NYSPHSAA, INC. RECOMMENDATIONS

1. Because the highest standards of good sportsmanship are in opposition to the policy of giving materially valuable awards to high school athletic teams; Because such awards create a false sense of the value of school loyalty and service;

The NYSPHSAA, INC. recommends that school authorities give only awards of limited monetary value appropriate to high school level competition, furthermore, that the school administration be responsible for accepting, selecting and controlling awards that are offered by individuals or organizations or outside agencies such as P.T.A., service clubs, booster clubs, etc.

2. Because experience has shown that the most successful form of school athletic organization and control is in the league;

Because the league offers opportunity for friendly and sportsmanlike relationships:

The NYSPHSAA, INC. recommends that schools of similar size, similar interest and within reasonable distance of each other form leagues for all sports wherein they have interschool contests; that the appeal procedure specified in the Eligibility Standards be instituted only after an earnest attempt at settlement within the league.

3. Because athletics are a vital factor in the development of character, personality, physical fitness and leadership;

Because athletics can only attain their rightful position as a school activity when it is recognized that a healthy body is as necessary as a sound mind;

The NYSPHSAA, INC. recommends that a student not be barred from an athletic squad for any reason that would not bar one from an academic class or other school activity, except recognized eligibility rules.

4. Because there is an obligation to practice the principles of safety in athletics and to take all necessary precautions to prevent injuries;

The NYSPHSAA, INC. recommends that all participants in interscholastic sports be covered by appropriate insurance.

5. Because school authorities have a responsibility for preventing the exploitation of high school students who have qualified for a letter in school sports;

The NYSPHSAA, INC. recommends that school authorities discharge this responsibility by protecting students from being exploited by individuals or groups interested in promoting, for any purpose spectator or revenue producing contests such as all-star, charity and similar exhibition games. Senior All-Star contests as stipulated in the Eligibility Standards are permitted. Furthermore, it shall be the responsibility of school authorities to inform their teaching personnel to do nothing which shall impair this responsibility of boards of education to protect athletes against such exploitation.
6. Because our Regulations stipulate that all organized practice and games be conducted in the appropriate season (See Sports Standards), a school district planning or administering out-of-season recreations programs should avoid any implication of out-of-season practice and play. School sponsored activities conducted out of the sport season such as general conditioning, weight training, weight lifting, intramurals, recreation, open gyms, club activities and camps are permitted: 1) if such programs are not mandated by coaches or school personnel; 2) if such programs are available to all students.

Upon the dissolution of the association or the winding up of its affairs, the assets of the association shall be distributed exclusively for educational purposes in accordance with the provisions of Not-for-Profit Section 501 (2) 3 of the Internal Revenue Code and its regulations as they now exist or as they may hereafter be amended.

As a means of accomplishing its purposes, the association is authorized to receive and maintain funds of real or personal property, or both, to have, hold, manage, encumber, and sell the same, to change the investments thereof, to invest and reinvest the proceeds thereof, and in general and subject to such limitations and conditions as are or may be prescribed by law, to exercise such other powers which are or hereafter may be conferred by law upon the association organized for the purposes hereinabove set forth, or necessary or incidental to the powers so conferred, or conducive to the attainment of the purposes of the association.

To be deemed sufficient, the evidence must [include documentation showing that as a direct result of the illness or accident the pupil will be required to attend school for one or more additional semesters to graduate] demonstrate that: (a) the pupil’s failure to enter competition during one or more seasons of a sport was caused by illness, accident, documented social/emotional condition or documented social/emotional circumstances beyond the control of the pupil; (b) as a direct result of such circumstances the pupil is required to attend school for one or more additional semesters in order to graduate; and (c) such participation would not have a significant adverse effect upon the opportunity of other pupils to participate successfully in interschool competition in the sport.

Appeals should be filed with the Section office.

ii. If the chief school officer demonstrated to the satisfaction of the section that the pupil’s failure to enter competition during one or more seasons of a sport is caused by such pupil’s enrollment in a national or international student exchange program or foreign study program, that as a result of such enrollment the pupil will be required to attend school for one or more semesters in order to graduate, and that the pupil did not enter competition in any sport while enrolled in such program, such pupil’s eligibility shall be extended accordingly in such sport.

Appeals should be filed with the Section office.

(iii) If the section declines to extend the pupil's eligibility in accordance with this subclause, the section shall provide written notice of such determination to the chief school officer, with a copy to the pupil’s parent, guardian or person in parental relation. 10. HEALTH EXAMINATION:

Regulation of the Commissioner of Education:
[NYSED LINK]

A student who may engage in interschool competition shall receive an adequate health examination and health history update when required, and may not practice or participate without the approval of the school medical officer. NOTE: Physicals for participation in school sports may be scheduled at any time during the calendar year.
The results of the physical shall be valid for a period of 12 months during the last day of the month in which the physical was conducted. Unless the medical examination is conducted within 30 days of the start of a season, a health history update is required. Any pupil, whose safe participation is in question as a result of the health history interview, or injury, or prolonged absence, must be prequalified by the school physician prior to participation.

If the 12-month period for the physical expires during a sports season, participants may complete the season as long as a health history was conducted prior to the season. For example, a physical conducted on August 1 would be valid through August 31. If a student plays beyond August (ex. football), the student may complete that sports season as long as an interval health history was conducted before the start of the season. Immediately following the last sanctioned tournament competition for that season, a new physical is required if the student is going to play another sport. Sport season includes tryouts.

NOTE: The Handbook Committee recommends that each incidence of prolonged absence should be reviewed individually by the coach and the athletic director, consulting with the school physician when necessary, and a reasonable amount of practice time and playing time be established based on the athlete’s readiness for safe return to competition.

11. INTERNATIONAL CONTESTS:

Member schools may sponsor contests for their athletic teams with foreign countries secondary school teams for the purpose of cultural exchange and competition under the following conditions:

a. League, Conference and Sectional schedule may not be altered to accommodate such a contest.

b. Teams with whom contests are scheduled must be comprised of players comparable in ages to our senior high school level.

c. All competitors on the New York State high school team must be eligible according to NYSPhSAA Inc., regulations.

d. All contests must be scheduled according to appropriate sport standards.

e. No such competition may take place four weeks prior to the starting date of that sport season as established by the Section.

f. The number of organized practice sessions in preparation for international competition shall be restricted to the number required before a first contest in that sport.

g. The Section must approve the plans and the NYSPhSAA, Inc., Executive Director must be notified at least sixty days prior to the scheduled departure.

h. When hosting an international contest, sanctioning request forms must be initiated by the host member school through NFHS (www.NFHS.org). One application per state will be filed when a foreign team tours and plays more than one school.

i. When hosting an international contest, the contest must be conducted within the school’s sport season as established by its Section Athletic Council and must be counted as one of the
maximum number of contests. The hosting of a scrimmage with a foreign school’s team does not require sanctioning. It is the school’s responsibility to determine that the criteria listed in this section and Eligibility Standard #12; Interschool Scrimmage/Practice Sessions satisfied.

j. A complete report, including a detailed financial statement, involving all phases of the competition shall be filed with the NFHS and the State Association within thirty (30) Days following final competition.

National Federation Sanction is necessary for international competition. Forms for requesting this sanction must be completed online using the NFHS web site (www.NFHS.org/scanctioning) and must be filed 60 days prior to date of competition.

13. INTERSTATE CONTESTS:
Sanctioning is a means of encouraging well-managed competition. The sanctioning program has the primary purpose of protecting the welfare of high school students. A secondary purpose of the sanctioning program is to protect the existing programs sponsored by member schools. Schools may obtain information regarding the sanctioning process and print Application for Sanction forms (NYSPHSAA or NFHS applications) from the NYSPHSAA web site.

   a. When schools schedule interscholastic contests with schools in other states, each school will observe its own state regulations and standards of eligibility.

   b. No member school will engage in athletic competition, scrimmage and/or practice with an out-of-state school which is not a member in good standing of its respective state high school athletic association or has not been approved by the respective state association if the school is ineligible to join. Furthermore, member schools will not compete in any interstate contest which is sponsored solely by an outside agency. For dual contests, it is the school’s responsibility to determine that these criteria are satisfied.
c. A member school wishing to host a contest involving an out-of-state school must file an application for Sanction for any contest involving four or more schools, or any contest involving three or more states. Timeline, application fee and application form information is available on the NYSPHSAA web site, http://www.nysphsaa.org.

d. A member school planning to participate in an interstate contest involving four or more schools, or any interstate contest which is co-sponsored by an organization other than a member high school, must give notice of entry to the NYSPHSAA, Inc., office so that the school may receive verification that the contest has been sanctioned.

NOTE: Failure to comply with the above regulation may cause a team or individuals to be ineligible from that date of participation for the remainder of that sport season.

a. Equal opportunity to participate in interschool competition either on separate teams or in mixed competition on the same team shall be provided to male and female students, except as hereinafter provided. In schools that do not provide separate competition for male and female students in a specific sport, no student shall be excluded from such competition solely by reason of sex except in accordance with the provision of sub clauses (b) and (d) of this clause. For the purpose of this clause, baseball and softball shall be considered to constitute a single sport.

b. In the sports of baseball, basketball, boxing, field hockey, football, ice hockey, lacrosse, rugby, soccer, softball, speedball, team handball, power volleyball where the height of the net is set at less than eight feet, and wrestling, the fitness of a given student to participate in mixed competition shall be determined by a review panel consisting of the school physician, a physical education teacher designated by the principal of the school and if requested by the parents of the pupil, a physician selected by such parents. Such panel shall make its determination by majority vote of the members, and in accordance with standards and criteria issued by the department.

c. Where a school provides separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, may permit a female or females to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females.

NYSPHSAA NOTE: This clause is to meet the needs of the exceptionally talented girl.

The NYSPHSAA requires that the names of girls and boys who participate on a team of the opposite sex be submitted to the league and section before any interschool contest in that sport. Teams with multiple representations of boys and girls must be declared girls or a boys’ team by their schools, prior to the first competition.

NOTE: Teams organized for one gender may only practice and compete against teams of that same gender. Furthermore, once an individual competes on a team for one gender during the regular season, he/she may not compete for or against a team organized for the other sex during that regular season. (Representation #26).

NOTE: for individual, individual/team sports, when a school district does not have a team designated for each singular gender, the Section Executive Director may grant a waiver of the Representation Standard for Sectional Competition when a student has met the qualification for participation in the current school year’s NYSPHSAA Championship event. The waiver request must be submitted to the Section Executive Director before the start of Sectional Competition. The athlete must meet all eligibility standards, to receive the waiver.

16. NATIONAL TEAM/OLYMPIC DEVELOPMENT PROGRAMS:
A student may participate as an individual as a member of a National Team or in an Olympic Development Program during the school year. To participate in NYSPHSAA programs in that sport, individuals must meet the sports’ standards.

The State Executive Committee shall make the final determination. Approval shall only be for a period of two years at which time schools may reapply for Friends and Neighbors status.

