2020 8:32 PM
3915	re-surge	6/1/2020 8:32 PM
3916	I am concerned about the potential for exposure when entering the 2020-2021 school year. It will be interesting to see the plan for opening schools and getting kids back on the athletic fields	6/1/2020 8:30 PM

NYSPHSAA COVID-19 Task Force Survey

3917	Teaching and coaching distance	6/1/2020 8:30 PM
3918	I have no concerns. Data in Denmark, Austria, Australia, Finland and Norway, show no increased Covid-19 cases after schools re-opened.	6/1/2020 8:30 PM
3919	Not being allowed to have a athletic fall season. We live in an area where the cases are minimal and I feel we are not given the option to safely get back to play.	6/1/2020 8:30 PM
3920	My Greatest concern is that kids would get sick at a high rate.	6/1/2020 8:30 PM
3921	Loss of opportunities for our athletes	6/1/2020 8:29 PM
3922	Students failing to follow social distancing and a second wind of the virus after summer.	6/1/2020 8:29 PM
3923	What I'm concerned about the most is that our student athletes might not get the opportunity to play sports in the fall.	6/1/2020 8:28 PM
3924	Things will not be normal. Staggered schedules or even days for students.	6/1/2020 8:28 PM
3925	Trying to enforce any masks or social distancing. With everyone being in a building for 8+ hours, it will be too difficult to enforce, in my view.	6/1/2020 8:27 PM
3926	Extracurriculars being a go	6/1/2020 8:27 PM
3927	Academic Regression	6/1/2020 8:27 PM

3929	People not following the guidelines	6/1/2020 8:25 PM
3930	Athletes not being able to compete	6/1/2020 8:23 PM
3931	The only concern I have is tht we are overly protective to the point where it is impossible to teach effectively. If you have to have 100 restrictions than probably we shouldn't being go back to school.	6/1/2020 8:23 PM
3932	Being shut down during the school year and doing virtual learning, again.	6/1/2020 8:23 PM
3933	If we were to return in September, what protocols would be in place to ensure the right safety precautions are being taken? Is it feasible to enforce all the necessary safety protocols, and still maintain a productive school day for the students?	6/1/2020 8:23 PM
3934	Cancellation of classes due to second wave.	6/1/2020 8:22 PM
3935	Getting and passing on the virus	6/1/2020 8:21 PM
3936	Greatest concern is that sports is canceled	6/1/2020 8:20 PM
3937	Student safety	6/1/2020 8:20 PM
3938	being able to practice	6/1/2020 8:19 PM

3966	Returning students and faculty to a regular routine while maintaining health and safety for all	6/1/2020 8:03 PM
3967	The spread of Covid-19 to the masses, which will lead to sickness and death within our community/State.	6/1/2020 8:03 PM
3968	Ability to successfully social distance/provide student-athletes with an experience that everyone is comfortable with.	6/1/2020 8:03 PM
3969	Athlete safety and lack of consistency within each school district/section in regards to social distancing guidelines for events.	6/1/2020 8:02 PM
3970	The unwillingness of students to adhere to the applicable guidelines for safe social distancing. Bringing large groups, as are present in a large public high school, is potentially dangerous if members of that group refuse to practice proper habits and behaviors.	6/1/2020 8:01 PM
3971	My greatest concern is the safety of the kids	6/1/2020 8:01 PM
3972	The continual safety of the students as well as the coaches, refs, scorekeepers, fans, and all other people around any sport	6/1/2020 8:00 PM
3973	Keeping social distance and kids and teachers in masks all day. Also if someone gets infected the emotional hardships of opening and closing.	6/1/2020 8:00 PM
3974	That the state will consider the age & health of high school athletes in regards to minimal concern based on previous data that they need to follow social distancing practicing the same way the elderly or immune-compromised population would have to if there were another spike in cases.	6/1/2020 7:59 PM

3990	Classroom sizes, mental health, the many logistical guidelines that need to be followed.	6/1/2020 7:53 PM
3991	My concern is the virus being able to spread between districts & different counties. Sick players could mean low numbers and forfeited games. Athletes and coaches put a lot of time and energy to each season and my athletes get to show off their hard work in each game. If games get canceled or re scheduled frequently I can see the season not being as enjoyable as others. My main concern though would be the health and safety of myself and my athletes. Playing a sport is close contact and we cannot avoid the close proximity and traveling.	6/1/2020 7:53 PM
3992	Kids need to go to school	6/1/2020 7:53 PM
3993	Not having enough time to adequately prepare for the fall season. I'm nervous that athletes will be more injury prone if we do not have enough notice	6/1/2020 7:53 PM

4000	Just clearly defining rules and expectations to be able to be in the class and play sports but still be safe.	6/1/2020 7:52 PM
4001	My biggest concern is that there will not be a solid plan in place in case schools are forced to close again and that nothing will be done for seniors who are losing their last season. I know it is hard to prepare, but not having information to pass to my team was very difficult in the spring. The fact that some teams were still practicing while others weren't was also frustrating.	6/1/2020 7:52 PM
4002	Scheduling	6/1/2020 7:51 PM
4003	Keeping kids and staff safe	6/1/2020 7:50 PM
4004	My fear is that Kids will not be able to play sports. I also fear that sports will be viewed as extra curricular and yet sports play a very important role in the educational motivation of students .	6/1/2020 7:49 PM
4005	Students having enough masks and space for social distancing. Athletes being able to get to practice and home again safely.	6/1/2020 7:49 PM
4006	A resurgence of infections which would cause another PAUSE order.	6/1/2020 7:48 PM

