  **NYSPHSAA**
  
  Attn: Championship Site Bid (Skiing)
  
  8 Airport Park Blvd.
  
  Latham, NY 12110

Sport Committee/ Staff Review Date/ Time: **September 22, 2017 @ 10:00 AM**

EXECUTIVE/ CENTRAL COMMITTEE APPROVAL: October 12, 2017
Thank you for your interest in hosting the New York State Public High School Athletic Association’s **SKIING** Championships. The NYSPHSAA is a non-profit, voluntary, educational service organization composed of 783 public, parochial, and private schools dedicated to providing equitable and safe competition for the students of its member schools. Membership is open to secondary schools providing interschool athletic activities for boys and girls in grades 7-12.

**PROCESS:**
All NYSPHSAA State Championship sites will be open for bid by any NYSPHSAA Section/Member School and their respective communities in New York State; NYSPHSAA retains sole control over the administration of State Championship events and is the sole rights holder. All expenses and revenues are collected and dispersed by NYSPHSAA.

All site bids will be for a three year period, unless rationale is provided for a shorter or longer term, and must be endorsed by the Section Executive Director.

The NYSPHSAA Executive/Central Committee will approve all State Championship sites/ facilities, taking into consideration the recommendations of the State Sports Committee and the NYSPHSAA Executive Director/Office Staff.

Each proposal will be scored from 1 (Not favorable for the event) to 5 (Excellent for the event) on the following criteria by the Sport Committee and the NYSPHSAA Staff:

- Size/Quality of facility
- Effectiveness of site committee
- Spectator interest
- Handicap accessibility
- Proposed Expenses (Total Costs)
- Parking
- Volunteerism
- Sponsorship/Community financial commitment
- Hotel Room Rates & Availability
- Restaurants
- Security provisions
- Location

*Note:* qualifications will not be based solely upon score.
All sealed bids will be opened by the State Sport Committee and the NYSPHSAA Executive Director/Office Staff on the date/time specified on page 2 of this document. Once bids are submitted, no revisions, modifications or adjustments will be permitted. The Championship Advisory Committee will review the recommendations of the Sport Committee and the NYSPHSAA Executive Director/Office Staff to provide input to the Executive/Central Committee.

All bids must be submitted on the enclosed document.

A minimum of 20 copies must be submitted in ONE enclosed envelope.

All bidders must provide an individual or individuals available via teleconference on the day of the Sport Committee meeting to answer any questions the Sports Committee/Staff may have.

The successful facility will be required to provide the association with a contract, stipulating all proposed and agreed upon terms and conditions, within 30 days following the presentation to the Sports Committee and NYSPHSAA Staff.

Timeline:
When appropriate, bids will be released 12-14 months prior to the expiration of the current contract/agreement.

**Gore Mountain**
The past year was the fifth consecutive year of significant modernization of the snowmaking infrastructure, with 66 high-efficiency guns replacing antiquated components of the system. Variable drives installed at Gore’s pump house allow the amount of water pumped to fluctuate more precisely with demand, also increasing system efficiency and further reducing annual electrical use. More guns, pump house efficiency improvements, and distribution updates all contributed to snow being made more quickly.

**Gore Nordic Center at the North Creek Ski Bowl**
Gore Mountain’s entry into the world of Nordic racing and recreational cross country skiing was nothing short of a success story. The Nordic Center at the North Creek Ski Bowl quickly became a premier facility for racing events and public recreation. The new 5k trail system, complete with snowmaking, grooming and lights, was eagerly embraced by the Nordic racing community, and several high-profile races to include the New York State Public High School Athletic Association’s (NYSPHSAA) State Championships.

Safety Plans  

NYSEF Gore Mountain Event Safety Plan Echo Race Trail  
February, 2014  

The purpose of this document is to explain the medical safety measures that are in place for events held on the Echo trail at Gore Mountain in North Creek, NY.  

1. Gore Mountain Ski Patrol which is made up of both paid and volunteer patrollers will provide at a minimum, coverage at the race start during speed events and from the Burnt Ridge Patrol base for technical events. Several of the Patrollers are EMT's and three are Paramedics (ALS). There is also an experienced registered nurse on duty at the base area patrol building.  

2. Gore Mountain has four on mountain patrol houses and the base patrol building, located in the base area of the mountain. Each of these locations are fully stocked with:  
   a. C-spine immobilization  
   b. Intubation, (Summit & base Patrol) Oral suction  
   c. Oxygen Traction Splints  
   d. AED’s, (Summit, Bear, Base and Ski Bowl patrol)  

3. Gore Patrol also has three Trauma toboggans, (rescuer rides with patient). These toboggans are located at the Summit patrol, top of Gondola, (Bear Patrol), and Burnt Ridge patrol.  

4. Gore Mountain is a Warren County 911 customer.  

Chain of Action:  

In the event, medical attention is needed on the race course.  

1. After a "Stop Start" is called at the start of the race and the course is clear of racers, patrol at the start/Burnt Ridge patrol, will be released to proceed to the injury location.  

2. The patroller leaving the start/Burnt Ridge Patrol will notify by radio to the Burnt Ridge or Base Patrol that he/she is in route to "medical attention needed". The Burnt Ridge patrol will dispatch a replacement patrol to the race start.  

3. The patrol arriving at the scene of the injury, after initial evaluation will call via their radio for additional patrol support as needed. This support will be dispatched from the race start and/or the Burnt Ridge Patrol.  