NOTE:
1) Friends and Neighbors schools may compete against NYSPHSAA, Inc., member schools only through the league level of play.
2) Friends and Neighbors schools are eligible to compete with NYSPHSAA, Inc., member schools in all Sections excluding post-scheduled contests.

18. OUTSIDE AGENCIES:
Cooperation is permitted with any organization, college, or university, which may offer encouragement and/or the use of facilities for competition. An application form must be submitted to the Section Athletic Council prior to the planning of a contest. Approval may be given if these conditions are satisfied:

1. A school, league, Section or the Association must cosponsor the activity.

2. Secondary school personnel shall be responsible for planning and for conducting the activity.

3. The contest shall be developed with due regard for health and safety standards as set forth by the Commissioner's Regulations, and policies and standards of the NYSPHSAA, Inc.

4. Insurance shall be provided which will protect the participants in case of injury and the organization or institution against liability.

5. The philosophy and standards which are to be followed shall be consistent with those listed in the NYSPHSAA, Inc., HANDBOOK.

6. Financial arrangements are to be clearly specified in the application for approval.

19. PENALTIES:
a. If a school uses an ineligible student in any interscholastic contest, such contest shall be forfeited to the opposing schools. In individual sports, the use of an ineligible player would result in the contest being forfeited, however, the performances and outcomes of the other individuals would stand.

b. Procedures to address forfeitures during post schedule tournaments shall be as follows:
   1. Team Sports: Participation by an ineligible player or team in any post schedule tournament game (sectional, intersectional, regional, semifinal or final) shall result in forfeiture of that game. At the time of discovery, the school declared ineligible will be disqualified from the tournament immediately and their last opponent will advance in their place. Schools eliminated prior to the last opponent will not reenter tournament competition.

   2. Individual Sports: Participation by an ineligible contestant in any post schedule tournament competition (sectional, intersectional or state championship) shall result in the forfeiture of that competition. The contestant will be disqualified from the tournament immediately and his/her last opponent will advance in their place. Individuals eliminated prior to the last opponent will not reenter the tournament competition.

c. If an individual or team exceeds the maximum number of contests permitted, the penalty is team
ineligibility from the date of violation for the rest of the season. In the sports of wrestling, cross country, indoor track and outdoor track, swimming and diving when an individual exceeds the maximum number of contests, only the individual would no longer be eligible for that season. When an athlete exceeds the maximum number of contests the level in which the student-athlete participated as an ineligible competitor will be affected.

d. For any violation of eligibility or sports standards a school authority may be censured, placed on probation, or suspended by the Section Athletic Council.

e. Consistent with good ethical standards the prompt reporting of the knowledge of an infraction shall be made to the proper authorities in writing.

f. School Districts may appeal to the Section to gain relief from the prescribed penalty if the violation of eligibility standards resulted from circumstances out of the District’s control.

g. If a coach/supervisor violated the NYSPHSAA Code of Conduct the following actions will be taken:
   a. The school and Section will be notified immediately.
   b. Documentation of the incident will occur.
   c. A recommendation from the Section for disciplinary action will be given

If a student or team is ineligible according to NYSPHSAA, Inc., Bylaws and Eligibility Standards or Commissioner’s Regulations but is permitted to participate in interschool competition contrary to such rules but in accordance with the terms of a court restraining order or injunction against his/her school and/or the NYSPHSAA Inc., and said injunction is subsequently voluntarily vacated, stayed, reversed, or finally determined by the courts that injunction relief was not justified, any one or more of the following actions may be taken against such school in the interest of restitution and fairness to competing schools.
   a. Require that individual or team records and performances achieved during participation by such ineligible student shall be vacated or stricken.
   b. Require that team victories shall be forfeited to opponent.
   c. Require that team or individual awards earned by such ineligible student be returned to the Association.

20. POST-SCHEDULE:
No team or individual student may represent its school in any post-schedule contest other than those conducted by school or State Association authorities in accordance with approved standards. NOTE: If contests are within the season established by the Section, within the maximum number allowed and conducted by school authorities, they are allowed.

Athletes who switch from one sport to another sport are permitted to count conditioning practices toward their new sport as follows (excluding bowling, golf, and rifle):

b. No student or team may be permitted to participate in school organized practice or play on seven consecutive days during the regular season. Specifically, during the regular season, physical and/or instructional activities related to the sport on seven consecutive days are prohibited.

   **NOTE:** Any contests leading up to Sectional play is considered "regular season."

Only one practice session a day and only six days of a calendar week may be counted toward the total practice sessions required. A practice session conducted on the same day as a game cannot be counted to meet the minimum practice requirement to be eligible for that day's contest. All required practice sessions shall be organized and planned for a reasonable length of time and shall include vigorous activity specific to the sport for the purpose of improving the physical condition of the players. Warm-ups prior to a game/contest are not considered “practice.” Each of the required number of practices for an individual must include vigorous activity; however, practice sessions required for the team beyond those needed by the individual may be used solely for meetings, film review and similar activities.

c. School sponsored activities conducted out of the sport season such as general conditioning, weight training, weight lifting, intramurals, recreation, open gyms, club activities and camps are permitted:

   1. if such programs are not mandated by coaches or school personnel;
   2. if such programs are available to all students.

d. Non-school sponsored activities are permitted if such programs are not mandated by coaches or school personnel. It is recommended that no school equipment be used for these programs as per State Comptroller Opinion 85-37.
e. Upon returning from military training, student-athletes shall be eligible for participation in interscholastic athletics once they have completed the required number of practices. Eligibility for participation will also include meeting all eligibility requirements imposed by the Commissioner of Education and NYSPTAA such as, but not limited to, health examination, age, grade, etc.

f. Schools that have made arrangements with another member school to share the use of a practice facility may do so without violating the Scrimmage Regulation if the athletes/teams do not scrimmage before the required number of practices has been completed.

23. PROFESSIONAL TRYOUTS:
No tryouts for, or practice, with a specific professional team and their affiliates, are approved except during the summer vacation. A student who participates in such a tryout is ineligible to represent the school in that sport - See Amateur Rule. A school may apply on behalf of the student to their section for reinstatement one year from the date of the latest violation.

24. PROXIES:
In addition to the individuals designed to act as proxies in Article III Section (1)(g) and Article V Section (1) of the NYSPHSAA Constitution a member who is not able to attend a Central or Executive Committee meeting may designate the Section Executive Director of that Section to act as a proxy.

25. RECRUITMENT AND UNDUE INFLUENCE:

   a. The use of undue influence to secure a student for competitive purposes in a sport is prohibited. An infraction shall cause the student to forfeit eligibility in that sport for one year from the date of enrollment. The offending school shall be subject to provisions of Bylaw #19 (D).

   b. Evidence of undue influence includes, but is not limited to, personal contact by coaches and sponsors in an attempt to persuade transfer, gifts of money, jobs, supplies, clothing, free transportation, admission to contests, invitation to attend practices and/or games, or free and/or reduced tuition.

26. REPRESENTATION:

To be eligible for sectional, intersectional or state competition, a team must have competed in six (6) school scheduled contests which occurred on six (6) different dates during the season. Forfeits do count towards a student meeting the representation rule.
**Team Sports:** For the sports of baseball, basketball, field hockey, ice hockey, lacrosse, soccer, softball and volleyball an individual is eligible for the team if he/she has been an eligible participant on a team in that sport in that school for a minimum of six (6) scheduled contests during the regular season. For football, a student must be an eligible participant for a minimum of three (3) contests. For Competitive Cheerleading, a student must be an eligible participant for a minimum of two (2) competitions.

**Team/Individual and Individual Sports:** For the sports of archery, badminton, bowling, cross country, fencing, golf, gymnastics, rifle, skiing, swimming, tennis, outdoor track, winter track and wrestling an individual must also have represented their school in six (6) scheduled contests during the season to be eligible. These required contests must occur on six (6) different dates and must be conducted prior to the conclusion of the team's regular schedule. See "NOTE" below.

Section Athletic Councils may request in writing approval of the State Executive Committee to adjust the number of school scheduled contests required on an annual basis.

The request is to be submitted prior to the governing board meeting. School districts may submit a written request to the Section for adjustment of contests for individual participant based on medical documentation that confirms the individual was not able to participate in the required number of contests. In extenuating circumstances where the student does not have a medical reason for a waiver of the representation rule, the NYSPHSAA Executive Director, in consultation with the Section Executive Director and NYSPHSAA President, shall have the ability to grant a waiver of the representation rule. Waiver requests must be made in writing by the Section’s Executive Director (Approved Oct. 12, 2017).

**NOTE:** For the sports of golf and girls’ gymnastics, a waiver of the Representation Standard may be granted by the NYSPHSAA Executive Director when a student has qualified for participation in the current school year’s NYSPHSAA Championship event and has subsequently transferred to a NYSPHSAA member school. The athlete must meet all other eligibility standards, including transfer, to receive the waiver.

**NOTE:** Teams organized for one gender may only practice and compete against teams of that same gender. Furthermore, once an individual competes on a team for one gender during the regular season, he/she may not compete for or against a team organized for the other gender during that regular season.

**NOTE:** for individual, individual/ team sports, when a school district does not have a team designated for each singular gender, the Section Executive Director may grant a waiver of the Representation Standard for Sectional Competition when a student has met the qualification for participation in the current school year’s NYSPHSAA Championship event. The waiver request must be submitted to the Section Executive Director before the start of Sectional Competition. The athlete must meet all eligibility standards, to receive the waiver.

b. All games, meets, and tournaments must be conducted by appropriate secondary school authority.

c. Participation by a student in more than one sport in the same time division shall be determined by the Section Athletic Council.
d. Games and practice between students and adults (alumni or faculty) are not approved.

e. To avoid unfair advantage a student who elects to participate in an interschool sport may not represent a school in that sport in a subsequent season in that school year.

[REPRESENTATION VIDEO INTERPRETATION]

27. SENIOR ALL-STAR CONTEST:
A senior all-star contest shall be any athletic contest for which admission is charged or donations accepted in which one or more of the competing teams is composed of one or more players who during the school year was a member of the high school team in the same sport, and whose participation in the senior all-star contest is based on outstanding performance as a member of the high school team.

a. The only senior all-star contests approved by the NYSPHSAA, Inc., are those approved by a section. These contests must be approved first by the Section in which the contest is to be held, by the NYSPHSAA, Inc. Executive Director, and reported to the Executive Committee.

b. Only seniors who have completed their secondary school eligibility in that sport may compete in these contests. Special circumstances may be appealed to the Section Executive Director.

c. A contestant may participate in any approved senior all-star contest in the same sport during the school year.

d. All approved senior all-star athlete contests must be conducted within the approved sport season.

e. All application criteria established for the Senior All-Star Contest must be followed. The criteria and contest application shall be obtained from the Section Secretary or Association office.

28. SPORTSMANSHIP:
The Association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the NYSPHSAA has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. This standard applies to all regular season and post schedule play.