4010	Testing - making sure that athletes can compete without fear of contracting virus.	6/1/2020 7:47 PM
4011	The fact that schools and sports will not operate in the fashion we are all accustomed and the fact that our student athletes will be affected negatively and might not have a chance to grow as individuals/teams. It is also a big concern about the student athletes mental/physical health going forward without the outlet/positive impact of sports. We need to have sports in the Fall!!!	6/1/2020 7:47 PM
4012	How are we to keep the kids safe when alot of sports are contact and how are we as coaches who are only a coach for 1 sport and no other school job suppose to feel safe going to work	6/1/2020 7:46 PM

4035	My greatest concern is what happens if the number of COVID cases increases as we come back together	6/1/2020 7:35 PM
4036	That we don't plan out of the box. Instead we just close down.	6/1/2020 7:34 PM

4064	Transportation, close contact during contests of both spectators and athletes	6/1/2020 7:16 PM
4065	If the spread of the virus is not controlled by the fall and/or no vaccine is available- my real concern is not for social distancing for outdoor competitions but more so for how the general daily activities of school will operate. How will you socially distance students on busses, in the hallways and in the cafeterias?	6/1/2020 7:16 PM

students and staff. (ie not having to wear a mask all day)

4074	I feel for the athletes but have to look at the bigger picture, the country.	6/1/2020 7:13 PM
4075	The spread of COVID-19. For me, I would say how are we going to minimize the spread of there is an outbreak. Also, how will we utilize social distancing on the bench and on the bus rides? Another thing that concerns me is, how are we going to know if someone we are playing is infected? If a player on our team is infected, that would certainly mean we are in isolation for up to 2 weeks. How will we be able to schedule games and keep them running in a timely fashion and have the games be completed on time. Especially before Sectionals, Regionals and States.	6/1/2020 7:12 PM
4076	I am concerned with bus runs, as many of our district children live in the country. The classrooms sizes are larger and hallways are crowded between classes.	6/1/2020 7:12 PM
4077	Being able to return to normal by the fall	6/1/2020 7:11 PM
4078	That we won't have athletics in the fall and maybe not school.	6/1/2020 7:11 PM

4084	Guideline to open schools impacting fall sports	6/1/2020 7:09 PM
4085	Losing a started fall season if there is a new outbreak which could snowball into winter with the regular flu season. Closing school and going to remote learning would negate athletics. Our league is split between 2 of the designated regions by the governor. We could end up with some of our schools open and some closed with the present set up. I would like to see the schools looked at by their school BOCES region, rather than there county of location	6/1/2020 7:09 PM
4086	My greatest concern is that the upcoming school year and athletic seasons will continue to be impacted and/or cancelled by people's fears of a new virus due to misinformation and miscalculations of a higher death rate.	6/1/2020 7:08 PM
4087	a second wave	6/1/2020 7:08 PM
4088	Unrealistic requirements that are not enforceable. A return of the virus and a repeat of this spring.	6/1/2020 7:06 PM
4089	Restrictions being placed on sports based off inaccurate numbers.	6/1/2020 7:06 PM
4090	In 2 weeks, out 2 weeks....in 2 out 2.	6/1/2020 7:06 PM
4091	Students and faculty getting Covid-19 because of lack of social distancing and lack of mask wearing. School was never meant to be socially-distant so I am not sure what the school is going to do to make sure everyone is safe. I also teach PE. How do we take care of equipment? And that is the same for sports. Maybe though you can still have sports if you are learning at home?	6/1/2020 7:06 PM
4092	A lot of things are still very unknown. I understand that a new normal is being developed as far as sanitation and preventative matters. I'm concerned about what this new normal looks like and how it effects the current education and athletic system that we currently know and enjoy. Will COVID-19 effect how we teach and coach? How will this effect student athlete safety?	6/1/2020 7:05 PM
4093	Safety for students and school personnel. As of now this seems like a logistical nightmare. I dont see how we can open schools under the current guidelines from the CDC.	6/1/2020 7:05 PM
4094	The regulation set forth for us to follow will create more concern and anxiety for our students. Making it hard to teach learn and enjoy school/sports	6/1/2020 7:05 PM

4167	Social distancing procedures in relation to team sports	6/1/2020 6:28 PM
4168	If social distancing is still an executive order, we will have to limit the number of students present in school each day. This means continued education through online and virtual formats which are not best learning practices for students in grades K-12. This also will limit social interaction between students and teachers. Athletics obviously provides an outlet for students along with opportunities for camaraderie. Not offering Athletics in some format has a negative impact on an entire school community.	6/1/2020 6:27 PM
4169	This question seems to put the cart before the horse. Many schools have not posted their plans so it is difficult to evaluate our confidence in them. However, I do expect the district to do the best for all students and staff.	6/1/2020 6:26 PM

4290	Overreaction resulting in lost live classroom time as well as the loss of athletics	6/1/2020 5:43 PM
4291	Mental health of students and staff as we come back, as well as physical health is big concern. Trying to figure out multiple plans for potential re-opening and what it will look like each day needs to happen still, and what the funding will allow for schools to even do. Athletics are integral, but may not be able to happen, at least not the way we're used to. The gap of education is going to be scary to try to close.	6/1/2020 5:42 PM
4292	Not having the virus spread. Loosing kids interest in academics and athletics if school doesn't open.	6/1/2020 5:42 PM

4408	Being out of school	6/1/2020 4:58 PM
4409	I coach an outdoor sport and if things keep going the way they're going I don't have a lot of concerns more than the parents won't feel comfortable or we put too many restrictions in, I think it's very important that we get these kids back to school and back playing back to normalcy	6/1/2020 4:58 PM
4410	It seems like all preliminary reopening plans are hybrid models of in school and distance learning. 50% or 33% of students in the building at a time would make Fall sports no longer viable as many athletes would not have transportation to practice.	6/1/2020 4:58 PM
