List other events (sporting events, concerts, youth tournaments, etc.) in your area during the time of this event:
There are no other major events happening on campus during the time period of the Track & Field Championships.

Describe promotional activities to be conducted for this event:

The full range of campus media resources are available to promote this State Championship. These include the College’s Sports Information Staff, use of the College’s website and social media assets, and the close relationship the college has with local media. Additionally, the Championship will be advertised on our new video scoreboard during halftime of our Spring Lacrosse games.

St. John Fisher College will also partner with the Rochester NY Sports Commission and Visit Rochester to actively promote the Championship through their social media channels as well as throughout the community.
Volunteerism- describe the volunteerism for this event:

Volunteers for meet management augmentation will be sourced through the 100 athletes and staff of the St. John Fisher College track and field team along with members of the athletic department staff. Members of the Section V track and field committee along with Section V track officials not working the meet have also historically volunteered to assist at the meet. Additional volunteer roles will be solicited through the St. John Fisher College sport management club, USATF Niagara and Visit Rochester volunteer lists.

Please list any other pertinent information pertaining to this proposal:

Throws Area:
The 800-meter separation between the track complex and the throws area has raised concerns in years past. To alleviate any problems this separation may cause for spectators, coaches, and athletes, the College will operate a shuttle van/bus service from the south end of the track to the throws area. This shuttle will operate constantly every 15 minutes. All multi athletes will be transported to and from the throws area by the St. John Fisher College Athletic Bus. Please know, a designated shuttle for athletes/coaches will be marked and a requirement can be instated that all student athletes must take the designated shuttles to the throws area to ensure safety and eliminate any concern on students crossing the road. Safety measures for this separation have been put into place to host the 2020 NCAA Men’s and Women’s Outdoor Track and Field Championship and that plan can be adapted to suit the needs of the 2021 & 2023 NYSFHSAA Championship, if awarded. In addition to the shuttle service, there will also be volunteers to ensure any spectators that elect to walk to the throws area will all cross the road at the pedestrian crosswalk that has a walk/no walk warning device.

Campus Event Experience:
In May of 2020, St. John Fisher College will host the NCAA Division III Men’s and Women’s Track and Field Championships. As the largest Championship in all of Division III athletics, having the experience of that track championship on campus should create a fantastic groundwork for the NYSFHSAA Championships, if awarded.

Additionally, 2019 marked the 20th straight year that the Buffalo Bills have called St. John Fisher College home for their pre-season training camp. Because of the training camp history with the college, campus administration and staff are well versed in organizing, promoting and successfully running large-scale athletic events.