As of July 1, 2013, the Dignity for All Students Act (Dignity Act-Section 52.2, Part 80 and 57-4) is to provide all public-school students with an environment free from harassment, bullying (including cyber bullying) and discrimination, as well as to foster civility in public schools. The Dignity Act focuses on the prevention of discrimination behaviors, including harassment/bullying through the promotion of educational measures meant to positively impact school culture and climate, which includes the interscholastic programs.

a. Coach
1. Any coach excluded by a certified official from an interschool competition for unsportsmanlike conduct, including taunting, is ineligible to coach any interschool competition in that sport until after the next previously scheduled contest at the same level (e.g. Junior varsity, varsity, etc.) has been completed. In individual sports, a multi-day contest is considered to be a contest. Disqualification from one season carries over to the next season of participation. The coach may not be present at the game site nor communicate in any manner during the contest with any person present at the site.

NOTE: "Not being physically present at the site" means a disqualified coach is not to be present in the locker room, on the sidelines, in the stands or site area before, during or after the game/meet. (See definitions)

Any coach that does not serve the penalty for violating the Sportsmanship Standard will be ineligible to participate in the next two regularly scheduled contests. If the coach continues to not serve the penalty, the matter will be referred to the Section for further action. If the coach is involved in the NYSPHSAA play-offs, the matter will be referred to the Executive Director of the NYSPHSAA.

Any coach:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;

2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and

3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

4. The Section Athletic Council will have the authority to extend the period of ineligibility in those cases where the actions of the individual that was disqualified from a contest or scrimmage are warranted. The period of ineligibility cannot exceed one year from the date of the disqualification.

2. b. Player:

1. Any member of a squad disqualified by a sport official for unsportsmanlike conduct, including taunting, or for a flagrant foul shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play. In individual sports, a multi-day contest is considered to be a contest. The contest in which the athlete was disqualified must count in the total maximum number of contests permitted. Disqualifications from one season carry over to the next season of participation. (See definitions section)
Any Player:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;

2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and

3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play,) the Section Athletic Council will assess the penalty carrying over into the next season of participation.

4. The Section Athletic Council will have the authority to extend the period of ineligibility in those cases where the actions of the individual that was disqualified from a contest or scrimmage are warranted. The period of ineligibility cannot exceed one year from the date of the disqualification.

2. Any member of the squad who strikes, shoves, kicks or makes other physical contact with the intend to annoy, harass or intimidate an official shall be expelled from the game immediately and banned from further participation in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense. NOTE: Members of the squad includes player, manager, score keepers, timers, and statisticians.

c. Official:

1. Unprofessional conduct on the part of the official such as, but not limited to, taunting, baiting, use of profanity, shall be reported by a school administrator from the aggrieved school to the Section Executive Director. A request will be made to the appropriate sport official’s chapter to investigate the incidence and to report their action to the section in a timely manner.

29. SPORTS SEASONS:

Section Athletic Councils, with the approval of the NYSPHSAA, Inc. Executive Committee, shall determine all sports seasons within the limits of the Commissioner’s Regulations. NOTE: If a team competes in the same season in which a state championship (regional competition and beyond) is conducted as designated by the NYSPHSAA, Inc. Executive Committee, then the team and its players are ineligible to compete in any other season in that sport in that school year.

30. STATE CHAMPIONSHIP CONTESTS:

a. Contestants who have shown their proficiency in the sectional contests may be selected for a post-schedule contest. All participating teams and athletes must be approved by their section to be eligible to compete in NYSPHSAA Regional and State Championships. NOTE: Any student-athlete who has tested positive for the use of anabolic/androgenic steroids within the preceding six (6) months of a regional or state championship event may be required by the NYSPHSAA Executive Director to provide evidence of a negative test result for anabolic/androgenic steroids prior to participating in the event involved.
b. Plans for all state championship contests are to be submitted for approval to the NYSPHSAA, Inc. Executive Committee ([Constitution, Article V, (5)].

c. Policies or procedures for state championship contests shall be determined by the NYSPHSAA, Inc. Executive Committee or Central Committee upon the recommendation of the State Championship Committee. Any awards or items presented to participants not provided by the Association, must receive prior approval. NOTE: No NYSPHSAA student athlete will be allowed to participate in any post schedule contests (regional, state, Federation) without completed Code of Conduct document by the school.

d. No raffles (50/50), and other games of chance, will be permitted at any post sectional competition sponsored by the NYSPHSAA. Promotional activities may be permitted with the approval of the NYSPHSAA Executive Director.

e. If a physician is assigned and/or designated by the New York State Public High School Athletic Association or any of its subdivisions for post-schedule competition, that physician shall have the final decision-making authority concerning the entry/reentry of an athlete to competition at the particular contest; however a participating school may use its own physician for final decision-making if it provides a statement by the chief school officer stating the school agrees to indemnify and hold harmless the NYSPHSAA or any of its subdivisions from any claims or lawsuits brought against the NYSPHSAA or any of its subdivisions based on the decision made or advice given by the school district provided physician.

f. Each section shall determine and be responsible for the selection, methods of financing, travel, and supervision of its contestants in a state championship contest.

g. The State Sports Committee Coordinator shall submit complete plans and budget to the State Championship Committee. Financial reports, results, and requests for changes and improvements shall be submitted within 60 days after the event.

The State Sports Coordinators shall be responsible for:
1. Conducting these contests according to the policies adopted by the Executive or Central Committees.

2. The selection of the Contest Director from the membership of the State Sports Committee, who shall submit plans and reports to the Coordinator to be forwarded to the Chairman of the State Championship Committee.

3. Reporting the results of each contest and submitting a financial report to the NYSPHSAA, Inc. Executive Director, prior to the next meeting of the Executive Committee.

h. Dual Seasons: Approved state championship contests are to be held before the end of the season established for that sport. Only those sections conducting the specific sport during the season of, or prior to, the state championship are eligible to send representatives. A Section Athletic Council which votes to conduct a sport in a season other than that specified for the state championship may conduct a qualifying tournament for state championship competition in a subsequent season shall be limited to those individuals who qualified during the selected season of competition and the number of organized practice sessions shall be no more than or less than the number required before a first contest in that sport.
31. TRANSFER:
(Foreign Exchange/International #9)

NOTE: The Transfer Rule will be enforced as written with no variations permitted.

a. A student in grades 9-12 who transfers, with a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months) shall become eligible after starting regular attendance in the second school. A residence change must involve a move from one school district to another. Furthermore, when a student moves from public school district to another public-school district for athletic eligibility the student must enroll in the public-school district or in a private school within that district’s boundaries of his/her parent’s residency. For athletic eligibility, a residency is changed when one is abandoned by the immediate family and another residency is established through action and intent. Residency requires one’s physical presence as an inhabitant and the intent to remain indefinitely. The Superintendent, or designee, will determine if the student has met district residency requirements.

b. A student who transfers without a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months prior) is ineligible to participate in any interscholastic athletic contest in a particular sport for a period of one (1) year if as a 9-12 student participated in that sport during the one (1) year period immediately preceding his/her transfer. Students who transfer from any school to the public-school district of the residence of his/her parents (or other persons whom the student has resided for at least six months) or a private school within that district’s boundaries shall receive a waiver from the Transfer Rule. Such a transfer without penalty will only be permitted once in a high school career. **Schools must submit the required transfer form to the Section office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval.** NOTE: A student in a foreign exchange program listed by CSIET has a one-year waiver of the Transfer Rule. If such a student elects to stay a second year he/she becomes a foreign student at the start of the school year with item (b) in effect.

**Exemptions to (b):**
For athletic eligibility, a student must enroll in the public-school district or in a nonpublic school within that district’s boundaries of his/her parent’s residency. **Note:** Multiple High School Districts - The policies/boundaries of the school district will be followed. If the district has an open enrollment policy, the interpretation to be used will be the same as used for students of K-8 school districts. When a student enrolls in 9th grade, this is the district (building) of their residence. Any subsequent transfer would be subject to the Transfer Rule.

1. The student reaches the age of majority and established residency in a district and can substantiate that they are independent and self-supporting.

2. If a private or parochial school ceases to operate a student may transfer to another private or parochial school of his/her choice. Otherwise, a student must enroll in the public-school district of his/her parents’ residency.

3. A student who is a ward of the court or state and is placed in a district by court order. Guardianship does not fulfill this requirement.

4. A student from divorced or “legally” separated parents who moves into a new school district with one of the aforementioned parents. Such a transfer is allowed once every six
months. The legal separation agreement must address custody, child support, spouses support and distribution of assets and be filed with the County Clerk or issued by a Judge.

5. A student who is declared homeless by the superintendent pursuant to Commissioner's Regulation 100.2.

6. A student of a military employee who is transferred to an active military base may enroll in the non-public school closest to their residence and maintain eligibility if the student enrolls in a non-public school immediately following the change in residence.

NOTE: It is provided, however, that each school shall have the opportunity to petition the section involved to approve transfer without penalty based on an undue hardship for the student. Educational Waivers will not be considered as an undue hardship effective for the 2015-2016 school years.

c. Transfer students trying out for sports before school opens in the fall shall register and be accepted by the principal of that school before the medical examination and the first practice. This shall constitute the start of the regular attendance for falls sports. NOTE: After approval by the school medical officer a student may practice immediately and must satisfy the specific sports standard according to the number of practice sessions.

d. Practices at the previous school may be counted toward the minimum number of practices required provided the principal or athletic director of the previous school submits, in writing, the number and dates of such practices to the principal or athletic director of the new school.

e. 7th and 8th graders that compete at the high school level will be subject to the transfer rule in “that” sport (effective with the 2017-2018 school years).

Transfer Appeal Guidelines:
Financial - Appeals require documented proof of a significant loss of income or a significant increase in expenses.
- Written description outlining the circumstances that led to the financial hardship
- Appropriate documentation may include:
  - Evidence of loss income or change in financial obligation that are not self-imposed.
  - Family W2 forms – pay stubs
  - Notarized statement from parent
  - Statement from employer or professional with knowledge of circumstances
  - Most recent tax returns – two years

Health and Safety - Appeals are considered for safety, mental health, personal relationships and other similar circumstances.
- Written documentation is required from Superintendent of Schools or High School Principal of the sending school indicating the specific circumstances which necessitated the transfer.
- Supporting documentation from a third party outside of the school may be submitted (ex. police report)

[TRANSFER RULE VIDEO INTERPRETATION]
32. TRANSGENDER GUIDELINES:
The NYSPHSAA recognizes the value of participation in interscholastic sports for all student athletes. The NYSPHSAA is committed to providing all students with the opportunity to participate in NYSPHSAA activities in a manner consistent with their gender identity and the New York State Commissioner of Education’s Regulations.

The Dignity for All Students Act (DASA) prohibits discrimination and/or harassment of students on school property or at school functions by students or employees. The prohibition against discrimination includes discrimination based on a student’s actual or perceived sex and gender. Gender includes a person’s actual or perceived sex as well as gender identity and expression.

Definitions:
For purposes of these guidelines the following definitions will apply:

Assigned Sex at Birth: the sex designation, usually male or female, assigned to a person when they are born.

Gender Expression: the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

Gender Identity: a person’s gender-related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person’s physiology or behavior assigned sex at birth.