4. If during the initial injury evaluation, it is decided that hospital transport is needed the patrol at the scene will call via his/her radio to the base first aid and ask them to activate the Johnsburg Emergency squad, (ambulance ).  

5. In the event that Advanced Life Support, (ALS), is needed the patrol at the scene will activate the Johnsburg Emergency Squad ALS unit, via his/her radio to the Gore first aid base.  

6. After the injured party has been cleared from the race arena. Check points will once again clear the race hill, and with jury approval the race will be started again.  

7. All injuries removed from the race hill by patrol will first be transported to the base first aid building, located on the far side of the Gore Mountain base area, just beyond the North Woods Lodge and the Poma lift.  

8. The Johnsburg Emergency Squad transport s patients to the Glens Falls General Hospital, in Glens Falls, NY. It is 36 miles from Gore Mountain to the Hospital.  

The Johnsburg Emergency Squad  
The Johnsburg Emergency Squad has 24 hour 7 day a week ALS and EMT/driver as first duty crew. The station is located 4 miles away from the Gore Mount in base area. Response time to Gore Mountain is about five minutes.  

If the first duty crew is already dispatched, a second crew is made up of volunteers who are on call in the community. If it is an ALS call and there is no ALS available for the second crew, the respondents call the Warren County dispatch for an ALS intercept. In this case another agency will supply an ALS who will meet the ambulance at some spot while in route to the hospital.  

In the event that both First and Second crews are not available, Warren County dispatch will call for mutual aid from the surrounding communities. Depending on the responding ambulance it may take 15-20 minutes for another agency to arrive.
ATTACHMENT D
Safety Plans - continued

Med-Flight (helicopter)

In the event of injury that requires Med-Flight evacuation.
1. The Gore Ski Patrol at the injury location contacts Gore base Patrol via radio and requests helicopter transport.
2. Gore base Patrol makes the call to Warren County dispatch, which in turn activates the helicopter, as well as the Johnsburg Emergency Squad.
3. At this time North Creek Volunteer Fire Company is also activated. It is their job to choose and secure the hospital.
4. Typically there are two possible landing areas. First being the parking lots at Gore Mountain Ski Area and second being Johnsburg Central School. Weather and the ski area crowds are among the considerations that play into the landing site chosen.
5. The Johnsburg Emergency Squad Ambulance is used for transport from the Gore Ski Patrol base to the helicopter site.
6. From time of activation, helicopter flight to Gore Mountain is about 35 minutes.
ATTACHMENT D
Safety Plans - continued

Gore Nordic Center Safety Plan
The following is a general plan for emergency medicine procedures at the cross-country venue.

COMMUNICATION
- Venue manager
- Ski patrol
- Ticket booth
- Maintenance personnel

SKI PATROL CERTIFICATION
A patroller must hold one of the following certifications to provide first aid coverage.
- National Ski Patrol Outdoor Emergency Care Technician (OEC)
- NYS Emergency Medical Technician (EMT)
- NYS Advanced Emergency Medical Technician
- NYS Advanced Emergency Medical Technician Critical Care (AEMT-CC)
- NYS Advanced Emergency Medical Technician Paramedic (AEMT-P)

LOCATION OF SKI PATROL
- The primary ski patrol room is in the Cross Country Yurt located in the Cross Country stadium. There is a ski patroller in the Cross Country Yurt when patrol is on site and the venue is open for skiing. Most problems are reported in the Yurt and staffing the Yurt gives the quickest response time. Other patrollers can be elsewhere at the venue.

PATROL DUTIES
- A patroller’s first priority is to handle medical problems. They must respond immediately to a problem. No other activity or job assignment can interfere with the patroller’s response time.
- Patrol reports unsafe skiing conditions or other hazards to management and helps correct the problem. Other duties may include providing information to the public, ski instructing, etc.

PROCEDURES DURING AN EMERGENCY
- NYS emergency medicine protocols are followed when providing care. There is a copy of NYS basic life support (BLS) and advanced life support (ALS) in the ski patrol room.
- The primary toboggan is kept at the patrol room ready to go. The sled contains a duffel bag. The contents of the duffel bag are; 2 wool blankets, 1 short splint, 1 long splint, 1 quick splint and padding.
- The AED is taken for any suspected cardiac problem and is located in the Yurt.
- The toboggan is towed by a snowmobile. The safest shortest route to the accident scene is taken. Skis are placed in a crossed position above the site to alert skiers to the obstructed trail.
- The return trip is slow as the patient feels every irregularity in the trail.
- Accident reports are filled out for every injury. They are confidential and cannot be released without the patient’s permission. Reports are kept in a secure location. An accident report and a signed refusal form are done for patients refusing treatment.

PROCEDURES FOR NOTIFYING THE AMBULANCE SQUAD
ATTACHMENT D
Safety Plans continued

Ski patrol must see that the patient is transported to the hospital if necessary. Proper notification and communication with the ambulance squad is essential. The following steps are used when calling the ambulance squad:

- Dispatch is notified with a request for an ambulance and the nature of the problem.
- Ski patrol will make a request for ALS or Life Flight if needed.
- The ambulance medic is given a thorough verbal report on the patient. A copy of the accident report is given to the medic if time permits.

RACE EVENTS

- The patroller in charge is at the finish area. Additional patrollers are stationed at various point throughout the course.

INFECTION CONTROL
See infection control plan.