Gender non-conforming (GNC): a term used to describe people whose gender expression differs from stereotypic expectations. The term “gender variant” or “gender atypical” are also used. Gender nonconforming individuals may identify as male, female, some combination of both, or neither.

Sexual Orientation: a person’s sexual orientation and sexual attraction to other people based on the gender of the other person. Sexual orientation is not the same as gender identity. Not all transgender youth identify as gay, lesbian or bisexual, and not all gay, lesbian and bisexual youth display gender-nonconforming characteristics.

Transgender: an adjective describing a person whose sex assigned to him or her at birth does not correspond to their gender identity.

Transition: the process in which a person goes from living and identifying as one gender to living and identifying as another.

Privacy Policy:
All discussions and documentation shall be kept confidential to the extent permitted by law unless the student and the family make a specific request in writing.

Procedure:
1. The student or the parent(s)/guardian shall notify the Superintendent (or designee) that the student would like the opportunity to participate in interscholastic athletics consistent with the gender he/she identifies as.
2. The student’s home school will determine the eligibility of a student seeking to participate in interscholastic athletics in a manner consistent with his/her gender identity where the student’s gender identity does not correspond to his/her sex assigned at birth.

3. The Superintendent (or designee) will confirm the gender identity asserted for purposes of trying out for an interscholastic sports team through documentation from the parent, guardian, guidance counselor, or from a doctor, psychologist or other medical professional.

4. On a seasonal basis the school will provide approval of eligibility to try out for an interscholastic sports team or teams which corresponds to the student’s gender identity.

5. The Athletic Director should notify the NYSPHSAA if any accommodations are needed.

**Appeals:**
All appeals with respect to a District’s determination as to eligibility of a transgender student to participate in interscholastic sports will go directly to the Commissioner of Education.

Religious medals must be taped to the body and under the uniform. Medical medals must be taped to the body so they are visible. Soft, pliable barrettes are permissible, body gems are not. DRONE POLICY:
Approved May 5, 2017 (Executive Committee)

The New York State Public High School Athletic Association prohibits the use or possession of unmanned aircraft or aerial systems (UAS), also known as drones, for any purpose by any person or entity at all scrimmages, regular season and post season events.

This prohibition applies to the area above and upon all spectator areas, fields of play, courts, arenas, stadiums, mats, gymnasiums, pools, practice facilities, parking areas and or other property being utilized for the purpose of the interscholastic activity.

If there is a report of UAS activity at an athletic event school, Section and/or State Association officials will, in consultation with the sports officials, suspend the play until such time as the UAS is removed from the area as defined above or the school, Section/ State and sports officials determine it is safe to proceed.

For purposes of this policy, a UAS is any unmanned airborne device or aircraft. The NYSPHSAA, Section and/or Member School reserves the right to refuse admission to anyone operating or attempting to operate a UAS or to request the immediate removal of any person using or attempting to use a UAS in violation of this policy.

The NYSPHSAA Executive Director has the authority to grant an exception to this policy to law enforcement, public safety agencies, NYSPHSAA media partners, or other entities or individuals. Any request for an exception to the policy must be submitted to the Executive Director at least a week prior to the event. The exception is limited to the specific event requested and requires the consent of the host venue.

Any use granted under this provision must comply with the applicable FAA regulations as well as any and all requirements set forth by NYSPHSAA. News media must have the necessary FAA authorization. Any individuals granted an exception would be required to sign a document acknowledging and agreeing to the terms of use and agreeing to hold the NYSPHSAA and its member schools harmless from damage to persons or property.

UNIFORMS:
The use of an American flag or a memorial patch/arm band is approved when it is worn and/or placed in accordance to the sport specific rules. The NYSPHSAA Executive Director may grant individual schools a waiver of the uniform rule when compliance is related to budget concerns. (Jan. 2011)

4. During games each team will record pitch counts on the official NYSPHSAA pitch count form, this should not include warm-ups or pick off attempts. After each half inning, the pitch counts will be confirmed by both teams. Any discrepancy will be resolved based on the records of the home team pitch count chart.

   2. If a game is stopped before it becomes an official game, the game is a suspended game. This game will be picked up at that point. Score, inning, count of batter etc. should all be recorded in the scorebook.

   3. If the game is stopped after having gone long enough to be an official game, however a winner cannot be determined due to a tied score. This game becomes a tied/suspended game at that point score, inning, count of batter etc., should all be recorded in the scorebook.
4. If a game is stopped after having gone long enough to become an official game and;

   a. The visitors score a run or runs in the top half of the inning. Then game reverts back to the last completed inning and either a winner is declared, or we have a tied/suspended game. Or,

   b. The visitors score a run or run in the top half of the inning and the home team does not complete they're at bat. The game reverts back to the last completed inning and either a winner is declared, or we have a tied/suspended game. 1) Implementation of a mandatory safety statement that will be read pre-game by the officials to all players in grades 7-12 at all contests commencing in the fall of 2017.

Statement: “In an effort to minimize risks to you and your opponent, helmets are not to be considered weapons and are not to be used as weapons. Helmets
are not to be intentionally used to initiate illegal helmet contact against an opponent, such as spearing, targeting, butt blocking and face tackling."

2) In an effort to enlighten and gain support from parents and spectators, make the following announcement (2 or more times) whenever a PA system is available at a football game:
   Statement: “The (insert name of both schools) school districts salute the Section (insert Section number) Football coaches, officials and Athletic Administrators for implementing the Tommy Tough Football Standards, thereby reducing risks for all Section (insert Section number) football players.    4. PLAYERS IN UNIFORM
      The minimum number of players that may dress for a game or a scrimmage is nine
      skaters and one goaltender.
Note: Every effort should be made to have two goaltenders in goalkeeper equipment for every game.

5. WARM-UP BETWEEN PERIODS
All players will be allowed a two-minute warm-up period to skate and stretch between periods. During this warm-up period, no shots will be taken and players must stay in their own end of the ice. A team shall not use pucks on the ice before the start of the second or subsequent periods or where there is a separate warm-up period followed by an ice cut, before the start of the first period. (approved 9/28/01).

6. GOALKEEPER'S EQUIPMENT
A "chin strap check" will be conducted on goaltenders prior to the game or upon substitution. Goaltender may not continue until equipment is corrected.

7. PROTECTIVE EQUIPMENT
It is mandatory for all players (including goal keepers) to wear a certified BNQ stamped throat protector. This shall not be modified from its original manufactured state and shall be worn in the manner the manufacturer intended it to be worn. Penalty: First offense, TEAM WARNING; Further offense, MISCONDUCT

8. GAME DISQUALIFICATION
Any player that incurs 5 penalties (a combination of minors, majors and/or misconducts) in a contest will be removed for the remainder of that contest only. The official shall mark on the scoresheet that the player received an "EJ" (ejection) for the 5-penalty rule.

Allows a maximum of two (2) game disqualification penalties per contest for a player or coach. (2011)

9. TIME OF GAME
When a substitute goalkeeper initially enters the game, he will take his position without delay. A TWO-minute warm-up per substitute goaltender per game shall be required. Five pucks will be allowed on the ice for this purpose. If, in the judgment of the official, he feels that a goaltender's warm-up has been made to give his team a stoppage of play or rest period, the official may assess a minor penalty for delay of game. No timeout will be charged to the team. (Note: Variance approved 10/99)

10. OVERTIME
REGULAR SEASON
a. During the regular season (non-tournament or consolation game, or any game where a winner is not necessary) there will be a three-minute rest for players (teams do not change ends) and one five minute sudden-death overtime period will be played. The first team to score shall win the game. If neither team scores in the five minutes, the game shall be declared a tie.

b. During the regular season tournament where a winner is necessary, play shall continue for not more than two sudden-death overtime periods of 7 minutes, 30 seconds each. Teams will not change ends. If no goal is scored, the game will be
considered a tie, and the shootout procedure as outlined in 13.08.12 will be followed to determine advancement only.

POST SEASON

c. In Sectional, Regional and NYSFHSAA Championship Play: Play shall be continued for no more than four overtime periods of 7 minutes, 30 seconds each; There shall be a three-minute intermission after the third period and teams will not change ends for the overtime period.

If the game remains tied after this second overtime period, there will be a rest period while the ice is resurfaced. For the third overtime, teams will change ends, if the score is still tied, there will be a three-minute rest, and a fourth overtime will be played. If the score is still tied, the "shoot out" procedure will be used. (13.08.12)

11. GAME PROTOCOL

a. During the regular season each game begins on a clean sheet of ice and at a minimum the ice is cleaned after the second period (ice cuts after each period are allowed). If the ice is not cleaned after each period there will be at least a three minute period or intermission between the first and second period.

b. In At Large, Regionals, Semi-Finals and Finals, ice will be cut prior to the first period and after each period of regular game time. There will be a twelve to fifteen-minute intermission between each period of regulation play.

12. PROCEDURES FOR A "SHOOT OUT"

1. 1ST Attempt- Each team shall select three shooters who will meet at center ice with the officials. (All players, other than those involved in the shoot down, are to go to their bench and be seated. The shooters will remain behind the center face-off spot at the discretion of the officials.)

5. If a tie still exists, each team will select any three shooters for the remaining shoot downs. Players from opposing teams will alternate taking penalty shots (Rule 4-6) until all three have competed. The team with the most goals will advance in tournament or state play.

      halves with two (2) 10-minute sudden victory overtimes, if needed, to break the tie. Beginning
      with Section play and continuing on through the State Tournament, overtimes would consist of
      two (2) 15- minute sudden victory periods and, if still tied, penalty kicks. The only exception to

      two (2) sudden victory overtime periods. (May 2008)

   2. Girls Overtime Procedure: Regular season games should consist of two (2) 40- minute

The situation surrounding Red Cards are dealt with directly under the NYSPHSAA Guidelines for Sportsmanship and Misconducts outlined in the State Handbook for all sports. The consequences for the accumulation of excessive Yellow Cards will be as follows:

1. Five Yellow Cards accumulated by a single player or coach in the regular season will result in a one game suspension. Disqualifications due to an accumulation of five (5) Yellow Cards occurring in the last game of the season will carry over into the next season of participation, if the team does not enter post season play.

2. The continued accumulation of Yellow Cards by the same individual or coach will result in a one game suspension per additional Yellow Card.

3. In the event that the player or coach receives two Yellow Cards in the same game, resulting in a Red Card, the two (2) Yellow Cards will not count towards the season total, since the player or coach will receive a one game suspension because of the misconduct and ejection.

4. The accumulation card total is for regular season play only and the process will start over again for post season play. However, any penalties awarded as a result of the last regular season game will carry over into the post season.

5. The post season policy will provide a one game suspension after three (3) Yellow Cards and a one game suspension for each additional card received through the State Final. A one game suspension resulting from a yellow card in a team’s last post season game will carry over into the next season of participation.

6. The coaches of both schools are to report all Yellow Cards to their League and Section by means of mail, email or fax for tabulation. The officials should report to their boards concerning games in which cards are given and the reasons for issuance of the card. Board policy will determine the method of notification to the League and Section.

7. Refusing to report, or failing to report infractions and allowing players to continue play under these circumstances will result in the forfeiture of all games in which the individual in question participated.

17.09 Soccer Scrimmage Rules:
1. A soccer scrimmage may not exceed a total of 100 minutes and unlimited substitutions are permitted.

2. The length of time for the periods of play is to be determined by the coaches, not to exceed 40-minutes in any one period: halves, three-quarters or quarters.

3. Scoreboards may be used for timekeeping only.
4. The clock will begin with the goal keeper in possession of the ball. When a goal is scored, play will be restarted with goalie possession.

    2011)

    1. The NYSPHSAA Wrestling Minimum Weight Certification Program is to be
       followed by all high schools sponsoring wrestling. Based on 7% body fat for
       males/14% for females, the minimum wrestling weight is the lowest weight at
       which an athlete will be allowed to compete. Certification must be conducted by a
       NYSPHSAA Approved Assessor and must occur within 14 days, exclusive of Sundays
       and school closing for holidays or emergencies, from the first day of the season.
       Wrestlers will be certified at a minimum weight (May 2010 and May 2012). A
       wrestler cannot begin practice until the waiver is approved. The approved date of
       the waiver starts the 14-day clock for certification. (Aug. 2011) Centralized
Assessment Sites will be mandated for the minimum weight assessment of all wrestlers. Only the refractometer will be used to test hydration.

Option 2: Wrestlers that are involved in the Fall NYSPHSAA Championships may apply for a waiver of the 14-day rule. Wrestlers that chose this option may not begin practice until the waiver has been approved by the section coordinator.

2. The use of sweat boxes; hot showers; whirlpools; rubber, vinyl and plastic type suits; or similar artificial heating devices; diuretics or other methods for quick weight reduction purposes is prohibited and shall disqualify an individual from competition. See NFHS Rule 4-4-4.

3. A profile form from a NYSPHSAA Approved Assessor must be filed in the home school prior to competition. Sectional wrestling forms must be received by the Section Wrestling Chairman before competition.

4. Dual meets scheduled on a school day shall use the honor weigh-in procedure. A certified list of recorded weights signed by the Principal or Athletic Director shall be submitted at the official weigh-in before the meet. Honor Weigh-Ins for a school day, dual meet wrestling matches are allowed; Honor Weigh-Ins for non-school day, dual meet wrestling matches are not allowed and if one team has school and the opponent does not have school on the day of a dual meet, Honor Weigh-Ins are allowed. Each wrestler shall make the scratch weight at the weigh-in to be conducted prior to the school’s first scheduled academic instruction period on the day of the match and may be permitted an allowance of 3 pounds at the mat side weigh-in. One not making the scratch weight at the early weigh-in will not be permitted the 3 pounds allowable and must make scratch weight at the mat side in order to compete. In the event that a competition is postponed or cancelled, the honor weigh-in is not an official weigh-in, and therefore does not count towards the 50% rule.

5. Restrictions for Competition: A minimum weight is required for selectively classified athletes. Students in grades 9-12 do not have to make minimum weight (Aug 2011). The minimum required weight for all weights as listed MUST be met and RECORDED at both the honor weigh-in and the mat side weigh-in.
   a. To compete at the 99-lb. class a wrestler MUST weigh in excess of 91 lbs. to be eligible.
   b. To compete at the 106-lb. class a wrestler MUST weigh in excess of 96 lbs. to be eligible
   c. To compete at the 220-lb. class a wrestler MUST weigh in excess of 185 lbs. to be eligible.
   d. To compete at the 285-lb. class a wrestler MUST weigh in excess of 210 lbs. to be eligible.

6. The minimum required weight for the 99 lb., 106 lb., 220 lb., and 285 lb., weight class MUST be met and RECORDED at both the honor weigh-in and the mat side weigh-in.

7. A wrestler found to have cheated on the hydration test can no longer participate in wrestling from that point for the remainder of the season.
8. There shall be an allowance of one (1) pound granted each day over the weight limit of the previous day in tournament competition. There is a one (1) pound allowance for all involved teams the second day of a dual meet or tournament competition conducted on consecutive days. The maximum allowance for consecutive dual meets or the first day of a tournament following a dual meet is two (2) pounds. NOTE: A minimum of 48 hours notification to your opponent is required in order to be granted this one-pound allowance. This rule is voided at post-season wrestling tournaments, namely Class and Sectional competitions that are involved in the process of selection of competitors for championship competition. NYSPHSAA will grant a two (2) pound growth allowance for each weight class on December 25. This two (2) pound growth allowance does not apply to the minimum weight requirements for the weights of 99 lbs., 106 lbs., 220 lbs., and 285 lbs.

9. Weigh-in for the second day of a tournament must be on the morning of the second day, with a 1 lb. allowance.

10. Effective in 2006-2007 and after, 50% of the weigh-ins during the season must be at the minimum weight he/she will wrestle during the state tournament series. a. An official weigh-in counts towards this 50% rule whether an athlete competes or not, as long as he/she is eligible to compete and has made weight at both the honor weigh-in (a.m.) and the mat side weigh-in (p.m.)

11. Section sponsored tournaments are not considered part of the regular season; therefore, do not count toward the 50% rule, 20-point rule, or the Representation Standard.

24.09 Wrestling Scrimmage Rules:
A scrimmage must include one or more of the following:
1. Must wrestle in predefined situations such as pinning, takedowns, turns, etc.

2. Must wrestle in neutral position. If a takedown occurs would go back to the neutral position.

3. Must wrestle in the referee’s position using both styles. If a pin occurs, restart in the referee’s position.

MODIFIED SPORTS PROGRAM

THE MODIFIED INTERSCHOLASTIC SPORTS PROGRAM

Interscholastic competition in sports for pupils below the tenth-grade level has been modified by the NYSPHSAA, Inc., and adapted to students in grades 7-8-9. School administrators need to realize that the NYSPHSAA, Inc, Modified Sports Program has been approved by its member schools and is based on twenty years of experimentation and implementation with SAFETY as the major concern.

IT IS THE DUTY OF ALL CONCERNED WITH THE MODIFIED PROGRAM OF ATHLETICS

1. To provide as broad and varied an athletic program as is possible with an opportunity for competition on an equal basis for all students. A desirable modified interscholastic program will encourage participation at several achievement levels. Interschool competition in a modified sports program should encourage participation for as many children as possible.

2. To realize that the individual schools have the final responsibility to equalize competition and must administer the program so that no overmatching of teams or individuals shall be permitted.

3. To conduct the athletic program so that educational objectives shall be achieved; so that the highest ideals of sportsmanship are upheld; so that no single phase of the educational program is promoted at the expense of other equally important programs.

4. To realize that the athletic program should be balanced with all other activities essential to youth, including those which may be conducted by out-of-school groups, to avoid an excessive load for any student.

5. To administer the program in such a manner that participants are properly examined, approved, equipped, insured, selected, classified, instructed, and supervised so that as safe a program as is possible is conducted.

6. To administer the educationally based athletic program in its proper perspective, with minimal loss of school time, limited publicity, competent officiating, and limited awards focused on participation.

7. To provide qualified leadership that understands the teaching of sports to the age group, the objectives of this modified sports program, and the emphasis on safety procedures.

8. To cooperate with schools in the area in providing an interscholastic athletics administrative organization within your section that will achieve the objectives and will aid in the development of the highest type of cordial interschool relationships.

9. To conduct the program so that proper respect for authority is achieved. All participants, coaches, parents, spectators and interested individuals will demonstrate appropriate conduct at all times.

10. To promote sportsmanship by competing within the spirit of the rules, to give every opponent due credit and respect, and to win honorably and to lose graciously.
11. To finance the program through Board of Education approved funds.

12. To cooperate with the Sectional Athletic Council, League or Conference in its efforts to provide sound leadership for all in modified athletics program. No sectional team or individual championships are to be conducted in modified interscholastic athletics.

**MEDICAL APPROVAL**
The Medical Society of the State of New York and the American Medical Association has officially approved the NYSPHSAA, Inc., Modified Program as a sound, safe program. It is most important that all school administrators, directors, and coaches note this approval. The safety of the pupil has been the dominant factor in the establishment of the policies, rules, game conditions, and modified rules under which participants in this program compete.

**RESPONSIBILITIES**

**INDIVIDUAL SCHOOLS, ATHLETIC LEAGUES, AND SECTIONAL ATHLETIC COUNCILS** have definite responsibilities to assure proper administration of the program:

**THE SCHOOL**
1. Abides by the rules by providing proper administration of the program.

2. Informs all essential personnel of program rules, regulations, and program philosophy.

3. Participates actively in the organized group of schools to properly administer the interscholastic athletic competition within the rules of the Modified Program.

4. Becomes involved in sectional sponsored modified sports administrative committee or council, participating in rules and games clarification programs and clinics.

**THE LEAGUE**
1. Abides by the rules by providing proper league administration of the modified program through chairmen and committee members.

2. Gives consideration to more restrictive program policies if desired.

3. Expects league sports chairmen to participate actively on sectional sports committees.

4. Provides official, active representation on sectional council.

**THE SECTION-COUNCIL FOR MODIFIED ATHLETICS**
1. Establishes essential administrative units and sports chairmen to provide the leadership necessary for the Modified Sports Programs in the schools of the section. Official league representatives and sports chairmen shall comprise the Section's Council for Modified Athletics.
   a) Shall establish the dates for the opening of all sports seasons.
      Fall – With Section/League approval the modified program: Fall season starting date will be week #7 in the NYSPHSAA Standard Calendar.
      Winter – With Section/League approval Week #19 is the earliest possible date for the winter sports season. Later dates may be set.
Spring – With Section/League approval Week #36 is the earliest possible date for the spring sports season.

Later dates may be set.

Four sports seasons may be set by sectional action and approval. The established fall starting date may not be changed without approval of both the NYSPHSAA Modified Committee and the NYSPHSAA Executive Committee.

b) Conducts all organized team practice and competition during one season.

c) Cooperates with officials’ organizations – to provide officials with the essential information relating to the modified program and to secure competent officiating for the Modified Sports Program.

d) Administers all policies essential for proper functioning of the modified program of sports.

   --No sectional championships or tournaments shall be conducted.
   --Clarifies sectional participation in innovative programs to assist in experimentation to meet obvious needs for program improvement.

2. Participates actively in the functioning of the NYSPHSAA, Inc., State Committees on Modified Athletics by:
   a) Having official, active representation on the State Committee.

   b) The officially selected sectional sports chairmen shall provide the leadership for the sports conducted in the schools of the section and cooperate with the State Sports Chairmen in their continuing efforts to improve the sports programs and the safety of the participants.

3. Establishes a relationship with the Sectional High School Athletic Council and Central Committee members to clarify section’s final approval of policies, programs, and with representatives involved in the Modified Sports Program of the schools of the section.

   a) More restrictive policies may be adopted for sectional approved programs if desired.

   b) Recommendations for additional programs that may be desirable to meet particular needs in the section may be inaugurated.

   c) Participation in innovative programs may be clarified and approved.

   d) With sectional approval, variations of modified athletic game rules and conditions may be adopted selectively for use by specified conferences or leagues.

   e) Essential communications should be established so that all schools are informed as to programs, policies, and administrative procedures necessary for the proper functioning of the Modified Sports Program.

   f) Definite understanding needs to exist between the Section Council for Modified Athletics and the Senior H.S. Sectional Athletic Council relative to the responsibilities and authority of each.
The elected Central Committee members are the section’s official representatives to the NYSPHSAA, Inc., governing bodies – the Central and Executive Committees. The Modified Sports Program for Grades 7-8-9 is their responsibility and complete understanding of the actions and activities of the Modified Athletics Council needs to exist.

INNOVATIVE PROGRAMS

The establishment of essentially sound, safe, and modified sports programs to meet the needs of varying sized schools has always been a challenge for the State Committee. When new programs have been presented to meet specific needs, the committee has requested sections to experiment with the new program to determine its value before recommending the program for official approval and referenda. Equitable competition is the constant aim.

Innovative programs may be participated in only after being officially requested by Sectional Representatives on the Committee and the approval of the State Committee. This procedure has been of real value in presenting practical programs for referenda.

GIRLS may participate on boys’ teams according to Eligibility Standard #15.

LIFETIME SPORTS competition is a part of the athletic program in some schools involving grades 7-8-9. The Committee coordinators welcome suggestions from any schools involved in these sports and who feel standards need to be established. There definitely needs to be a very close correlation of intramurals, extra-murals, and interscholastic activities to provide a broad program for all interested students of all levels of ability.

If a student or school participates in the Modified Program on an interschool level in the lifetime sports, then all General Eligibility Rules must be observed.

PROGRAM CONTROLS

SPECTATORS: Parents and interested students are usually the great majority of spectators at Modified Program games. Spectator buses to away games are most questionable and never should be permitted without the approval of the host school. When spectators visit another school, adequate and appropriate staff members should be available to supervise their spectators.

SCHOOL BANDS: Bands at Modified Program games are not desirable, since they tend to develop an overemphasized atmosphere for the competitors.

COACHES: The most important factor in the program is the coach. One must adapt coaching to the age level and the abilities of the junior high school youngsters and must teach the basic fundamentals of the games and avoid the intricacies of more advanced programs. Real patience and knowledge of the youngsters at this particular age level is necessary. An understanding of all program policies and game rules and conditions is essential. Relations with opposing coaches should be one of cooperativeness and good sportsmanship, yet teaching and coaching the team to be the best of one’s ability, realizing that the chief obligations are to the pupils and their proper sports education.

SCOUTING: There is no need for scouting of opponents’ games at this level of completion.
PROGRAM SAFETY

PHYSICIANS: It is recommended that a physician be present at all football games and to be readily available during practice sessions. If an injury occurs during a game in any sport, the physician in attendance will determine the athlete’s fitness to continue play. During practice sessions, in the event of potentially serious injury to head, neck or spine of a player, a physician should see the injured as soon as possible. Any pupil whose safe participation is in question as a result of the health history review interview, or injury, or prolonged absence must be re-qualified by the school physician prior to participation.

OFFICIATING: Proper officiating is a most important safety factor. The following policies should be in effect:

1. The use of the “fast whistle” is mandatory when participant safety is questionable.

2. Strict enforcement of all rules violations will inculcate the proper playing habits and attitudes.

3. Special attention should be made to determine “potentially dangerous” holds in wrestling and to eliminate them.

4. It is required that certified officials should be used in contact sports to provide the safest possible game supervision. Three (3) officials are preferred for football.

EQUIPMENT: Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program, unless denoted within the Modified Sports Standards. Shoes with metal posts or spikes are not permitted in any modified sport, unless denoted within the Modified Sports Standards.

Protective equipment which is properly fitted should be provided for sports of a contact nature. Supporter cups should be worn in those sports where this protection is logical.

Protective headgear may be worn by soccer goalies for protective purposes. Shin guards must be worn at all times by all soccer players and field hockey players.

COACH ON THE FIELD: The coach is permitted to be on the field during timeout periods to check such matters as seem desirable to control the safety of the games and to use the existing situation as a teaching opportunity. It is realized that this rule is subject to abuse by overzealous coaches. Any coach violating the spirit of this rule should be removed from the program.

RULES OF THE GAME: The approved game rules for all sports are listed in the Modified Sports Standards. All adopted modifications indicated for each sport take precedence.
GENERAL ELIGIBILITY RULES FOR THE MODIFIED PROGRAM

Situations not covered by the following specified modified rules shall be governed by the Eligibility Standards of the New York State Public High School Athletic Association, Inc.

1. AGE: Upon entry into the 7th grade, a student is eligible for modified program competition. One is ineligible when the sixteenth birthday is attained; however, if a student attains the sixteenth birthday during a sport season he/she may complete that sport season. NOTE: Schools, leagues and sections may organize Modified Program competition by age, grade, geography and/or ability levels within the limitations of the NYSPHSAA Eligibility Rules to ensure safe and equitable competition. Teams shall practice and compete only against other teams that use the same criteria for organization (i.e. age, grade, performance).

2. BONA FIDE STUDENTS: A contestant must be a bona fide student of grades 7, 8, 9 of the school represented. NOTE: If it becomes necessary to combine member schools to maintain a team or sport, a written request must be submitted and approval obtained from the league and section involved. Schools which have combined must submit a report to the Modified Committee and this will be submitted to the Executive Committee.

3. CHAMPIONSHIPS-TOURNAMENTS: Tournament competition is not permitted in the Modified Program. No sectional team or individual championships are to be conducted, nor are there to be championship playoffs on a team or individual basis.

4. DURATION OF COMPETITION: High School Eligibility Standard #8 becomes effective on the date of entry in ninth grade.

5. EMERGENCY PROCEDURES: It is recommended that all schools develop emergency procedures to be followed by coaches.

6. EXTENDED PLAYING TIME: Eligibility for play in an extended playing time should be determined on the basis of the following participation standards:
   a) Players with no participation in the regular game/contest should be eligible for play in an extended playing time.
   b) Players whose participation in the regular contest is limited, i.e., their total participation was no more than one-half of the regular playing periods/quarters shall also be eligible for play in an extended playing time.
   c) Limited participation shall be further defined to mean that entry into a playing period rather than actual playing time shall constitute “participation” in the regulation contest.

Optional Plan for use at the league or Section level: If a team has fewer than the minimum number of players to play the five (5) period concept the following game rules will apply:

A four (4) quarter game will be played with the number of minutes being increased for each quarter (see chart below); however, no player may play more than three (3) quarters (*see exceptions below). This will apply provided the team has a
sufficient number of players so as not to exceed the NYSPHSAA regulated playing time allocation for each sport (see chart below).

* Exceptions: In boys’ and girls’ lacrosse, girls’ field hockey and boys & girls soccer, if a team has only one goal keeper that goal keeper may play in all periods of 4 Quarter Extended Play or in all periods of 5 Period Play. Except for the goal keeper, the “time” allocated for the game will not be extended. All players except for the goal keeper will follow the 4 quarter or 5 periods extended playing time format and are therefore only eligible to play 3 periods.

7. HEALTH EXAMINATION: A student who may engage in interschool competition shall receive an adequate health examination and may not practice or participate without the approval of the school medical officer.

NOTE: Physicals for participation in school sports may be scheduled at any time during the calendar year. The results of the physical shall be valid for a period of 12 months after the last day of the month in which the physical was conducted. Unless the medical examination is conducted within 30 days of the start of a season, a health history update is required. Any pupil whose safe participation is in question as a result of the health history interview, or injury, or prolonged absence must be re-qualified by the school physician prior to participation. If the 12-month period for the physical expires during a sports season, participants may complete the season as long as a health history was conducted prior to the season. For example, a physical conducted on August 1 would be valid through August 31. If a student plays beyond August (ex, football), the student may complete that sports season as long as an interval health history was conducted before the start of the season. Immediately following the last sanctioned tournament competition for that season, a new physical is required if the student is going to play another sport. Sport season includes tryouts.
NOTE: The Handbook Committee recommends that each incidence of prolonged absence should be reviewed individually by the coach and the athletic director, consulting with the school physician when necessary and a reasonable amount of practice time and playing time be established based on the athlete's readiness for safe return to competition.

8. INTERSCHOOL PRACTICE SESSIONS/SCRIMMAGES: A school is limited to three (3) interschool practice sessions/scrimmages which, if conducted, may be held at any time after minimum practice requirements and previous to the last scheduled contest. By sectional approval, in cases where officials are not available for contests and all avenues of obtaining certified official have been exhausted, additional scrimmages are permissible as replacements to the scheduled contests. Interschool practice sessions/scrimmages are governed by the same hours to elapse between such sessions/scrimmages as for regularly scheduled contests with the exception of football.

NOTE: With Section/League approval, up to 50% of the maximum number of games permitted for each modified level sport may be designated as scrimmages. (Example: Basketball – 14 games scheduled, 50% (7) could be scrimmages plus 7 games for a total of 14. Under this option, if a contest is converted to a scrimmage, the scrimmage would count toward the 50% as outlined in the Promotion Rule. NOTE: In practice sessions/scrimmages:
   a) Both squads use the same field simultaneously with both coaches making corrections and giving instruction to players as they would do during their own practice.
   
   b) No official score is kept.
   
   c) No admission is charged.
   
   d) No spectators are permitted unless such is the usual plan whenever the squad has a practice.

9. MIXED COMPETITION: see Eligibility Standard #15.

10. MULTI-SCHOOL CONTESTS/TOURNAMENT COMPETITION/CHAMPIONSHIP/FINALS AND AWARDS: Tournament competition is not permitted in the modified program. No sectional team or individual championships are to be conducted. With sectional/league approval in multi-school contest and invitational, may award place ribbons to the top competitors. Championship playoffs on a team or individual basis are prohibited. Sections, leagues, devices or groupings should not host an end-of-season finale multi-school contest that can be construed as a jamboree, carnival, or invitational tournament. Multiple school contests can be conducted at the end of the season only if it is in a sport in which multiple team contests are regularly scheduled throughout the season and the final contest mirrors that of the rest of the schedule, thus the contest is not larger than all the others. This may be true for individual dual sports (i.e. squad meets for Wrestling, cross country or track). Team sport multiple school contests prior to the end of the season are permitted provided:
   a. No participant shall compete in more events, matches or games than permitted in any other regularly scheduled contest in that sport, on that day.
   
   b. All handbook rules are applicable.
Coaches and directors are encouraged to design ideas that follow the spirit of, and guidelines for, modified athletics.

11. PENALTIES:
1. If a school uses an ineligible student in any interschool contest, the penalties shall be as follows:
   a. In all team sports-forfeiture of the contest. In individual sports, the use of an ineligible player would result in the contest being forfeited. However, the performances and outcomes of the other individuals would stand.
   b. In the individual sports-bowling, cross country, fencing, golf, gymnastics, rifle, skiing, swimming, tennis, track, wrestling – all points scored by the individual shall be forfeited and places moved up accordingly.
2. For any violation of eligibility or sports standards a school or a school authority may be censured, placed on probation, or suspended.
3. Consistent with good ethical standards the prompt reporting of the knowledge of an infraction shall be made to the proper authorities in writing.
4. School Districts may appeal to the Section to gain relief from the prescribed penalty if the violation of eligibility standards resulted from circumstances out of the District’s control.

12. PRACTICE SESSIONS: Each student may participate in only one practice session a day on only six days of a calendar week. Practice sessions shall be limited to two hours and be at least 45 minutes in length. No student may be permitted to participate in school organized practice or play on seven consecutive days.

All required practice sessions shall include vigorous activity related to the specific sport.

A tryout session may be used toward the required number of practices needed prior to the first scrimmage or contest when the high school and modified seasons start simultaneously or when the high school tryout periods are contiguous to the beginning of the modified sports season.

13. PROMOTION: A contestant in grades 7, 8, and 9 who practices or competes with or against a freshman, junior varsity or varsity performer shall not return to the modified athletic program in that same season in that same sport. Contestants shall not be promoted to a higher classification within the modified program or to a junior varsity or varsity team after completion of fifty percent of their modified schedule.
   NOTE: EXCEPTIONS:
   a) General Eligibility Rule #17 “TRYOUTS.”
   b) In school where no junior varsity program is provided in a specific sport, a ninth grade modified contestant may be promoted to the varsity team at any point in the season if He/she displays the skills and maturity to compete at the varsity level. A promoted 9th grade contestant is eligible to participate immediately upon promotion providing that he/she has completed the necessary number of required practices for that specific sport. The contestant may not exceed the total number of contests as outlined in the High School Sport Standards Chart.
c) In a section whose “early winter” season ends in mid-winter, followed by the “late winter” season, the modified ninth grader could not be elevated to the varsity for post schedule contests in a sport played in the “early winter” modified season.

d) Promotion Regulation shall be waived for Boys’ and Girls’ Swimming & Diving and Boys’ and Girls’ Outdoor Track and Field permitting schools with section approval the option of running combined modified and varsity swimming and diving meets, alternating events.

e) The NYSPHSAA Executive Director may grant a waiver of the promotion rule if a High School team is dropped by the school district.

14. SPORTS SEASONS: All competition shall be completed within the sport season indicated by each individual section.

15. TIME INTERVAL: Unless extenuating circumstances arise, it is recommended that no more than two contests should be scheduled per week. Except in football and cross country, contests may be played with only one night of rest three times per season for rescheduling purposes only. A team may never play three days in a row. There shall not be more than three contests (4 for baseball/softball) played per calendar week. Baseball and softball shall be permitted to play two games a day twice during the season. (See Baseball and Softball – Game Conditions.)

16. TRANSFER: A student who is enrolled in one school may subsequently transfer no more than once during a school year without a corresponding change in the residence of his parents or guardians, or having reached the age of majority establishes a residency.

   a) A student who transfers from one school to another becomes eligible after starting regular attendance.

   b) Transfer students trying out for sports before school opens in the fall shall register and be accepted by the principal of that school before the medical examination and the first practice. This shall constitute the start of regular attendance for fall sports. NOTE: After approval by the school medical officer a student may practice immediately and must satisfy the specific Sports Standard according to the number of practice sessions required.

   c) Practices at the previous school district may be counted toward the minimum number of practices required provided the principal or athletic director of the previous school submits, in writing, the number and dates of such practices to the principal or athletic director of the new school.

   d) 7th and 8th graders that compete at the high school level will be subject to the transfer rule in “that” sport (effective with the 2017-2018 school years).

17. TRYOUTS:

   a. A section may establish tryout periods to allow EXCEPTIONAL ATHLETES who have completed and passed the NYS Education Department Athletic Placement Process (APP) the opportunity to be selected for a high school team.

   b. Seventh and eighth grade students must pass the APP qualifications prior to the tryout period.
c. Ninth grade students do not have to pass the APP qualification to participate in the tryout.

d. The tryout period for a modified athlete shall be defined as participation in three (3) of the first five (5) practice days of the high school season. During the tryout period, the modified athlete may not return to modified program until the athlete’s tryout is complete.

e. Tryout periods for wrestling, boy’s lacrosse and ice hockey shall be a maximum of five (5) of the first seven (7) practice days of the high school season.

f. The tryout period for football shall be a maximum of eight (8) of the first ten (10) days of the high school season.

g. Student athletes participating in sectional approved tryout sessions are not subject to the Promotion rule.

h. In cases involving new transfer students, overlapping season, and/or medical conditions the student’s try-out period will be 3 out of 5 days, 5 out of 7 days, or 8 out of 10 days of the high school season depending on the sport.

MODIFIED GAME RULES AND GAME CONDITIONS

Situations not covered by the following specified modified rules shall be governed by the Eligibility Standards of the New York State Public High School Athletic Association, Inc.

With Sectional approval, variations of modified athletic game rules and conditions may be adopted selectively for use by specified conferences or leagues.

1. BADMINTON

Game Conditions: See Modified Sports Standards Chart

Games Rules:
1. NAGWS Rules

2. Contests should consist of 4 singles and 4 doubles matches, unless agreed upon prior to the contest.

3. For the purpose of ensuring that every eligible badminton player has the opportunity to play in a match, each may play one (1) additional singles or doubles match per day. The individual limitations/day for badminton (References; Modified Sports Standards Chart, NYSPHSAA Handbook) shall be increased to two (2) matches per day, provided that every individual eligible player plays once before any player plays twice.

2. BASEBALL

Game Conditions: See Modified Sports Standards Chart

1. Pitchers must participate in at least 15 practices before an interschool game.

2. Doubleheaders: A team may play two (2) games in one day twice during a season, either a doubleheader against a single opponent, or two successive games against two different opponents. The following doubleheader restrictions must be followed:
   a) The maximum number of doubleheaders allowed is two (2).
   b) A team may not play three (3) games in two (2) consecutive days. No more than four (4) games a week may be played.
   c) Pitching limitations remain the same.
   d) Each game of the doubleheader is to be six (6) innings. No team may play more than 14 innings in one day. This allows a total maximum of two (2) extra innings in the event of tie game(s).

3. Equipment–
   a) Catchers shall wear the full protective equipment of helmet, mask with throat protector, chest protector, shin guards and cup.
   b) Batters and base runners shall wear protective headgear.
c) Any player warming up a pitcher, on or off the diamond, shall wear a mask.
d) Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program. Shoe with metal posts or spikes are not permitted in any modified sport.

Game Rules:
1. Regulation game shall be 7 innings. With Section/League approval, a “Mercy Rule” will be permitted; allowing a game to end after a team at the short end of the 15-run rule has completed their fifth at bat. (Dec. 2010)

2. The following pitch count must be followed for all modified pitchers:

<table>
<thead>
<tr>
<th>Max # Pitches</th>
<th># Nights Rest</th>
</tr>
</thead>
<tbody>
<tr>
<td>Modified</td>
<td>Modified</td>
</tr>
<tr>

</tr>
<tr>
<td>21-40</td>
<td>2</td>
</tr>
<tr>
<td>1-20</td>

</tr>
</tbody>
</table>

3. Designated hitter will not be allowed.

4. An extra player, referred to as EP is optional (on a game-by-game basis), but if one is used, it must be known prior to the start of the game (official lineup card) and be listed on the scoring sheet in the regular batting order. If the EP is used, he must be used for the entire game. Failure to complete the game with the EP results in the forfeiture of the game (except in case of injury or ejection from game with no eligible players left to enter, the rules permit play with eight men). If an EP is used, all 10 players bat, but only 9 can play defense each inning. The person designated as the EP (not a defensive player at the start of the game) may at a later time play a defensive position; the defensive player now is only a batter for that inning and not a fielder. There will always be one player in the lineup not on the field defensively. The EP may be substituted for at any time, either by a pinch-hitter who then becomes the EP. The substitute must be a player who has not yet been in the game. Substitutes and re-entry will be treated as in the past. A starter may re-enter the game into his same batting order position.

5. The re-entry rule may be waived only if an injured player must be replaced and all eligible substitutions were used during the game.

6. With Section/League approval, when the team at bat has two outs with the catcher on base, a pinch runner may be used to allow the catcher to get his/her gear on prior to the third out. (The pinch runner is a player who is a substitute, or in the case that all substitutes have been used, a player off the bench who is not currently in the lineup. This rule does not change the normal substitution rules and does not overshadow the need to get all players in the lineup; it allows for cutting time off the transition between innings).

7. With Section/League approval, a new substitution game rule may be used to maximize modified players’ participation in their baseball/softball games. The official lineup card will list all players on the team in a designated Batting order, allowing any of the players listed in a slot to bat when that slot occurs.
3. BOYS BASKETBALL
Game Conditions: See Modified Sports Standards Chart

Game Rules:
1. The maximum length of the quarter shall be seven (7) minutes.

2. If a game is tied at the end of regulation play, there will be an overtime period of four (4) minutes duration. If it is still tied, the game will end in a tie.

3. Free substitution is facilitated by permitting substitutions on:
   a) Any dead ball
   b) Any violation

4. Sections may adopt the use of a small ball. The section shall determine the actual size of the ball.

5. The three (3) point shot is allowed with Section/League approval.

4. GIRLS BASKETBALL
Game Conditions: See Modified Sports Standards Chart

Game Rules:
1. NCAA Women’s Rules. The thirty-second clock rule shall be optional.

2. The maximum length of the quarter shall be seven (7) minutes.

3. If a game is tied at the end of regulation play, there will be an overtime period of four (4) minutes duration. If it is still tied, the game will end in a tie.

4. The three (3) point shot is allowed with Section/League approval.

5. BOWLING
Game Conditions: See Modified Sports Standards Chart

Game Rules:
1. All competition shall be conducted under United States Bowling Congress Rules and NYSPHSAA, Inc., requirements.

2. At no time shall the foul line rule be set aside.

6. CROSS COUNTRY
The Section Athletic Council shall determine the date for the mid-season change-over.

Game Conditions: See Modified Sports Standards Chart

Game Rules:
1. NFHS Rules
2. The maximum distance shall be 1-1/2 miles in the first half and should increase to 2 miles in the second half of the season, on the date designated by the Section Athletic Council.

3. For multi-school contests refer to General Eligibility Rule #10.

7. FIELD HOCKEY
Game Conditions: See Modified Sports Standards Chart

Game Rules:
1. NFHS Rules

2. Halves shall consist of 25 minutes, maximum.

3. Substitution: Utilize the NFHS Rolling substitution rule. Time outs: A time out may be called by a team when the ball is dead. Play is restarted as though time out had not been called. Duration of the time out is two (2) minutes. Three (3) time outs may be called by each coach; two (2) in one half and one (1) in the other half.

4. Equipment: Only sneakers or shoes with molded soles and molded cleats are permitted in the modified program. Shoes with metal posts or spikes are not permitted in any modified sport.

8. FOOTBALL
Game Conditions: See Modified Sports Standards Chart

Administration:
Modified football should be administered so that all safety precautions are in effect. Every effort should be made during practice and game situations to pair contestants of as nearly equal ability as is possible. Factors to be considered in the selection of squad members are age, weight, physiological maturity, skills, coordination and desire.

Tests:
Each pupil should be carefully checked to determine readiness before being allowed to participate in interschool contests as follows:
1. Physical - Medical examination which shall include a thorough review of health history before, and as needed, during the season. Tetanus shots as recommended.

2. Maturity – Careful evaluation of the individual's age, weight, height, physiological maturity and degree of coordination with relation to all of the others, especially one above or below average of others in height, weight, physiological maturity as related to age, should be made.

3. Individual Skills – A thorough program of screening for a period of two weeks shall be conducted. Basic conditioning, running, cutting, falling, rolling, catching, line, and backfield fundamentals, blocking and tackling techniques, Ball handling drills should be participated in. Dummies and sleds should be used and no one should be permitted in live contact drills until ability has been proven to partake in them. Match participants of equal size and ability for participation during live contact drills.
4. Team Skills – Team play leading to game situations should be taught through controlled
scrimmages with contestants placed in groups of similar maturity and skills.

5. Desire – Observation of the individual’s alertness and general desire to participate must be noted.
(The above-mentioned types of testing and teaching, with complete cataloging of the individual’s
ability, should enable the coach to screen all candidates and determine their readiness for
competition.)

6. Equipment –
   a. Properly fitted equipment of good quality is mandatory for safe participation in football.
   b. All essential protective devices are to be used.
   c. In addition to the normal pads and helmets, dental and face protection guards should be
      provided.
   d. All protective pads should be covered by the uniform.
   e. If protective pads are exposed, the uniform part should be replaced or repaired.

Game Conditions for 11-Man and 8-Man Football:
1. The first three (3) days of practice sessions must be non-contact exercises and equipment shall
   be limited to the helmet, face mask, dental protection device, T-shirt, supporter, shoes, ankle
   supports, socks, shoes, protective pads for elbow and/or knee areas. During the next five (5) days
   the addition of shoulder pads, along with the use of blocking dummies, sleds, and other similar
   teaching and training devices is permissible. No scrimmages or live contact drills are allowed. The
   next five (5) days shall consist of contact with full protective equipment and the use of training
   devices. Scrimmages are permitted on the fourteenth (14th) day. Four (4) additional practice days
   must be held prior to the first contest.

2. No school team, or individual player, may participate in more than seven (7) Games. Teams may
   play 3 games in a 14-day period. A minimum of four (4) nights of rest must elapse between any
   games. The time between football scrimmages and the time between football games and
   scrimmages must be three (3) nights.

3. At least sixteen (16) players must be dressed and available to play on an 11-man team; at least
   sixteen (16) players for an 8-man team for all interschool contacts, both scrimmages and contests.

Game Rules for 11-Man Football:
1. Time periods shall be 10-minute quarters.

2. Team offensive formations are limited to standard formations, no unbalanced lines allowed.
   There may be a maximum split of 1 yard between linemen. If a wide receiver is employed, the
   maximum split from the tackle cannot be more than 10 yards. On the snap of the ball, there may be
   only two (2) players outside of the normal tackle alignment on either or both sides of the field.
   Motion is allowed toward the two (2) receiver side of the formation provided the ball is snapped
   before the player crosses the middle of the formation. If the ends split on punt formation, the team
   must punt. There are no “walkaway” ends when receiving the punt from this formation. Definition
   of side of formation – the half of the formation from midline of the center that has a set back to that
   side and two (2) players outside the tackle. All downfield blocking must be done above the waist.
Until the snap the defense shall be allowed to use 4, 5, or 6-man fronts (4 and 6-man fronts must align head up, no gap alignments allowed and cannot cover the center) (5-man fronts must be aligned heads up on center and guards or tackles, no gap alignment). Defensive lineman is not permitted to move until the snap of the ball; linebackers must be stationary and at least 3 yards off the line of scrimmage. **UNIFIED SPORTS**

Through our special partnership with Special Olympics New York, we are pleased to offer Unified Sports Programs to our membership. Unified Sports is an inclusive sports program that combines
an approximately equal number of athletes (students with intellectual disabilities) and partners (students without intellectual disabilities) on teams for training and competitions.

Currently, the NYSPHSAA and Special Olympics have just completed a pilot program in Section 2 and are starting a pilot program in Section 5. All pilot programs are for a Spring Unified Basketball season. A key component of the pilot program is the Youth Activation Committee (YAC). The YAC is responsible to help increase awareness and acceptance of students with disabilities within the school district by supporting the Unified Basketball team. A Unified Sport Committee will be formed in the Fall of 2014 with representatives from all 11 sections. The objective of the committee will be to establish pilot programs in all 11 sections on a voluntary basis and to recommend rules and regulations that will be followed for all Unified Sport Programs within the Association.

Project Objective: Unified Sports participation is rooted in the principle of meaningful involvement which ensures that every player is given an opportunity to contribute to the success of his or her team through their unique skills and qualities. This means that every team member: (a) demonstrates sufficient sport-specific skills and game understanding; (b) plays a valued role on the team that emphasizes his or her personal talents; and (c) has an opportunity to play without a heightened risk of injury.

**Basketball:**
NFHS Playing Rules:
1. All NFHS Basketball rules will be followed unless a NYSPHSAA or Special Olympics Rule Adaptation is in place.
2. There will not be a shot clock (NFHS rule).
3. The ball used for game play will be a 29.5 inch basketball. (NFHS Rule)
4. If extra time is needed, overtime periods will be 4 minutes. (NFHS Rule)
5. Each team is allowed three Full and two 30 second timeouts per half. Each team is allowed one (1) additional full time out in overtime. (NFHS Rule)
6. Three point shots are in effect.
7. Team bonus will be reached at 7 team fouls and double bonus will be reached at 10 team fouls in each half.

NYSPHSAA and Special Olympics Modifications:
1. The objective of Unified Basketball is to have 3 Athletes and 2 Partners on the court.
2. Traveling will be called if a player scores or has a clear advantage because of the traveling.
3. A game may consist of either four 8 minute quarters or two 16 minute halves.

Points of Emphasis:
1. Double dribbles will be strictly enforced.
2. Any defense is allowed.
3. Free throw lane and 3 second lane violations will be enforced.

**Bowling:**
USBC Scoring Rules will be used:

Match Format:
1. One (1) two-person team vs. One (1) two-person team for 1pt. per game.
2. Another One (1) person team vs Another One (1) person team for 1pt per game.
3. One (1) four-person team vs One (1) four-person team for 1pt per game.
4. Each match will have three games played (3pts per game) for a total of 9 points per match.
5. Teams are an equal mix of athletes and partners.
6. Substitutes can be made after each game.

End of Season Tournament:
1. One (1) eight-person team vs One (1) eight person team.
2. 3 games will be played. Total pins counted over three games.
3. Substitutes can be made after each game.
4. Teams are an equal mix of athletes and partners.

Note:
It is our belief that sports and other co-curricular student activities are of the greatest benefit to all students when done in the least restrictive environment.

The mission of the National Federation is to serve its members and its related professional groups by providing leadership and national coordination for the administration of interscholastic activities which will enhance the educational experiences of high school students and reduce risks of their participation. The National Federation will promote participation and sportsmanship to develop good citizens through interscholastic activities which provide equitable opportunities, positive recognition and learning experiences to students while maximizing the achievement of educational goals.

National Federation Mission Statement

High school activities programs will attract more than 10 million participants this year. Nearly 50% of the student body of most schools will be involved in some phase of the interscholastic program.

In virtually all of these schools, the interscholastic activities program will require a school board subsidy between one and three percent of the total school budget. That includes equipment, supplies, transportation, coaches’ salaries and a portion of the utility bills.

Fifty percent of the students at one to three percent of the budget: that could be the best bargain in public is demanding. Rather than being squeezed out of school programs, interscholastic activities programs should be held up to the communities as model programs for these times.

THE MEMBERSHIP of the National Federation consists of 51 individual state high school athletic and/or activity associations and the association of the District of Columbia. Also benefiting from National Federation services are affiliated members of 11 Canadian provincial associations and similar groups in the Philippines, Guam, Bermuda and the Virgin Islands. Policies for high school athletics emanate from the National Federation and its members.

THE SERVICES of the National Federation are based on the belief that strong state and national high school organizations are necessary to: protect the activity and athletic interests of high schools and the student participants, and promote growth of programs which are educational in both means and ends for the participants.

COACHES AND OFFICIALS are also served in a variety of ways through the National Federation Interscholastic Coaches Association (NFICA) and National Federation Interscholastic Officials Association (NFIOA). Each individual member receives a monthly tabloid containing information to...
assist individual professional development as well as inform and involve high school coaches and officials in the work of their state and national administrative organizations.

ATHLETIC DIRECTORS benefit directly from National Federation services, including an annual conference conducted for them and printed proceedings distributed to them. A quarterly journal, Interscholastic Athletic Administration, is published as a continuing forum for the exchange of ideas pertinent to athletic administration, a growing profession which the National Federation recognizes as vital to the welfare of high school sports.

NATIONAL FEDERATION PUBLICATIONS are published in 17 sports. The National Federation rules committees consist of high school coaches and administrators.

THE HIGH SCHOOL TODAY is a comprehensive publication distributed ten times a year. Included in each publication are all major athletic rule changes, questions and answers for various sports while in session, plus a section containing music and speech information. The HS TODAY is provided to members of the various National Federation professional organizations as part of their membership. The Publication reaches thousands of high school administrators, coaches and officials, as well as the general public and news media across the nation.

FEDERAL LEGISLATION is monitored by the National Federation staff, and the membership aggressively opposes bills which would adversely affect interscholastic activities programs on the local, state or national levels.

ATHLETIC EXPERIMENTATION is conducted by the National Federation through its rules committees and cooperating agencies, such as the National Operating Committee for Standards of Athletic Equipment. The result is safety in high school athletics which is unparalleled on any other level of competition.

SANCTIONING of interstate and international contests is carried out by the National Federation to curb abuses which might result without such a program. Applications for sanction are carefully reviewed to assure that students will not be exploited and that certain programs are not overemphasized to the expense of others.

NATIONAL RECORDS are maintained by the National Federation in order to bring proper recognition to boys and girls who achieve unprecedented performances in interscholastic competition. It is believed such recognition stimulates public interest in high school programs and motivates other boys and girls to improve their skills.

HIGH SCHOOLS are represented by the National Federation on the U.S. Olympic Committee and national sport governing bodies. The National Federation cooperates with many other national organizations such as Major League Baseball, the National Collegiate Athletic Association, the National Junior College Athletic Association, the National Association of Secondary School Principals and the Young Men's Christian Association to the extent that such organizations' activities affect interscholastic programs and participants.

NEW YORK STATE INVOLVEMENT WITH THE NATIONAL FEDERATION
The New York State Public High School Athletic Association, Inc. has been a member of the National Federation of State High School Associations since 1926.
